THE SEWERAGE SCHEME.

that he scheme is, "like the laws of the Medes and Persians," unchangeable. On the contrary, the object is to place the pamphlet before all interested in the matter in order that they may suggest such changes as to them may seem best. The council have in view the greatest good of the greatest number and are annious that their desire should be attained. Nobody except a "mossback" or two, denies that the city needs drainage, and needs it badly. The people favored a severage project last year when they antibrized the last council to prepare plans, and it now only remains for them to consider those laid before them. The city revealue in 1885 was \$131,-333, and it is thought that it will this year reach \$140,000, if not more. With such a financial condition the city is in a good

a realgnation of the ministry. It remained in power, but analy in the sharing assion was defeated by a majority of occurrence of the militia bill. Again, the May donald Doring government were deteated portant gains for the ministry in Upper Canada, but these wars notes than coun-terbalanced by losses in the llower pro-vince. The result in stated by reliable authorities to have heart as far.

On the contrary, the object is to place the pamphlet before all interested in the matter in order that they may suggest such changes as to them may seem best. The council have in view the greatest good of the greatest good of the greatest and are anxious that their desire should be attained. Nobody, except a "mossback" or two, denies that the city needs drainage, and needs it badly. The people favored a sewerage project last year when they authorized the last council to prepare plans, and it now only remains for them to consider those haid before them. The city revenue in 1885 was \$131.

\$33, and it is thought that it will this year reach \$140,000, if not more. With such a financial condition the city is in a good position to begins as much meeded a work. The amount required, \$560,000, could be floated as a loan in the English market, at part, bearing interest at 4 per cent for 50 years. To pay the interest and sinking fund on the amount of the proposed value of the property within the sewer limits. Instead of levying a rate upon the assessed value of the property within the sewer limits. Instead of levying a rate upon the assessed value of the property the committee propose charging a sewer rent, at so much per foot frontage, and for that purpose have divided, the city into sewer districts. Property is classified according to the benefits derived and in the communication with a similar result.

New York, Oct. 27.12 Everybody is peculating as to the disposition which pand, to which she has been able to had a large amount by her frigality and ludge Hilbon's economical management. The real and personal estate, which comprises this colonia fortune is worth \$35,000,000. This is a conservative estimate, Charles J. Clinch, son of Mrs. Stewart's dead brother, cabled a Judge Hilbs.

of Mrs. Stewart's dead brother, cabled to Judge Hillon from Paris yesterday that he would leave for America on the first steamer. Ulinch and his nister, Mrs. Smith, are Mrs. Stewart's nearest, blood gelatives, He has always been a favorite of hers and dependent on her bounty for his support. The will, in all probability, will not be opened till clinch arrives from Paris. Mrs. Stewart's dismonds are valued at \$750,000.

Some of them are so large and valuable that she never ventured to wear them.
