HEALTH

MEANS FOR CURE OF PHECMATING, AND A SURE PRODUCTER OF WARMTH AND HEALTH &c.

1. Have a lining of say 10 or 12 inches in width, of good close woren firmed or cloth, placed over the centre of the back of tho cost, jacket, &c. , which an ordinarily worn) from the top - flack to its bettem ! suggested, will be therefore hid from view. Have the same done in the ordinary vest

2. Have also, as to the " flannel semmit" of it, and extending some 4 or 8 inches double lining or top piece of flannel pat, making therefore with the arm of shirt three "plies." If no winter or autumer "sommit' is worn, [though worn they should be] the double lining can be put in side of the top of shoulder of the cost or

out the Hnings &c., stated: let auch never be absent. Clothes should be easy rather than tight. The action of the hair or the warmth, than the amouth "pile" of the

or affect so much in plice, as same will do with use piece. Try it. These who object to attend to their clothing, about have a regard to the nearest Patent Drug-store and to the Chrpenter's or the Undertaker's shop! "The upinul chord of the back, from which so many nerves go forth, should protected, and warmth will follow."

5. When sitting on any west with a "back,"—leave no space, if possible, be tween the aitter's back and the back of the for the feet, or likely for the extraordinery wise Providence, since many of the smaller wise Providence, since many of the smaller wise Providence, since many of the smaller animals fred on section resistance we do newtoning up." or the "muffling," or the "buttoning up." or the "muffling," referred to their will be, of course, only greater or additional warmith. In sitting in a room, with or without a fire, the effect of sitting as above will soon be remarkible.

as above will soom be perceptible.

6. Close Lond boots, tight depocially, will some a natural dampness to the feet, if the abort boot easy to the foot, was used, and if the close the feet, not skin tight, greater coops would be given for the every-oration from the feet. " Tight boots and shoes cultivate corns, and cause damp fout.

7. A cure for Corns not known, With a marrow bladed pen-kulfe, hollow and alies out the centre part of the knob where "the corn" is (whether on a toe, between ton, or on the sole of the first heaving the two sides of the knub, uncut. These sides at the knub, uncut. These sides stock of stock of stock of or boot from preming on the centre, where the corn is. Pressure grows corns, and the wind of that pressure kills them, or DRY a state to a sufferer from corns, may not be maphlianthropic. In all my practice-I have never found an Indian have corne, The Indiana do not wear any boots or alten, as we do, only a soft moonesin."-

REMARKS.—The Writer has met with some who in ordinary busines in Winter wear no big coat or heavy fur can with only accumou black hat, who hardly but ton their conts, wearing no mits or gloves, Made to order in the most fashionable man with only open "cobourg" chaped short shart costs in place of long ones—keeping free of colds, rhaumatian, &c. Being often saided as to "how" the Writer keeps so warm in Winter and apperently bealthy, T and also knowing of so many having colds, affloted with paine in the joints, and shou-matters who is induced to make the publieution of the above in this form, as a minute simply for health; It is as a part only, of what lie is of the opinion "prometer health" in a Canadian olimate; and how much more such would suit in a elimate not so they as ourle. The above, it may be added, has been adopted solely from charvestion and a practice of a number of

It is admitted that a considerate and humone physician, one skilled in the use of proper mericines, having a knowledge of diseases which affect and a knowledge of diseases which affect and so often afflict manhind, is an "solution-leged fact," but how many fathers sind especially mothers connot, regulate themselves or their children in the simplest complaints, or give the simplest remedy, of the most simple medicine. Some will send for the services of a Dector ten miles to give a dose of salts and senas! Iguoranės bagets is four for the bedy as a drowning person will grasp at a To Hotel, Tuvern and Sulcon Proprietors. straw, therefore either from a supinches or a dignity of an overcharging of feen on the one hand of those who know, and the firege and medicines so much ex-cun independ them is the market, taking the quality into consideration. Heigeler, Chippews and Windsor Whisloy medicine notices every where thrust he always on hand, and may be had by the lanfor the people; they should rather look rel. For seivate use, Superior XX.
