sant to us that we have it in our power to put a me-dicine in your reach, namely Morse's Indian Root Pill's manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the Schmidt, roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption with-in. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing of phlegm, and other humors from the lungs by copious spitting. The third is a Diurctic, which gives case and double strength to the kidneys thus encouraged, they draw large amounts of impu-rity from the blood, which is then thrown out bourtifully by the urinary or water passage, and which could not have been discharged in any other way .--The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood ; the coarser particles of impurity which canvola., not pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels. From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healtby; consequently all sickness and pain is driven from the system, for from they cannot remain when the body becomes so nure and clear. The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the affiicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr Morse's PHLES have added to themselves victory up-on victory, by restoring millions of the sick to bloomgilt, ing health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and been racked or tormented with siekness, pain and anguish, and whose feeble frames, have been scorch-Popular Ancient History, by Do., do., 75 cts. ed by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's dare, Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised plates, in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is gade, the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease-that deadly enemy-will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.
