Million Favor Two Thousand Dollar Gratuity.

The returned men's organization until lately known as the Returned Men's Gratuity League, are invading Earlscourt and making plans to hold a big public meeting here to put their views before the veterans in this district. The provisionally elected officers were in Earlscourt yesterday and have taken an office on Dufferin street, where returned Earlscourt soldiers in favor of the gratuity of \$2,000 can be enrolled.

To The World President Harry Flynn said: "We know for a feat the G. A.

C. was willing to abide by the decision of the mass. He declared that in the event of the other veteran organizations casting their charters, name and constitution into the ditch ization, the Grand Army of Canada would go with them. He pointed out of the soldiers at heart, which was apparent by the constitution.

It seemed, however, that from the first his address was useless and had no effect on the people, for they almost unanimously agreed with President Flynn that a new constitution.

can be enrolled.

To The World President Harry Flynn said: "We know for a fact that 98 per cent. of Earlscourt and district returned men are in favor of the \$2,000 gratuity and at least 30 per cent. of the members of the Earlscourt G. W. V. A. are with us." We have a following of 250,000 in Canada, added Mr. Flynn, and these quarter of a million votes are going to help some at the coming general election, which cannot be delayed in view of the coming discussion at Ottawa on the soldiers' rights. At the meeting in Queen's Park on Saturday it was the unanimous wish of the returned soldiers that Mayor Church should accept the position of treasurer pro temoof the newlyformed organization.

The officers elected provisionally in the profiteer and the government, the profiteer and the G.W. V. A. the process of t

If Ceprade Flyns has anything to say to me, I invite, him to my office and to say it to my face, as have nothing to fear, as I am for the returned soldier and his dependent all the time, and for the welfare of the widow and orphan, who have lost their all in the great war.

Referring to the non-appearance of a representative from the G. W. V. A., Mr. Flynn stated that if they had the right spirit they would throw into the ditch all they had as an association. "When they say they will not have anything to do with the Gratuity League they will have nothing to do with the returned man generally," he

Proposing that the new organization draw up a new constitution, Mr. Flynn suggested that a clause be inserted to the effect that no matter could be decided upon without first obtaining a two-thirds vote of all the members. This, he declared,, would allow the members to exercise their vote according to their views and would eliminate the necessity of leaving such matter to an executive which did not truly represent the views of the mem-bers in most cases.

PRECAUTIONS TAKEN TO COMBAT "FLU"

Toronto is in a far better position to combat a recurrence of the "flu" than it was a year ago when the disease first made its appearance, according to the statement of F. N. Stapleford, general secretary of the Neighborhood Workers' Association, on Saturday. Plans have been perfected which can be put into operation on short notice so that in the event that Toronto is seriously endangered there will be no delay in coping with the situation.

Last year 27 relief depots for the distribution of liquid food, bedding and other necessities were opened and a total of 1,876 families supplied. The total number of articles of clothing, bedding, masks, pneumonia jackets and other goods distributed was 6,098. There were people engaged in the relief work. A campaign to raise funds will shortly be inaugurated.
