

KRITHIA SOON IN HANDS OF ALLIES

Exhaustion of Turkish Defenders is Becoming Quite Evident.

TROUBLES MULTIPLY

Enemy Unable to Get Reinforcements and Supplies Required.

PARIS, June 30.—A Havas Agency despatch from Athens says the exhaustion of the Turks facing the French forces on the Gallipoli peninsula is evident and leads to the belief that the Turkish position at Krithia will soon be taken by assault. In a recent advance made by the French, it is added, 6,000 Turks were found dead in the trenches on the front taken.

Recent fighting in the Dardanelles has resulted in an appreciable advance by the allies. The despatch declares the French troops under the inspiring leadership of General Gouraud, commander of the French expeditionary force at the Dardanelles, particularly distinguishing themselves.

Growing Difficulties. Facing the French, the Athens correspondent continues, "the Turkish front does not exceed three and one-quarter miles, which artillery sweeps continually. The Turks are meeting with growing difficulties in bringing up reinforcements and supplies, while the allies have every facility for supplying their needs."

It is reported from a reliable source that the German officers have left Jaffa in Palestine, and an important port in a neutral state for Tripoli to lead the natives there, against the Italians. The Turks, the correspondent reports, are said to have gained to their cause a "senior" chief, who promises a general rising of the Arabs in Tripoli.

GERMAN GOVERNMENT TO SEIZE GRAIN CROP

Measure Taken With Last Year's Output to Be Repeated.

BERLIN, via London, June 30.—The German Government has decided to adopt the same measures for the conservation of this year's crop of grain as were employed last year, expediting all grain and fixing maximum prices for its sale. The measure will be in the hands of the communes, however, and the maximum prices will not be fixed until it is seen exactly how the harvest turns out. The same measures will apply to fodder.

POLITICAL SENSATION IS SPRUNG IN JAPAN

TOKIO, June 30.—A searching judicial investigation has been ordered following the arrest of two members of the house of representatives on charges of political corruption. The arrests have caused a sensation throughout Japan. The press declares the men accused are suspected of accepting bribes to desert the Selyuk or Conservative party and vote for the government's bill providing for increasing the size of the army by the addition of two divisions.

GERMAN PAPERS NOT SO BOASTFUL

Realization That Outlook is Not Promising Shown by Comments.

SUBMARINES FAIL

Naval Expert Admits Little Impression Made on British Fleet.

NEW YORK, June 30.—A cable to The Herald from London says: "The newspapers reaching London from Germany are particularly interesting just now. For the first time since the war began the old boastful tone seems to have subsided, and while in many quarters there are significant allusions to peace prospects—significant because they are made with official sanction—there is a general realization that the naval and military outlook is not so promising for the fatherland as appeared a few months ago."

In the course of a lecture on the sea power of Germany's enemies, which was delivered by Herr Gehrmann at Berlin a few days ago, the following statement was made: "British Navy's Supremacy."

"Today the strength of the English fleet in ships of the line and cruisers is hardly less as compared with ours than at the beginning of the war, for they possess 85 of the first-class battleships of the second-class, in spite of the losses which they have incurred, which amount to 16 and 13 per cent, respectively. The reason for this is that England retained all the ships which she was building for foreign states. Our submarines still have a great deal to do."

This, of course, is only half the truth. Since the war ships have been completed in English yards, and the strength of the British navy is greater today than it was a year ago. It is becoming clear to the German critics that their submarines are not likely to conquer the sea for their country.

PAID HIGH PRICE FOR BINOCULARS

Sir George Foster Refused Favorable Offer, Says M. C. Ellis.

STIFF PRICE LATER

Government Lost Twenty-Five Thousand Dollars by Ignoring Option.

OTTAWA, June 30.—M. C. Ellis of Toronto, testifying at the war contracts enquiry today, said the refusal of Sir George E. Foster to accept a favorable offer of binoculars cost the government \$25,000.

Mr. Ellis stated that his firm was employed by Gen. Hughes to buy binoculars for the troops. Baugh & Lomb would not sell direct; he sent out agents and gathered glasses all over Canada and the United States. As a result the Rochester optical firm came down and offered an option of 1200 glasses at very low rates. "This offer," Mr. Ellis said, "was placed before Sir George E. Foster, who was the member of the commission of the government for war supplies looking after the purchasing of glasses. Sir George refused the offer. A short time later the government was compelled to buy the same glasses through agents of the same firm and pay them at an advance of not less than \$10 a glass. The option had expired."

Got \$5000 Commission. Mr. Ellis testified that his commission for purchasing and securing binoculars was \$5000. For this, Ellis & Co. had placed their organization in Toronto and New York at the disposal of this work. He himself took charge, and nearly the whole time their high-salaried employees were engaged to secure the best prices for the government. He had advanced \$15,000 to secure cash discounts. The work took five months, and in the busiest period of the jewelry season. The correspondence was exceptionally heavy. His agents in the United States were employed in this work and paid out of his commission. Also, he had to arrange for the change of cases from black to brown.

Col. Hurdman testified that officers were charged \$40 for glasses. Mr. Ellis, once more brought back, stated that a fair price to be paid for glasses that cost \$17 in New York would be about \$30. Birkett's glasses averaged \$35. To this should be added expenses and 25 per cent, making the price to the government \$45 instead of \$35.

LICENSES REFUSED TO LONDON HOTELS

Brunswick, Queen's Park and Windsor Are Ordered to Sell Out.

ONTARIO BOARD ACTS

Two Roadhouses Near Kingston Were Cut Off Yesterday.

The Ontario License Commission disposed of several issues at a conference yesterday. The four London hotels, Bank, Brunswick, Queen's Park and Windsor, were refused an extension of license till the end of the year, and the hotels in Fairbank and Concord were granted license extension until the end of the license year. The board cut off two roadhouse hotels at Portsmouth, near Kingston, and in the case of J. S. Bryceland, Wolfe Island, issued merely a beer and tavern license.

The London hotels were ordered to dispose of their holdings within three months and a short while ago they appeared before the license commission for a further extension. The members believed the situation warranted personal investigation and last week three members went up and looked over the situation.

License transfers announced yesterday were W. F. Dulmage, Harrison, granted a tavern license taking effect today. Thomas Potten, Concord, tavern license; Fred Newton, Fairbank, tavern license; John O'Meara, New Toronto, tavern license, and Henry Bellefeuille, Keewatin, license for the Bay City Hotel.

Sunday World

Incidents of the war are vividly portrayed, and the multitude of pictures tell the story of happenings in the war zone better than columns of reading. A half-page drawing by The Sunday World's special artist depicts the tense moment just before the second battle of Ypres, when the Canadian division quietly fell in perfect order, while the roads were literally swarmed with refugees.

PREMIER BORDEN MAY SECURE WAR ORDERS

Canada Seems to Have Been Neglected, He Says in New York.

NEW YORK, June 30.—"I have not been called to England by the war office," Sir Robert Borden said just before sailing on the Adriatic, "but am going of my own volition for full conferences with the heads of departments. I expect to hold several conferences with the heads of the war department over the placing of orders thru J. P. Morgan & Co. in America. These orders have nearly all been placed in the United States and Canada seemed to have been neglected."

DOUBLE GUARD ORDERED FOR PUBLIC BUILDINGS

In the belief that pro-German sympathizers may select Dominion Day in which to do some damage to government buildings, the Ontario Government authorities have practically doubled the number of guards over the public buildings for the holiday. Nobody at the parliament buildings could say just how seriously this action could be taken, but it was admitted the suggestion of additional precautions came from Ottawa.
