PRAYED FOR RAIN UNTIL GIANTS GOT AHEAD

De Wolf Hopper, Who Had to Play a Matinee, Then Let Out a War Whoop That Nearly Made the Audience Jump From Their Seats, and Some Probably Wanted to Know Why.

By De Wolf Hopper—Copyrighted.
NEW YORK, Oct. 8.—Matty old?
Bats! If he's like this now, what will
be when he grows up?
Brother fans, I am simply bubbling
with delicious joy. It's mighty hard
to sit down and write in a cold, judi-
cial, practical way when one's innards
are practically all of the federal
arms and artillery. The battle
lasted four days with heavy
losses to both sides.

A lot of money shifted hands in
Philadelphia today. I can see a good
many Philadelphia fans who owned
motor cars this morning going to the
game tomorrow in the pay-as-you-
come class. The attendance was about
half what it was in New York the
first game. It will be larger at next
game, for by that time it will be gen-
erally known that the world series is
on and that their team is among
those present.

Dear old Larry McLean made good
today. He can reach the widest pitch
ever delivered by an erratic pitcher.
What a sky-scaper he is! He makes
the Woolworth Building look like a
flat car.

He Wasn't There.
Kind readers, I didn't see today's
game. I couldn't. No boy ever pray-
ed so hard for it to rain on circus day
as I prayed for it to rain today. I
wanted the game to be postponed so
I wouldn't miss it. The only real
mean thing the Shuberts ever did to
me was to ring in this mid-week mat-
inee. I had bulletins brought me every
two seconds, but they were like the
sight of steaming buttercakes on the
window griddle of a Les Infantes res-
taurant to a starving man outside.

In consequence my performance was
as uneven as a Brooklyn side street
pavement. Old Man Tartarus' pres-
entment was as the case of a duplex
apartment compared to my position.
The fragmentary bulletins transport-

Executions in Mexico

LAREDO, Texas, Oct. 8.—
(Can. Press.)—Federal Gen-
eral Alvarez and his staff and
125 federal soldiers were exe-
cuted yesterday at Torreon,
Mexico, under orders of Gen.
Francisco Villa of the Con-
stitutionalist forces, accord-
ing to information from re-
liable sources brought here
today. With the City of Tor-
reon the rebels captured prac-
tically all of the federal
arms and artillery. The battle
lasted four days with heavy
losses to both sides.

Mrs. Ward, resides in British Colum-
bia.

TO STAMP OUT TUBERCULOSIS

Alberta Legislature Will Memorialize Federal Min- ister of Agriculture Re- garding Diseased Cattle.

EDMONTON, Oct. 8.—(Can. Press.)—
The Alberta legislature this after-
noon passed a resolution authorizing
the government to memorialize the
federal minister of agriculture to take
steps towards the eradication of tuber-
culosis in cattle.
"There have been many complaints,"
said Hon. Duncan Marshall, in presen-
ting the resolution, "and up to the pres-
ent no action has been taken to pre-
vent the spread of the disease. Far
ther than supplying the farmers who
make requests with tuberculin."

BAKER SCORING HIS THIRTEENTH HOME RUN.

In the fifth inning of Tuesday's game Collins walked to first on the first pass of the game. Then Baker went to bat and lined out the longest clout seen on the field, scoring Collins, and making his 13th home run of the season. The picture shows Baker scoring the run. Mistake Made in Handling Empty on United States Revenue Cutter Results Disastrously.

Rooted From The Floor.
The addition of this paragraph
as an amendment to the resolutions
was proposed at the afternoon ses-
sion by former Congressman Joseph
H. O'Neill of Boston. Mr. O'Neill
was one of several speakers whose
remarks had been audibly booed
from the floor during the forenoon.
He and former Congressman Thos.
C. MacRae of Arkansas, together
with H. A. Moehlepan of Brewster,
Wis., president of the Wisconsin
Bankers' Association, had rallied to
the defence of the administration,
which had been attacked by most
of the previous speakers.
Acting President Arthur Rey-

report had criticized the currency
bill, and former Congressman E. J.

CHAS. W. GEDDES GETS DIVORCE

Mining Engineer Who is Well Known in Toronto, Grant- ed a Decree at Reno.

(Special to The Toronto World.)
RENO, Nev., Oct. 8.—Charles Wal-
ter Geddes, mining engineer of note,
whose home for years has been in
New York City, was granted a decree
of divorce today upon his uncontro-
verted testimony that his wife, Agnes,
persistently refused to give up her
New York City home for district
mining camps, where his profession
demanded his presence.
Geddes' work has carried him to
remote parts of Mexico, Central
America and Canada, as well as to
the big mining districts in the Uni-
ted States. His wife has refused to
accompany him, and has remained in
New York since their marriage. She
visited him for six weeks while he
was in Mexico and lived for a short
time at Goldfield. For the last twenty
years he has engaged in mining en-
gineering activity. In the spring of
1907 he came to Goldfield to make a
report on the Goldfield Consolidated
property. He remained eighteen
months and spent the next three
years in Mexico and Central America.
In 1911 Geddes went to Canada—Por-
cupine, Cobalt and Toronto—return-
ing to New York, where he remained
until May, 1912, when he left for Ne-
vada, his wife saying she would not
leave New York.

CONGRESS WILL BE ASKED TO REPEAL REBATE CLAUSE

Relates to Goods Going Into United States in American- Owned Ships—Foreign Countries Have Made Strong Protests to Depart- ment Against the Objec- tionable Feature.

WASHINGTON, Oct. 8.—(Can.
Press.)—If the consent of Represen-
tative Underwood and other house
leaders can be secured tomorrow a
joint resolution will be passed this
congress within a few days repealing
that portion of the new tariff law au-
thorizing a 5 per cent tariff rebate
on goods brought to this country in
American-owned ships.
The decision to ask for the repeal
of the clause was reached by admin-
istration officials today after experts
of the state and treasury departments
had decided that to carry out its
exact terms would mean a reduction
of 5 per cent in tariff on goods from

The Deadly Crossing

UTICA, N. Y., Oct. 8.—
(Can. Press.)—Dr. C. F. Wood,
president of the Village of
West Winfield, and H. D.
Wheeler, a prominent resi-
dent of that place, were to-
night killed by a Delaware
Lackawanna and Western
train at Clayville. They
were in Dr. Wood's automobile
and going home from the city
when they drove in front of
a milk train. The machine
was demolished and both men
were instantly killed.

AVIATION CORPS FOR U. S. ARMY

Volunteer Battalion Has Been Formed to Become a Part of the National Guard.

NEW YORK, Oct. 8.—Through the
activities of the Aero Club of America,
a volunteer military aviation battalion
has been formed to become a part of
the National Guard. Application
to that end, endorsed by some of the
highest military authorities, has been made
to Washington and thru official chan-
nels to Albany.
Up to the present time aviation in
the regular army has been con-
ducted as a part of the signal corps,
but under plans that have been pro-
posed, the aviation corps will be or-
ganized on an independent basis and
the proposed state battalion conforms
to the new plan.

SISTER OR NIECE?

VANCOUVER, B.C., Oct. 8.—
(Can. Press.)—A dispute between
heirs as to whether Mrs. Caroline
Amelis Waller of Vancouver, is the
sister or the niece of the late Ald.
Wallace McRae of North Van-
couver, is to be settled by the ap-
pointment of a commission to take
evidence at the old home in Ontario
of the McRae family. Mrs. Waller
was recently appointed administra-
trix of the estate on the representa-
tion that she was a sister of the
deceased.

CHANGES COMING IN THE CABINET?

Le Devoir of Montreal Says Hon. Mr. Coderre and Hon. W. B. Nantel Intend to Resign.

MONTREAL, Que., Oct. 8.—(Spe-
cial.)—Le Devoir has a story to the
effect that Conservative workers in
Quebec have been instructed to pre-
pare for an election and that the Hon.
Mr. Coderre, secretary of state, would
resign his position in favor of Mr. L.
T. Mareschal, K. C. of this city.
No reason for the resignation is
given, but it is further stated that Mr.
Coderre will step down, that Hoche-
la-ga may be thrown open for a contest
if Chateaugay returns the govern-
ment candidate, so that a further proof
can be given the country of the senti-
ment of Quebec towards the naval pol-
icy of the government. Le Devoir also
says that Mr. W. B. Nantel will re-
sign his position in the cabinet to ac-
cept an important government position,
but Mr. Nantel this evening refused
either to deny or confirm the report.

DENTIST IS SUEED BY ANGRY HUSBAND

CHICAGO, Oct. 8.—To the majority
of people a visit to a dentist hasn't
a single agreeable or attractive fea-
ture, but to Mrs. Dora E. Levy it was
the acme of pleasure, according to
Harry Levy, her husband, who today
brought suit against Dr. M. B. Levy,
a Wabash avenue dentist, for \$10,000
damages for alienating the affections
of Mrs. Levy. According to the com-
plaint, it took Dr. Levy three
months constant treatment to get
Mrs. Levy's teeth in proper condition,
and in that time, Levy says, the den-
tist literally ground himself into the
affections of the former's wife thru
her teeth.

LASH AGREEMENT OF TELEGRAM NOT BASIS

For Real Agreement Which Corporation Counsel Was Instructed to Prepare for Purchase of Railway and Electric Companies, Says Mayor Hocken in Reply to The Telegram.

Mayor Hocken stated to The World
yesterday that the memorandum of
July 21, described by The Telegram
as the "Lash agreement," was not the
basis of the real agreement which the
corporation counsel had been in-
structed to prepare. The basis of the
actual agreement is a statement
made on September 20 by the experts
engaged by the city council, of what
the city should secure by the propos-
ed purchase.
"The Telegram has not published
the complete statement," declared the
mayor. "Some of the points in my
letter to Sir Wm. Mackenzie were left
out."
"Before drawing up the agreement I
first consulted with Arnold and
Moyle in order to get expert advice
as to whether I had sufficient in the
agreement to ensure my getting what
I wanted regarding the cleaning up
of the franchise in the city. The ex-
perts suggested certain amendments
to the agreement. Their amendments
were made to the most vital docu-
ments in the agreement. The agree-
ment has been accepted by Sir Wm.
Mackenzie and his suggestion is for
the city to prepare the agreement as
it was drafted by the experts.
My letter to Sir William Mackenzie,
on July 21, involves the absolute clean-
up of all franchises for the trans-
mission and distribution of electricity
in Toronto, as it is today, with conditions
of acquisition as they are today and
for future extensions coming in, so
that the statement in The Telegram
is not only partial but it does not in
any sense outline the final agreement,
which is to be drafted."
When asked if the statement which
appeared in The Telegram was cor-
rect, the mayor said the extracts quot-
ed were correct. The reason he gave
for consulting Arnold and Moyle was
because they have studied and know
the situation here thoroughly and had
spent their entire lives drafting such
agreements as this.
"The Telegram published just enough
of the statement to mislead themselves.
We started out to get everything or
nothing, and that is the reason we
consulted Sir William Mackenzie and
the solicitors, in order to get expert
advice on what to do."
