The Comparative New Testament has been published by Porter & Coates. In parallel columns on each page are given the old and new versions of the Testament, divided also as far as practicable into comparative verses, so that it is almost impossible for the slightest new word to escape the notice of either the ordinary reader or the analytical student. It is decidedly the best edition yet published of the most interest-exciting literary production of the day. No more convenient form for comparison could be devised either for economizing time or labor. Another feature is the foot-notes, and there is also given in an appendix the various words and expressions preferred by the American members of the Revising Commission. The work is handsomely printed on excellent paper with clear, legible type. It contains nearly 700 pages.

THE COUNT OF MONTE CRISTO. By ALEXANDRE DUMAS. Complete in one volume, with two illustrations by George G. White. 12mo. Cloth, extra, black and gold, \$1.25.

THE THREE GUARDSMEN. By ALEXANDRE DUMAS. Complete in one volume, with two illustrations by George G. White. 12mo. Cloth, extra, black and gold, \$1.25.

There is a magic influence in his pen, a magnetic attraction in his descriptions, a fertility in his literary resources which are characteristic of Dumas alone, and the seal of the master of light literature is set upon all his works. Even when not strictly historical, his romances give an insight into the habits and modes of thought and action of the people of the time described, which are not offered in any other author's productions.
