

7. In the classes of Blood Horses and Pure Bred Cattle, full Pedigrees, properly certified, must accompany the entry. No animals will be allowed to compete as pure bred, unless they possess regular Stud or Herd Book Pedigrees, and satisfactory evidence be produced that they are directly descended from such stock.

The English, American, or Canadian Stud Books, and the English, American, Canadian and New Brunswick Herd Books, shall be the standard authority or evidence of purity of blood.

8. Exhibitors of Pure Bred Stock are required to register the Pedigree of the Animal in the Provincial Herd Book, if not already entered in one of the Herd Books, previous to Exhibition, a certificate of which must accompany the entry, and in all cases where this is not done, other satisfactory evidence must be furnished of the purity of said stock. Regard will be had to blood as established by pedigree, symmetry, size, and general characteristics, of the several breeds or races of animals, and the Judges will make due allowance for age and other circumstances, which may seem to them proper.

9. Exhibitors must come prepared to have their horses and cattle led into the ring, when directed to do so by the Superintendent of the grounds, precisely at the time specified; all animals not so brought forward, will be ruled out of competition.

10. Exhibitors of Pure Bred Sheep, Pigs and Poultry, are required to file certificates at the time of entry, clearly showing to the Judges, that the animals specified therein are from reliable breeders and exhibitors of such stock in Europe or America, or descended from stock (if Provincial Bred) accompanied with pedigree of the same; the names of the breeders to be inserted, also that of the exhibitor.

11. In the Live Stock Classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule is observed no premium will be awarded or paid.

12. In all other Classes, entries must be made in the name of the producers or manufacturers only.

13. Manufacturers are requested to furnish with their article exhibited, the quantity they can produce or supply, and the price, for the information of the Judges, whose decision will be based on the combination of quality, style, and price, and the adaptation of the article to the purpose or purposes for which it is intended. No person shall be allowed to enter for exhibition, more than one specimen in any Section of a Class, unless the additional article be of a distinct named variety or pattern from the first. This rule is not to apply to animals, but to all kinds of grain, vegetable products, fruit, manufactured articles, etc., in which each additional specimen would necessarily be precisely similar to the first.

#### ENTRIES IN THE NON-ENUMERATED LIST.

14. Every article must be entered under some one of the headings in the list when possible; but if any article is of a distinct character from anything specified in the list; it may then be entered in the *non-enumerated list*. No article, however, shall be admissible as a non-

enumerated article.
