

# 100 LESSONS IN ENGLISH COMPOSITION.

Modern. Practical.  
Thorough. Methodical.

A New Book, by a Practical Teacher, for use in Composition Classes in the Public and High Schools of Canada.

This book contains 100 lessons, each lesson consisting of four exercises, and each exercise being composed on the average of eight questions or examples. There are thus within its covers about 3,200 questions for class work. The exercises are properly graded for use in the Public Schools and in the junior forms of the High Schools.

### ONE HUNDRED LESSONS IN COMPOSITION

Is having a rapid sale in both Canada and the United States. In many schools the book has been adopted as a text, and the testimony of such schools is that it is unsurpassed as a time-saver, rendering unnecessary any preparation of exercises by the teacher or any dictation of work to the class.

For *Variety, Interest, Practicality and Method* the book is unsurpassed. Its author, **W. H. HUSTON, M.A.**, Principal of Woodstock College (lately First English Master Toronto Collegiate Institute), and editor of the English Column of the *EDUCATIONAL JOURNAL*, is widely known as a teacher of experience.

## "PUBLIC SCHOOL TEMPERANCE."

The attention of teachers is respectfully called to this new work, designed for use in the public schools. It is placed on the programme of studies under the new regulations, and is authorized by the Minister. It will be used in three forms. The object of the book is to impart to our youth information concerning the properties and effects of alcohol, with a view to impressing them with the danger and the needlessness of its use.

The author of the work is the celebrated Dr. Richardson, of England; and this book, though somewhat less bulky, being printed in smaller type, contains the whole of the matter of the English edition, slightly rearranged as to some of the chapters, to suit the requirements of our public school work. It is, however, but half the price of the English edition.

The subject is treated in a strictly scientific manner, the celebrated author, than whom there is no better authority on this subject, using the researches of a lifetime in setting forth the facts of which the book discourses. At the same time the style is exceedingly simple; the lessons are short and accompanied by appropriate questions, and the language is adapted to the comprehension of all who may be required to use the book. Price 25 cents, at all bookstores.
