HEALTH AND HOUSEHOLD HINTS.

In washing black articles use some ammonia.

A little vinegar mixed with your stove blacking will make the stove polish more brightly and quickly than without it.

No flowery rhetoric can tell the merit of Hood's Sarsaparilla as well as the cures accomplished by this excellent medicine.

Salt as a tooth powder is as good as anything that can be bought. It keeps the teeth brilliantly white and the gums hard and rosy.

IT HAS NO EQUAL.

Dear Sirs,—I have used your Haggard's Yellow Oil for many years, and have found it unequalled for burns, scalds, cuts, etc.

MARY A. COLLETT, Erin, Ont.

A simple remedy for neuralgia is to apply a poultice of grated horse radish to the temple when the face or head is affected, or to the wrist when the pain is in the arm or shoulder.

NINE LONG YEARS.—Mrs. John McLean writes from Barrie Island, Ont., March 4, 1889, as follows: "I have been a great sufferer from neuralgia for the last nine years, but, being advised to try St. Jacobs Oil, can now heartily endorse it as being a most excellent remedy for this complaint, as I have been greatly benefited by its use."

Minute Pudding: Beat three eggs, add half a cup of milk and five tablespoonfuls of flour, half a teaspoonful of salt; stir together until smooth; have one pint of milk scalding hot over the fire, stir in the batter and cook three minutes, stirring rapidly all the time; serve with a bowl of sweet cream, sweetened with white sugar.

THE TESTIMONIALS Published on behalf of Hood's Sarsaparilla are as reliable and as worthy your confidence, as if they came from your best and most trusted neighbor. They state only the simple facts in regard to what Hood's Sarsaparilla has done, always with truth and reason.

Constipation, and all troubles with the digestive organs and the liver, are cured by Hood's Pills. Unequalled as a dinner pill.

White Fruit Cake: Cream one pound of sugar and one-half pound of butter together; sift in one pound of flour with two teaspoonfuls of baking powder; add one teacupful of chopped citron, one teacupful of seeded raisins, a grated cocoanut and the juice of a lemon; beat well and stir in gently the whites of ten eggs. Pour in a greased mold and bake. When cold, ice with cocoanut icing.

NOT A PARTICLE.

A feature worth noticing in regard to Burdock Blood Bitters is that it does not contain one particle of poisonous matter. It cures and cures quickly without the use of any poisonous ingredient. B. B. is a purely vegetable specific for dyspepsia, constipation, bad blood, headache, biliousness and all diseases of the stomach, liver, bowels and blood.

Cures for Chilblains:—Take a foot-bath containing boiling water, and get a bit of flannel or sponge. Then set your foot on the edge of the bath, and bathe the part afflicted with the chilblains with boiling water till you can stand your feet in it altogether. Then put both of your feet in and bathe them for a little. Then take them out and dry. You should have already some coarse dry salt on a plate. Spread a paper or cloth under your feet, and rub the chilblains with the salt as firmly as ever you can. Do it as the boiling water opens up the pores, and the salt well rubbed into them keeps the blood from freezing.

It was Mr. Emerson who said "the first wealth is health," and it was a wiser than the modern philosopher who said that "the blood is the life." The system, like the clock, runs down. It needs winding up. The blood gets poor and scores of diseases result. It needs a tonic to enrich it.

A certain wise doctor, after years of patient study discovered a medicine which purified the blood, gave tone to the system, and made men—tired, nervous, brain-wasting men—feel like new. He called it his "Golden Medical Discovery." It has been sold for years, sold by the millions of bottles, and people found such satisfaction in it that Dr. Pierce, who discovered it, now feels warranted in selling it under a positive guarantee of its doing good in all cases.

Perhaps it's the medicine for you. Yours would not be the first case of scrofula or salt-rheum, skin disease, or lung disease it has cured when nothing else would. The trial's worth making, and costs nothing. Money refunded if it don't do you good.

In the winter season quantities of eggs are frozen, and it is generally considered that such eggs are worth but little, and are much injured for cooking purposes. This, however, is not strictly true, for, if properly treated, they are but little injured. Instead of (as was the custom) putting them into cold water, to take out the frost, and waiting several hours for the thawing to take place, and then finding the yolks in such a solid state that they can be used with no satisfaction in cooking, try the following method: Place them in boiling water, and leave them there from five to twenty minutes, according to the amount of frost in them, when, upon their being opened, the yolks will be found in such a state that they can be used for almost any culinary purpose.
