Stock to be Advanced to 13 cents after To-day, 27th Inst.

Owing to the heavy sales of this stock at the present price—10 cents—it has been deemed and visable by the officers of the Company to advance the price of treasury to 13 cents after To-day Only 20,000 shares will be sold at 13 cents, when a further advance will be ordered.

The Rossland Miner, Feb. 11th, says: "We do not hear a great deal about the Cariboo Mine in Camp Mc-Kinney up in Rossland. About the only time it fluds a mention in our columns is when it declares a dividend of \$16,000, and this happens at regular intervals of about a month."

The Minnehaha is the extension of the Cariboo. Compare its prospects with other properties before investing. (I) It is the extension of a dividend-paying gold mine; (2) it has a shaft down 43 feet on a quartz ledge four feet wide; (3) the quartz is the good old-fashioned "sugar quartz," similar to that of the Cariboo (B.C.), Homestake (Dak.) and Silvana (Ont.); (4) this quartz gives average assays of \$20 to \$260 of gold to the ton; (5) this property is Crown granted; (6) the promoters' stock is in an iron-clad pool until the treasury is all sold or the mine on a paying basis; (7) the property is not a prospect, but

Stock in this Company advances March 5th and may then be withdrawn from the market. The Company has passed the experimental point and ranks to-day among the dividend payers. It controls and owns many valuable properties. It owns a paying mine, and many of its claims indicate immense dividend-paying powers—a recent shipment of four tons from one shipping mine netted \$360.01. The earning capacity of the Rossland Gold Mining, Development and Investment Company is exceptionally large, and dividends greatly in excess of any already earned are anticipated in the near future.

Subject to allotment, subscriptions will be received at 15 cents for blocks of not less than 100. The demand is active and increasing daily.
