

September 14th, 1927.

Honourable James A. Robb,  
Minister of Finance,  
Ottawa, Canada.

Dear Mr. Minister:-

The ceremony of laying the corner-stone of our new Pulp and Paper building will take place on the 13th of October next, at 11.30 A.M. This structure is, as you know, being erected by the Canadian Pulp and Paper Association and will be devoted to the work of our Department of Industrial and Cellulose Chemistry and to the uses of the Research Division of the Association.

It would give great pleasure, both to the Association and to ourselves, if you would undertake the duty of laying this corner-stone. We consider the occasion to be an important one, marking a very definite advance in the relationship of the University and Canadian industry. The ceremony will be brief and we shall be delighted if you can accept this invitation.

I enclose copy of proposed programme.

Yours faithfully,

Principal.
