

**LAKEHURST SANITARIUM,  
OAKVILLE, ONT.**

THE attention of the Medical Profession is respectfully drawn to the uniform success attending the treatment of Alcoholism and Morphine Addiction at Oakville. A prominent medical man in Toronto has, within the last few weeks, paid a glowing tribute to its efficacy in the case of one of his patients who had long since lost susceptibility to the ordinary form of treatment employed and whose life seemed to hang in the balance. Many come to Oakville in the last stages of the malady, yet of these but two cases in four years have proved to be beyond reach of our treatment—a record well deserving thoughtful consideration of the Profession.

**Why Is It**

that our competitors became so interested in pushing preparations of Cascara after **Stearns' Cascara Aromatic—the Original** came into the field in '89?

**Why Is It**

that Cod Liver Oil preparations of all kinds took a spurt after **Stearns' Wine of Cod Liver Oil** was introduced?

**Why Is It**

that Organic Iron preparations were exploited after **Haemoferrum (Stearns')** was put upon the market?

**Why Is It**

that since we introduced our **Kola** preparations everyone is now "booming" Kola?

There is but one answer to all the above, which is that **STEARNS'** preparations were successful and made the market, which others hope to gain the benefit of.

Samples of any or all of the above preparations, as well as complete literature thereon, will be mailed to any physician on request.
