TORONTO, Jan'y 8th, 1898.
DEAR SIRS, Answering your enquiry as to our opinion of the Jubilee Grates, would say that we have had them in use for over a month, and have found them very satisfactory. We are saving over \$2.00 in our coal bill per day for 10 hours work. With the old grates we could not get steam without using Screened Lump Soft Coal, now we use Soft Coal Screenings, and we are developing about 24 h.p. more than we could with the old grates. You have already taken a memorandum of the tests that were made of the old and the new grates, we have checked over the figures to day and find them quite correct.
Yours truly,
(Sgd.) THE TORONTO RADIATOR MFG. CO., Limited.
Jno. M. Taylor, Sec'y-Mgr.

ELECTRICAL SUPPLIES

We have added a new Department, viz. —————

**Electric..
Novelties**

Safety Flash Lights for Engineers, Night Watchmen and Household use, Early Riser Outfits, Battery Motors, Fan Motors, &c.
