

Name.	Answer.
Rogers, Thos.	Last year, 10th November to 15th March. No loss or hardship whatever. Climate very healthy indeed; can go three good square meals every time.
Downie, John.	Ploughing stops 5th to 7th November. Winter doesn't begin, till, say, from 1st to 10th December. No hardship compared with the settlers of Ontario. Climate perfectly healthy; clear, dry atmosphere.
Anderson, George.	About 15th November to generally the 1st April. No hardship or loss. My wife and family suffered in Ontario, but not here. Climate healthy.
Young, Jno. M. L.	I can hardly say that winter always begins as early as November, but it generally ends between March 15th and April 1st. No hardship or loss. I drove a yoke of oxen 140 miles in six successive days, starting February 1st, about the coldest time we had, and did not suffer. I consider the climate very healthy, far ahead of Ontario.
Doyle, W. A.	About 20th to 30th November to about last of March. No hardship or loss whatever. I have frequently in travelling slept in the snow rolled up in a buffalo robe and have never been frost-bitten. The climate is certainly healthy, except for consumptives in late stages; for them the winter is too severe.
Oliver, Thomas.	About the middle of November. I like the winter, as it is always dry and a good deal of fine weather. Climate very healthy.
Sheppard, Joseph.	Last year 10th November, and opened for seeding on the 25th March, if I was ready. This is a good climate to live in. It is healthy because the air is pure and the nights cold.
Stevenson, T. W.	Last year 9th November. No serious hardship or loss, but frost-bites now and then. Climate extremely healthy.
Blackwell, James.	Latter end of November till generally the end of March. No loss or hardship. Climate very healthy.
McGregor, D.	10th November till April 1st. A little loss both years. Climate healthy.
Powers, C. F.	About the middle of November to about 1st of March. No hardship or loss at all. All stock winter well. Climate very healthy. My wife came here weighing 130 lbs. and sickly, now she weighs 184 lbs. and has good health.
Rutherford, J.	About 1st November till 1st week in April. No hardship or loss. Stock do well, if half cared for. Climate the most healthy in the world.
Carter, Thomas.	About 20th November till about 15th March. No hardship whatever. My fowls also do well in winter. I have a few black Spanish fowls, and my Brahmas also do well. I know the climate to be very healthy.
Bobier, Thomas.	About 1st of November to end of March. The snow being dry a person never has wet or damp feet during winter. The climate is most decidedly healthy, that is one of the reasons I am in this country.
McKittrick, Wm.	15th November to 1st April. I can say from experience this is a healthy climate.
Cameron, G. A.	10th or 20th of November. No hardship or loss. Climate is healthy; I never heard any one deny it.
Bailey, Z.	Middle of November till April. No hardship or loss. We have all been very healthy; consider climate very healthy.
Black, G. R.	Middle of November and breaks up in the beginning of April. No hardship or loss whatever, and I have roughed it as much as any of the settlers. Climate very healthy.
McLennan, Thos.	About 15th November to 1st April. A little hardship; had to sleep out 15 or 16 nights, but no loss whatever. Climate healthy, could not be more so.
Farmer, W. A.	5th Nov. to 15th March. No hardship or loss. Climate very healthy.
