**BUTTER.**—Prices have ruled very steady the past week. The supply has not been in excess of the demand, and fine fresh makes have sold well. Choice rolls in boxes and baskets sold at 12½c to 13c per lb., and medium at 10c to 11c. The export demand is slow. Sales of old tub have been made at 4c to 8c per lb., the former price for culls. Eggs are plentiful, and prices easier at 12c to 12½c per dozen in case lots. Cheese is rather firmer this week, there being a limited jobbing trade only at 8c to 8½c for fine qualities of new.

**BOOTS AND SHOES.**—Business is reported quiet and prices unchanged. Travellers are out with fall samples. The orders are fairly numerous, but they are, with few exceptions, for small lots. Factories are generally busy, and a good autumn trade is expected.

**COAL OIL.**—There is a moderate trade, and prices rule steady. Canadian sells at 15½c per gallon for five to ten barrel lots and at 16c for single barrels. Carbon safety is easier at 18c. American oils steady, with sales of prime at 23c, and water white at 25c. Crude in Petrolia is higher at 82c to 83c, and refined at 11½c per gallon in car lots.

**DRUGS.**—There has been a fair trade the past week, and prices ruled steady. In some cases prices are higher, owing to the increased duty on alcohol. Turpentine is higher at 60c a gallon. Alcohol \$3.75 per barrel. Castor oil 9c to 11c; opium \$3.75 to \$3.90; glycerine, 17c to 20c; quinine, \$1.00 to \$1.05; morphia, \$2.25 to \$2.35; bicarbonate of potash, 18c; potassium iodide, \$3.90 to \$4; tartaric acid, 55c to 60c; cream of tartar, 38c to 40c; linseed, raw, 65c; do, boiled, 66c to 67c; best Dutch madder, 12c to 14c; cochineal, 40c to 45c.

**FLOUR AND GRAIN.**—The flour trade has been dull this week, and prices somewhat easier. Buyers and sellers are apart, and transactions in car lots are nil. Holders are asking \$4 for superior extra and \$3.85 for extra, and although there is some enquiry these prices appear to be too high for buyers. Spring extras are quoted at \$3.75, and patents at \$4.25 to \$4.50. The stock in store is 3,125 barrels, as against 3,000 last week, and 2,300 at the corresponding period of last year. Wheat is dull and depressed, owing to lower markets in Britain; prices here are too high for export, but, being comparatively low, holders seem willing to wait. There were sales of a few car lots of No. 2 fall at 88c, which is the nominal price at the close. No. 1 spring is nominal at 89c, and No. 2 at 87c. On Monday 86c was bid for 10,000 bushels of the latter grade. On Tuesday a car of red winter sold at 88c, and a car of No. 2 goose at 74c. The closing is firmer. The stock in store is 225,515 bushels, as compared with 143,013 bush. at the corresponding period of last year and 167,595 bush. in 1883. Barley is dull and prices purely nominal. The stock in store is 11,047 bush. as compared with 11,723 bush. last week and 2,548 bushels at the corresponding period of last year. Oats quiet, with sales of car lots up till Tuesday at 35c on track. Since then they have offered at 34½c, with 34c bid. Stock in store 21,403 bush. as compared with 21,563 bush. last week, and 7,461 bushels at the corresponding period of last year. Peas are quiet and prices nominal at 66c to 67c for No. 2. Stock in store 12,076 bush. as compared with 1,213 bush. at the corresponding period of last year and 2,359 in 1883. Rye is purely nominal, with no stocks in store. Canadian Corn is nominally easier at 55. Oatmeal quiet and prices unchanged at \$4.15 to \$4.20 for car lots; small lots sell at \$4.50. Bran is steady, with sales a few days ago at \$10.75 and closing at \$10.50 bid, with sellers at \$11.25.

**GROCERIES.**—Trade has been fair this week, with a few changes in quotations. Sugars are not as active as they should be; granulated sells at 7½c. Fruits are easier; London layers \$2.50 to \$2.75; black baskets, \$3.25 to \$3.50; loose muscatel, \$2.25 to \$2.40; new sultanas, 6c to 6½c. Prunes, Bosnia, 5c to 6½c; do, French, 4c to 4½c. Tens quiet and steady. Tobaccos are 8c higher, owing to increased duty; myrtle navy, 58c; solanes, 43c to 51c.

**HIDES, ETC.**—Hides are a little firmer, with prices nominal at 8½c to 9c for cured, stocks of which are limited. Green bring 8½c for steers and 8c for cows. Calfskins are unchanged; green are quoted at 11c to 13c, and cured at 14c to 15c. Pelts are in good demand and firmer, with purchasers at 35c. Lambskins are also firmer at 40c. Tallow is quiet; rough is quoted at 3½c and rendered at 6½c.
