GAGE'S NATURAL SLANT WRITING BOOKS.

A New and Modern Series
NEITHER AN EXTREME SLANT
NOR A VERTICAL SCRIPT. . . .

SYSTEM NOW RECOMMENDED BY BEST ENGLISH AND AMERICAN TEACHERS.

THESE NATURAL SLANT COPY BOOKS have the simplicity and the full, round, open style of the best vertical forms, but avoid many of the extremes that have characterized vertical writing. This medial slope has recently been largely recommended by English and American teachers, after careful tests, extending over many months.
