## Flavor of Canned Goods.

Canned fruits and vegetables should be removed from their tins or glasses several hours before using and left in a large flat dish where the air can reach them freely. This is said to do away with a certain peculiar flavor, or rather to restore the natural flavor to the canned goods.

## Crullers.

One cup of milk, two cups of sugar, one tablespoonful of melted lard or butter, a little salt if lard is used, one nutmeg grated, one teaspoonful soda, two teaspoonful cream tartar, or two tablespoonful of vinegar, three cups of flour. Handle as little as possible when mixed and ready to roll out. These are children's crullers, good for school lunches, and warranted non-dyspeptic.
