Gore Park Extension

Gore Park Extension.

Work on the Gore Park extension will be commenced to-morrow. A ninc-inch curbing will be placed around the spot, which will be sodded and flower beds arranged on it. There will be no walks through this part of the park.

It is proposed to have the hack stand immediately south of it, but this will cause trouble, as the roadway at this spot is not any too wide for the teaming done now. The Hendrie cariage office and several wholesale houses are situated on the south of it. Many of the merchants are in favor of having the cabbies placed on the south side of the Gore proper. The present walk, which is seldom used, could be removed at small cost. Some of the hackmen would rather stand there, as they would be nearer the middle of the city.

It is now proposed to summon another warship to distribute more arms among the friendlies and to import additional friendlies from Tutulea It is also suggested that troops might be obtained from New Zealand or Sydney, New South Wales

If a surficient quantity of arms could be obtained, about two thousand friendlies could be used against the Mataafans.

But they are not brave and have not shown fighting qualities, excepting those with Gaunt's brigade, and that force may not accomplish much.

Admiral Kautz, Captain White of the Philadelphia and the American men and officers generally have earned golden opinions, as have Captains Stuart and Sturdee of the British navy.

They are doing everything possible, and everyone recognizes that better men could not be handling the situation.

The Samoans say Mataafa, on three occasions, had resolved to surrender, but the German consul, Herr Rose, advised him not to do so and he now says he will never give in, but will fight to the death.

The ambuscade may possibly have been on a German plantation, as nearly all the property around Apia is German. The Government regrets extremely the occurrence, for which, however, it is in no way to blame. Such hostile encounters must naturally be expected when the Anglo-American action in crowning Tanu has made nine-tenths of the Samoans their enemies, it shows strongly how necessary is the prompt departure of the commission with adequately full instructions.

Miss Anglin as a Leroine.

Miss Margaret Anglin, formerly of Toronto, is now playing in Charles Coghlan's new romantic play, "Citizen Pierre," at the Fifth-avenue Theatre, New York. Of her work Alan Dale says: "Miss Margaret Anglin, as the heroine, who was persistently deploring the fate of the poor queen, was pensive and wistful with some success."

A magnificent rehearsal of the "Redemption" was held in Massey Hall last night. The New York soloists expressed themselves as delighted with the training and orchestra the chorus has received.
