We will print your name and address in our MAIL LIST, which we send to PUBLISHERS all over the United States and Canada. In return you will receive for a long time to come, HUNDREDS of sample copies of nice Newspapers, Story Papers, Magazines, Books, Novels, etc. FREE—if you send ONE DIME for our Charming Story Paper ONE YEAR on trial.

You will be perfectly surprised at the large quantity of newspapers that will be sent you and nice newspapers too. We claim that at the present time we have one of the largest, best and most interesting story papers published. Our paper contains each month some of the most exciting and interesting stories of Love, Romance, Detective and Adventure that money can buy.

Every day people write us—and ask, how can you furnish that large paper for the small sum you ask—we answer that having been in the publishing business for a long time and being very successful, should tell people that we know what we are doing. It is only by having a long and profitable experience in the publishing business that we are enabled to give so much for so small an amount of money. And if we did not have the capital to work on could not do it. If we were just commencing in the business it would be impossible for us to do so much, but by having the experience we know just how to go at everything in this line of business.

Our profit comes mostly from advertising, and if it was not for the advertising—why it would simply be impossible for us to do business.

Our paper has from 4 to 5 pages each issue—5 long columns of interesting reading on each page. We are aiming to get 100,000 new subscribers—after we procure them we shall probably not want to take any more subscriptions for less than 50c. a year. Even 50c. a year would be dirt cheap for the paper.

To show the confidence that we have in the paper, we would say that we would almost be willing to give a person a ten dollar bill if they didn't like the paper after they had received a copy of it.

When we receive your subscription we immediately send you a copy of the paper by return mail, so as to let you see the paper at once—and to let you know that we received your subscription.

We do business honestly—treat everybody well—and find that it pays us to do so. You need have no fear in sending us—we will use you well—and when you wish to deal with us again you will have no fear of being cheated and in the long run we shall probably secure one of the largest subscription lists ever known.

Now remember that if you send your name and address and a silver DIME that we will send your name to publishers all over the United States and Canada—and also send you our large and interesting story paper one year on trial.

Wrap the money up in an old envelope when you put it in your letter and it will reach us safely.

This advertisement is honest and straightforward in every word it contains. We invite you to deal with us and you will find everything as represented.

Would you be so kind as to show this to four or five of your friends and get them to send with you—if you can't, would like to have you get ten of your friends to send with you—sending us a one dollar bill and for your slight trouble, we will send you the paper and print your name free, besides sending you a nice little present by return mail. Now just try this and see how easy it will be for you to get ten of your friends to send with you. But whether you send in a club or simply your own name—we want to hear from you just the same.

Now bear in mind that we do just as we agree every time. By being honest with people that deal with us we have succeeded in getting one of the largest mail trades ever secured by a reliable publisher.

By sending just what our patrons expect—something that will always give entire satisfaction we shall prosper in the future, the same as we have prospered in the past. Address

ALLEN W. WARD, Publisher, B 38 Ave., N. Y.
