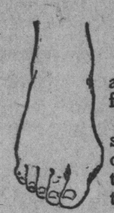
BUNION LAST



"Six into four you can't!"

A foot and a bunion, into a shoe big enough for the foot alone, won't go.

So you've had to get a shoe too wide for the rest of the foot, and too wide for the other foot, in order to take in the bunion.

This meant leather-slack, wrinkling, and clumsiness — when it did'nt mean punishment.

But now you may have the bunion last Slater Shoe.

If you are bunion cursed, you may at least have comfort, and wear a size smaller shoe, by selecting this Goodyear welted bunion shape of—

Finance Minister, Herr Von Miquel, Has Been Kicked Out by the Emperor.

OTHER CHANGES ARE LOOKED FOR.

Agreement on the Canal Bill Out of the Question, Therefore Change is Made.

Berlin, May 3.—The Chancellor, Count Von Buelow, has notified the respective Presidents that a joint sitting of the Diet for to-night has been summoned for the purpose of hearing a message from the Throne.

The correspondent of the Associated Press learns authoritatively that Dr. Von Miquel, the Prussian Minister of Finance, has resigned, and that his resignation has been accepted.

Dr. Von Miquel's resignation was enforced. Baron Von Wilmowski, Chief of the Chancellerie, requested Dr. Von Miquel to resign in the Emperor's name, and Dr. Von Posadowsky-Wehner, Secretary of State for the Interior, is expected to succeed him. Gen. Von Pobdielski succeeds Baron Von Hammerstein as Minister of Agriculture, who leaves office because of deafness and general debility. Herr Brefeld, Minister of Commerce, is also said to be going involuntarily.

Herr Thielen, Minister of Public Works, appears to be safe.

Count Von Buelow will read the message from the Emperor at the joint sitting of the Diet to-night.

The press widely discusses the situation this morning. The Liberal papers criticize the weakness of the Government in merely adjourning, instead of deciding on a dissolution and new elections.

A Royal Message.

The Prussian Diet met jointly at 6.30 p.m., and the Chancellor read a royal message declaring the Diet closed. Count Von Buelow then said:

"As the Government is convinced, in view of the course taken in committee, that an agreement on the canal bill is at present out of the question, it does not wish to offer any aid in a continuance of fruitless discussions."

The Chancellor prefaced his remarks by saying the canals projected would be advantageous both to the east and west, to industry and to agriculture. It had been intended to promote a general exchange for merchandise, hence the Government was unwilling to accept a bill from which essential components had been cut.

Count Von Buelow, who, like all his colleagues, was in evening dress, appeared more nervous than usual.

The sitting lasted but 10 minutes, and ended with three cheers for the Emperor.

All the Ministers, including Dr. Von Miquel, were present.

Kaiser Reviewed Troops.

Berlin, May 3.—Emperor William this morning reviewed the troops at the Tempelhofer Feld. His Majesty leaves to-night for Schlitz, Hesse-Nassau.

GRIFFITHS' MENTHOL LINIMENT

FOR RHEUMATISM

If you are anxious to get rid of these Rheumatic pains now and for all time there is only one way to do it. The quickest way to reach the blood is through the skin. Nature put these million of pores in your body so that poisons could come out and soothing healing remedies could go in. The only thing that goes in where the roots of Rheumatism are located is Griffiths' Menthol Liniment. First open the pores by bathing the painful parts with warm water and good soap, wipe dry, then rub Griffiths' Liniment right in to where all the pain is. You will be surprised how quickly the pain, swelling and inflammation will all disappear. Rheumatism is inflammation of the joints and muscles, which causes them to swell and pain. Griffiths' Menthol Liniment isn't a cure all, but it does cure inflammation, that is why it will cure all bodily aches and pains. It is a clean, pleasant, vegetable, white oil Liniment that rubs right in. It's the only absolutely non-poisonous Liniment made. Sold everywhere 25 and 75 cents.

Mr. J. Woodward of Massey-Harris Co., Toronto, writes: "I was laid up for several days with inflammatory rheumatism, pains being almost unbearable. I got relief as soon as Griffiths Menthol Liniment was applied, and one 75 cent bottle rubbed on at intervals during two days entirely cured me.

Public Amusements

"The Princess Chic."

The date for the re-appearance here at the Grand of Marguerita Sylva in "The Princess Chic" has been fixed for three nights, commencing Thursday, May 9. This will no doubt be welcome news to lovers of comic opera, a form of entertainment of which there seems to be a scarcity. When Miss Sylva entered the comic opera field this season there was evidence that Alice Nielsen would be closely pressed for honors. However that may be, these two comic opera stars, instead of being bitter rivals, are the most devoted friends. They exchange letters and even read each other's newspaper criticisms with little spasms of delight and mutual congratulations. As rivals in beauty, the fact that one is petite and blonde and the other statuesque and dark precludes any danger of jealousy in that direction, and so America's only comic opera stars, Nielsen and Sylva, go each their ways rejoicing. Miss Sylva's manager is using the very tactics that have established Miss Nielsen. The company supporting Miss Sylva is a large and talented one, and carries two car-loads of scenery, costumes, properties, draperies, furniture and other accessories to give as complete a presentation of the opera as they give in the largest cities. The advance sale begins at the Grand on Monday morning.

Mr. Willard's Engagement.

The date of the engagement here of Mr. E. S. Willard is May 13, a week from Monday, and the box office sale will open on Thursday next. Among the new plays to be presented by Mr. Willard will be "David Garrick" and "Tom Pinch."

"A Secret Warrant" Next Week.

Mr. Mantell will open his second week at the Toronto Opera House on Monday night with "A Secret Warrant." W. A. Tremayne, the author, depicts the inside life of the court under the regency of the Duc d' Orleans, in 1720. Our Canadian author has fitted the actor with a role which will equal any of the dashing adventurers of romance, and Robert B. Mantell, as Louis de Beaumont, is a typical dare-devil. France, under the Bourbons, was victimized by many corrupt practices; one of the most dreaded instruments was the Lettre de Cachet, which might easily be obtained by a court favorite. In many cases the Secret Warrant would be issued in blank; a courtesan in favor with the King might fill in a name and secure the arrest of a most worthy person, who would be forthwith incarcerated in the Bastile, and in many cases never again heard of. From this circumstance W. A. Tremayne has evolved a powerful romance. The usual matinees will be given on Tuesday, Thursday and Saturday.

At Shea's Next Week.

Mr. Shea has arranged another interesting bill for his theatre next week. Homer Lind, formerly with the Metropolitan Grand Opera Company, and his company, will present "Gringoire, the Street Singer." There are five characters in the operetta, the scene of which is laid in Tours, about 1460. All the people of the company have excellent singing voices. Mr. Lind takes the part of Gringoire, in which his powerful baritone voice is heard to good advantage. Mr. Lind has been in vaudeville only a few weeks, but he has met with tremendous success in the cities where he has appeared. "The Spring of Youth," a new sketch by Will M. Cressy, will be offered by Foy and Clark. It is a novelty unlike anything on the stage. Foy drinks the waters of various springs, each having a decidedly different and startling effect on him. His antics while under the influence of the waters keep the audience in roars of laughter. The Five Orlacs will appear in one of the most popular comedy acrobatic acts. Barney Reynolds has many friends in Toronto, who will be glad of the opportunity to hear him in vaudeville. The Harmony Four will offer an original comedy creation, with musical interruptions, entitled, "At the Way Station." Swiggett and Clark will present a sketch introducing Miss Swiggett's imitation of Sis Hopkins. Belle Williams, a coon shouter, will be another attraction.

At the Island.

The following program will be rendered by the band of the 48th Highlanders at Hanlan's Point Sunday afternoon, between 3 and 5 o'clock (weather permitting):

March militaire—"Viscount Nelson"..... Lehle

Overture—"Flotte Bursche"..... Suppe

Trombone solo—"Queen of the Earth"..... Pinsuti

(Musician Harry Howe.)

Descriptive piece—"Die Wachparade Komnt"..... Ellenberg

Vocal solo—Selected.....

(Male choir of the band.)

Reminiscences of Rossini....Fred Godfrey

(Introducing finale of overture "William Tell.")

Intermezzo—"Salome"..... Loraine

Piccolo solo—"Dance des Satyrs"..... Le Thiere

(Musician D. Dineen.)

Grand National Fantasia—"Albion"..... Baltens

(Introducing English, Scotch and Irish airs.)

Fantasia militaire—"Die Liebgarde Miserer Kaiserin"..... Lehnhardt

God Save the King.

Sousa Completing a Great Tour.

John Philip Sousa has a palatable way, all his own, of appearing at the most unexpected times and offering one or more of his ever popular concerts to a public that seems at all times to be waiting and ready for them. And the great big public invariably gives evidence of taking pleasure in coquetting with the unique and elegant Sousa if given half a chance, and lavishes its attentions and favors much as the ardent swain who courts the object of his choice at every opportune hour. Sousa, like Barkis, is "willin'" and ever exercises his art coyly to maintain the entente cordiale, and so the happy alliance continues. It must be granted that the famous director fairly deserves his good fortune in winning the public's favor, for he began long ago with odds against him, and fought his way into prime favor by force of direct purpose, unfaltering fidelity and genuine merit. He offered a good article of entertainment and never adulterated its quality. The public likes the brand and adopted it, and very soon a Sousa band concert became as saleable an article as the amusement market afforded, and was snapped up whenever offered. There are no quotations on change, to be sure, nevertheless "on 'change" is invariably on hand when the doors are opened, it has been noticed, and the big-hearted and jolly amusement-loving public along with it.

Sousa is now on the homestretch of his fifth transcontinental and eighteenth semi-annual tour of America, and has nearly covered the continent. The tour has been wonderfully successful in every way, as figures prove. Sousa himself is in splendid form, and the band also. The special soloists are Blanche Duffield, soprano; Bertha Bucklin, violiniste. The band soloists include Arthur Pryor, trombone; Herbert L. Clarke, cornet; Walter B. Rogers, cornet; Frank Helle fugelhorn, and Simone Mantia, euphonium. The band will appear here in concert at Massey Hall on Saturday afternoon and evening, May 18.

"The Brownies."

In "The Brownies in Fairyland" at Massey Music Hall on Friday and Saturday evenings and Saturday afternoon, of the coming week, there will be many new features. Elaborate preparations are being made for the unique spectacle, in which a cast of nearly 200 will appear. The stage of Massey Music Hall will seem like a page from one of the famous Brownie books, when the Dude, Policeman, Chinaman, Indian and other comical little characters are seen upon it, after tumbling from a big balloon. Among other features will be the cake walk of the Brownies, in fairyland, a novelty that has made an immense hit in the late performance of the piece in New York and Chicago.

China Hall Auction Sale.

Mr. Chas. M. Henderson will sell, commencing on Thursday, the 9th, the elegant and costly stock of china, fine cut glassware and other art goods, at the China Hall, No. 130 Yonge-street (near Adelaide). The public will no doubt avail themselves of purchasing from this select stock. The reputation enjoyed by this old established firm will insure a very large attendance.

GRAND TRUNK RAILWAY

Exhibit at Pan-American Exposition, Buffalo, N. Y.

The handsome collection of large photographs and steel engravings, depicting the points of interest on the Grand Trunk Railway System, and which are on exhibition at the Pan-American Exposition, will be a source of great interest to the visitors at this great Exposition. The space in which this exhibit is located covers 640 feet of floor space and over 4000 feet of wall space in the Machinery and Transportation Building, directly to the right on entering the main entrance from the Mall on the north side. About one hundred and fifty pictures form the collection, which are tastefully arranged in tiers to allow visitors close inspection. Among the collection are included the sixty pictures which were awarded the gold medal of the International Exposition held at Paris last year. The pictures are grouped in districts, displaying in natural lifelikeness the beauties of the Canadian summer resorts, which are becoming so popular with the ever increasing brotherhood of tourists, and incude the Muskoka Lakes region, the Lake of Bays region, the Kawartha Lakes district, and the 30,000 islands of the Georgian Bay. Scenes in the White Mountains of Maine and New Hampshire are also shown, as well as views on the Atlantic Coast. Mounted speckled trout from the "Highlands of Ontario" intersperse the scenic views, and these alone will whet the appetites of the keenest fishermen for the sport which awaits the angler in the northern districts. Across the upper portion of the front wall space a large painting of the Grand Trunk Victoria Jubilee Bridge across the St. Lawrence River at Montreal, 43 feet long and 16 feet high, is placed, showing the bridge and the mighty St. Lawrence in the foreground, and the historic metropolis of Canada nestling at the foot of Mount Royal as a background. The painting portrays a sunset scene, and is very realistic.

The group of hunting pictures which have created such a furore wherever shown and which are probably the best secured by any railway in the world, are also on view, and will receive great attention from the visitors. 67

MORGAN NOT IN IT.

New York, May 3.—Official denials were made both in this city and Boston yesterday regarding the report that the United States Steel Corporation was conducting negotiations with the Dominion Iron and Steel Company for the absorption of the latter company. "We have no desire to sell the control of our company," said H. F. Dimock of this city, who is a director in both the Dominion Iron and Steel Company and the Dominion Coal Company, an allied corporation. "As a matter of fact, we have not been approached with a proposition to sell or combine with the United States Steel Corporation."

Pan-American.

Ottawa, May 3.—A deputation from the Pan-American waited on Lord Minto today, and asked him to be present at the official opening, May 20, and President's Day, June 13. Lord Minto declined the former date, but promised to keep the latter open. Sir Wilfrid was given a similar invitation.

Favor English Bill.

Ottawa, May 3.—The Senate Committee appointed to consider the bill to amend the Patents Act have not finished their labors. The English bill is favored.

STILL FORGING AHEAD

Canadian Order of Foresters.

Nearly 900 Applications Received in March---1901 Will be the Banner Year of the Society.

Never in the history of the Order were the prospects of the Society brighter than they are to-day. From all parts of the Dominion come cheering reports of progress, showing that our Canadian people appreciate a home fraternal Society, and that they will give such an institution, if established on correct lines and properly managed, very liberal patronage.

The quarterly audit of the accounts of the Society, which has just been completed, shows that the receipts in the insurance fund for the first three months of the year were $89,540.98, and in the sick and funeral benefit the receipts were nearly $20,000.

This Society has twenty-five courts or lodges in Toronto and is making large additions to the membership in almost all of these branches.

The following table gives the standing of the society since its organization in 1879, as to number of members, claims paid, increase in reserve, and total reserve, and is well worth the careful perusal of all desiring life insurance. The growth of the society has not been of a mushroom character, but has been steady and substantial:

Year.	Members.	Claims Paid.	Increase in Reserve.	Total Reserve.
1880	850	$ 5,338 50	$ 888 50	$ 888 50
1881	1,710	5,000 00	2,158 50	3,047 00

1893	16,235	74,059 83	61,576 04	252,784 47
1894	18,641	88,009 00	70,463 09	323,247 56
1895	20,791	105,647 10	70,297 02	393 544 58
1896	22,651	104,647 10	82,976 73	476,521 31
1896, 7 mos	24,092	69,146 15	48,633 12	525,170 13
1897	27,165	132,352 53	67,587 08	592,76 6 51
1898	30,789	143,937 05	108,407 24	701,113 75
1899	35,857	138,035 81	136,087 91	837,201 66
1900	40,142	195,868 99	144,767 66	982,029 32

As will be noticed in 1900, over $144,000 was carried to the reserve fund, after paying over $195,000 out in death claims.

The order issues policies for $500, $1,000, $1,500 and $2,000, the latter sum being the limit of insurance carried on any life.

The premiums, payable monthly in advance, are as follows:

Between the ages of	On $500	On $1,000	On $1,500	On $2,000
18 to 25	.35	.60	.90	$1.20
25 to 30	.40	.65	.98	1.30
30 to 35	.45	.70	1.05	1.40
35 to 40	.50	.85	1.28	1.70
40 to 45	.55	$1.00	1.50	2.00

After paying upwards of one million and three-quarters in death claims, the Order had a surplus in the insurance department of over $1,015,000 at the end of March last, all of which is invested in gilt-edged securities in Canada, or is on deposit in the best monetary institutions of the country. Not a dollar of the moneys collected for the insurance fund is or has been used for the expense of management. The society's business being confined to Canada the death rate is very low. The death rate per 1,000 of membership in 1898 was 4.56, for 1899, 4.43, and in 1900, 4.88, and since the organization of the society, the average death rate has been only 4.92.

The Sick and Funeral Benefit Branch, although an optional feature, is a very popular department and upwards of 22,000 of the members of the society are participating in this feature of the order. The benefits are $3.00 per week for the first two weeks of illness, and $5.00 per week for the following ten weeks, altogether $56.00 during any one year, besides a funeral benefit of $30.00. In case of continued illness $56 is paid each year in sick benefits. The fees, payable monthly in advance, are as follows:

Between 18 and 25 years . . . 25 cents
" 25 and 30 years . . . 30 cents
" 30 and 35 years . . . 35 cents
" 35 and 40 years . . . 40 cents
" 40 and 45 years . . . 45 cents

During the year 1900 over $63,000 were paid out in sick and funeral benefits.

All physically and morally qualified males, between the ages of 18 and 45 years, who are not debarred on account of occupation, are accepted for membership.

For further particulars enquire of any of the officers or members of the Order, or address,

PHYSICIANS PROTEST.

Medical Council's Action Re Non-Payment of $2 Per Head the Cause of It.

A deputation of physicians saw Hon. E. J. Davis yesterday with a protest against the action of the Medical Council suspending them for non-payment of the $2 per capita tax. This suspension disqualifies them from legally practising their profession. They say that the Medical Council only needs an office, and went into a real estate speculation at a loss of $3000 a year for the medical building, which is "a club for Toronto doctors." They call the $2 a dog tax and want the Government to defend and make a test case of the first physician prosecuted by the Medical Council for practising without paying the fee. Dr. Sangster headed the deputation. Seven hundred refused at first to pay, but 100 have paid under protest.

Cable Broken.

Halifax, N.S., May 3.—A break in one of the Western Union Company's transatlantic cables has occurred about 600 miles from the Grand Banks, and the cable steamship Minia has sailed to effect repairs.

The water is nearly three miles deep where the broken cable lies. It will take the Minia nearly six hours to haul the broken cable to the surface. The extension of the Halifax and Bermudas Cable Company to Jamaica, near its southern end, lies in water four miles deep.

SUGAR TAX MUST REMAIN.

Sir Michael Hicks-Beach Declined to Consider Withdrawal—Coal Miners Agitated.

London, May 3.—Replying to a deputation from the Workmen's and Sugar Tax Association to-day, the Chancellor of the Exchequer, Sir Michael Hicks-Beach, declined to consider the withdrawal of the sugar tax. He said it was the most important part of the present budget and he did not believe that workingmen who had approved of the war in South Africa objected to pay something towards the cost.

The Miners Held Meetings.

There were scores of meetings to-day in the coal districts and there was evidence of the intense interest in the tax question felt by both miners and owners. But the results of the conferences show the miners are by no means so unanimous as expected in supporting a general strike. Chairman Briggs of the Joint Conciliation Board of the Yorkshire Miners has issued a manifesto to the men, to the effect that, altho he is strongly opposed to the impost, he considers it most unwise to take such a grave step as stopping the collieries. Several miners' councils have issued similar advice to the men.

Costly Imported Cows.

Considerable interest attaches to the arrival in Toronto to-day of some twenty-one head of dairy cattle from across the sea, the very finest of their respective breeds. They were imported by Mr. W. E. H. Massey, and will form a valuable acquisition to his dairy herds at Dentonia Park Farm. These handsome milk producers, splendid specimens of the Jersey, Guernsey and Ayrshire breeds, valued at $8000, should do much in the general interest of improved dairy cattle breeding in this province.

Death Rather Than Go to School.

New York, May 3.—Angry because she was not permitted to work for her living, but was forced by her mother to go to school, Della Schreggs, 16 years old, committed suicide at her home, No. 33 Cherry-street, to-day, by hanging herself to a closet door.

Railway Committee.

Ottawa, May 3.—The North Shore & Manitoulin Railway bill came up in committee this morning. Dr. Sproule urged that some condition re branch lines be imposed. The clause relating to branches was struck out. The bill was then adopted. The Algoma Central bill and the Ontario, Hudson Bay & Western Railway bill were reported.

Belleville Commissioners.

Ottawa, May 3.—E. G. Sills and T. S. Carman have been made harbor commissioners for Belleville.

Albani and the .... Heintzman & Co. Piano

The repeated successes of the Albani concert tour bring reports of repeated successes of the Heintzman & Co. New Scale Grand Piano that is being used exclusively by the great Queen of Song in all her concerts. Albani has this to say of these Pianos:

—"The tone of the Heintzman & Co. Piano
—is delightful, the elasticity of action marvellous, every note ringing out in clear,
—pearly and limpid quality. It excels any
—piano I have ever used."

Patti's Famous Accompanist And the Heintzman & Co. Piano

The world's greatest singers and the world's greatest pianists are united in their endorsements of the Heintzman & Co. New Scale Grand Piano. Mr. Frank T. Watkis, accompanist to Madame Adelina Patti, says:

—"I have the keenest pleasure in according
—my appreciation of your beautiful pianos.
—Having a wide experience of all the best
—makers of pianos in the world, I feel I can
—confidently say that your pianos are of the
—very first rank. It is a real downright
—luxury to have such an instrument to play
—upon."

Repeating the language of Mr. Watkis, is it not the part of wisdom that anyone in buying a Piano should possess themselves of the "real downright luxury" that comes from one of these great instruments?

APARTMENT HOUSES.

Capitalists are starting in anew to consider the question of apartment houses in the city, and it is likely that some new propositions will be under way before long. The World has always maintained that, if some enterprising capitalists bought a block on some central street like Bond-street, and put up apartment houses, with suites of three to five rooms, they would find ready tenants from a class of people who want to live near the centre of the city, and who do not wish to pay street car fares. Then there are quite a number of people from all parts of the province who send children here to be educated and who would like to be able to live in the city with them eight months in the year in apartment houses.

The mother of Ira D. Sankey died yesterday at Newcastle, Pa., aged 90.
