*The Secretary of State for External Affairs to the Ambassador of the
United States of America to Canada*

DEPARTMENT OF EXTERNAL AFFAIRS

No. 98

The Secretary of State for External Affairs presents his compliments to the Ambassador of the United States of America and has the honour to refer to the Ambassador's Note No. 307 of June 14 concerning the continued utilization of the facilities at Fort Churchill, Manitoba, developed for the International Geophysical Year, for certain joint upper atmosphere research activities and cold weather testing for field army support equipment.

The terms and conditions to govern the use of these facilities proposed in the Ambassador's Note and the Annex to that Note are now acceptable to the Canadian Government. The Canadian Government, therefore, concurs in the Ambassador's proposal that his Note and this reply shall constitute an agreement between the Canadian and United States Governments, effective from the date of this reply.
