

Legs and Arms Were Paralyzed

Was Helpless and Miserable—
Doctors Gave Him Up and
Thought He Could Only Live
For a Few Months—Remark-
able Cure by

Dr. Chase's Nerve Food.

MR. DEAL.

Mr. James A. Deal, Bridgewater, N.S., writes: "About a year ago I suffered a stroke of paralysis, which left me in a very bad state of health. To add to my troubles, last winter I took a gripe, which completely exhausted my nervous system. I could scarcely walk or talk, my legs and arms were partially paralyzed, my blood did not circulate properly, and I could not do any work. In fact, I was so bad that the doctors gave me up and thought I could not live through the summer."

"I began the use of Dr. Chase's Nerve Food, and persevered in the treatment, until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to rest well, my circulation is normal and my general health good. My appetite is first-class, and I have gained considerably in flesh."

NOTE YOUR WEIGHT.

By noting your increase in weight while using Dr. Chase's Nerve Food you can prove that new, firm flesh and tissue is being added to the body.

The Age of Hurry

There is a persistent effort to be on time—An unremitting strain on the human machine—
The result is collapse of the nervous system—Nervous prostration, paralysis or insanity.

THIS is the age of hurry. More and more people are flocking to the towns and cities, where offices and factories, stores and workshops make life like clockwork. The machinery must be started at the blow of the whistle, the salespeople must be ready at the stroke of the gong, and the home must be run at the same swift pace to keep time with the busy workers. Business must be attended to, let the strain on the human system be what it may.

The Daily Grind.

There is the hurry at breakfast, the hurry to work, the hurry to accomplish the daily stint, the hurry at lunch, the hurry home, the hurry to meet evening engagements.

There is no time for rest or sleep, no time for the nerves to renew their lost vitality, no time for the body to rebuild its wasted tissues, no time for digestion or assimilation of food, the spirit of hurry is everywhere and few can escape its influence.

Nerves Always At Highest Tension.

As a result of this constant strain you find yourself irritable at slightest provocation and wonder why it is so. Did you ever realize before that you are almost always making an effort to be on time—that you are almost always in a hurry?

In the youth of our grandfathers paralysis, locomotor ataxia and nervous prostration—diseases so common to-day—were rarely heard of, because the nervous system was not always kept at highest tension as it is to-day.

Left Arm Got Numb—Doctors
Said Nervous Trouble Caus-
ed it—Cannot Find Strong
Enough Words in Recom-
mendation of

Dr. Chase's Nerve Food.

MISS PILLAR.

Miss Carrie Pillar, Russell, Ont., writes: "I do not hesitate to recommend Dr. Chase's Nerve Food, and would not begrudge fifty dollars for the good it has done me. For six years I suffered with severe pains in my right shoulder and numbness in my right arm. No tongue can tell what I suffered. The doctors said the trouble was from the nerves, but their medicines proved of no avail, so I resolved to try Dr. Chase's Nerve Food. After using six boxes of this medicine my health was so greatly improved that I got more, and I used in all twenty-eight boxes, with the result that I am completely cured."

"Before using Dr. Chase's Nerve Food I could not sew or do such work for five minutes without suffering agony in my shoulder. I do not feel that I can use strong enough words in recommending this medicine to all who suffer as I did. I shall be happy to reply to any who wish to write me personally."

A SYSTEM BUILDER.

Nearly everybody needs a restorative at this time of year to build up the system after the debilitating influence of the winter. There is no treatment so satisfactory as Dr. Chase's Nerve Food.

FIGHT FOR THE FRANCHISE CITIZENS MORE HOPEFUL

Company Said to Be Making Frantic
Efforts to Split Vote
on Bylaw.

Kingsford, Feb. 26.—(Special).—The success that has so far been achieved by the city in its fight with the companies controlling the two big franchises has had the effect of making the citizens more hopeful than ever. The decision of the council to let the people decide without any further delay whether or not they desire to take over the light, heat and power plant, looked upon as a decided victory, particularly in that it has been the wish of the company and their supporters to delay as long as possible the presentation of the bylaw to the people with the hope that they might ultimately succeed in persuading them that it was not to the people's interests to acquire the plant and thus retain the city council in being. The activity of the city council in being widely commented upon in regard to this matter, and the suspicion that were at first entertained that the company possessed strong support from that source is dying out.

There are those in the city, however, who are well informed in what is going on, who declare that interest in the street railway fight is only beginning. But never was the general public so

concerned about any public issue as it is over this, was the remark of a prominent citizen to The World. As has been stated a contingent of business men will accompany the deputations of the council to Toronto, and the legislative members will then be told in no uncertain terms the strength of feeling that surrounds the outcome.

Want to Sell Road.
It is strongly intimated that the main desire of the street railway company is to dispose of the road to the city, their alleged reason for wanting to do so being given that it has ceased to be a source of revenue, and that the city have now, to all intents and purposes, the whip hand in the possession of the power plant. They will either be compelled to establish a new power plant or buy from the city at greatly increased rates. The present rates are not an equitable charge, but were possible owing to the fact that the same people controlled the executives of both companies.

Opinion is that one of the chief arguments of the company before the legislative committee will be that they are forced to run the street railway at a loss in the year. Yet it can be pointed out that the cars have gone on every day, excepting Sunday, for the last ten years until now, and the only reason given by the company for the stoppage is the refusal of the council to grant them the privilege of extending a switch that the traveling public might be more convenient.

Trying to Split Opinion.
Still, the immediate interest is being laid in the fight to get the money by law for the municipality of the power plant. Both sides are actively engaged in the fight. The company's strenuous efforts to create political dissensions, with the hope of splitting the vote, and thus defeat the measure, they cry for more time having had no effect in the action of the council, they now adopt the tactics as a last resort.

Added to this is the story that the company intend taking legal action to determine whether the city is not liable for the payment of that \$100,000 to the bondholders. This latter move is used for the purpose of a scare, is not thought to have any serious effect on the people now that it has been so widely contradicted. It is the attempt to sever the people from political principles that the workers in the city's interests fear. To offset this the council and the Real Estate Owners' Association have arranged for a series of public meetings to be held during the time to discuss the minds of the people of false impressions, and show the advantages that will follow the acquisition of the light, heat and power plant.

Politics Their Last Hope.
In an interview with The World tonight, a well-known citizen took occasion to remark about the maneuvers of those opposed to the city getting control of this franchise, and commended some of their actions. He said: "One of the most regrettable features of the fight the people have been forced to engage in to get possession of the franchise is the evident desire from certain quarters to drag politics into the affair. There can be no other line of action than to play into the hands of the company by these methods. The agitation will avail them nothing. The people will be educated to look at the proposition in a proper light. I notice suggestion in The News-Times to defer the taking over of the plant till it has been decided who shall be the manager. It also suggests that a commission should have control of the operation. It will be plenty of time to make these arrangements when the property has been acquired and the city has the right to name the officials."

He says: "I have been ailing for about a year from deranged nerves, and very often weak spells would come over me and be so bad that I sometimes thought I would be unable to survive them. I have been treated by doctors and have taken numerous preparations but none of them helped me in the least. I finally got a box of Milburn's Heart and Nerve Pills. Before taking them I did not feel able to do any work, but now I can work as well as ever, thanks to one box of your pills. They have made a new man of me, and my advice to any person troubled as I was, is to get a box of Milburn's Heart and Nerve Pills."

LABOR'S PROTEST TO PREMIER.

Trades Council Will Push Matter of
Alleged Unfair Treatment.

The Toronto District Trades and Labor Council will go in a body to Premier Ross and protest against the action of Police Magistrate Denison in the matter of the commitment of William Goddard, a union structural iron worker, to a term of 30 days without the option of a fine or the privilege of election as to how he would be tried. This was the decision of the council at their meeting Thursday night in Richmond Hall.

The council also decided to ask the city for a grant of \$500 for their Labor Day demonstration.

The bylaws and constitution of the lately formed council were adopted as presented by the executive committee, being practically the same as formerly.

POLICE MADE A RAID ON "INTERNATIONAL BROKERS"

Edwin Anderson Accused of Running
a "Bucket" Shop, and Frequenters
Names Are Also Taken.

It was a nervous crowd of twenty or more that saw Staff Inspector Archibald, Detective Duncan and Constables Chapman and Thompson march into the offices of the International Brokers, Limited, yesterday afternoon. The market had just closed and these present were telling each other how it all happened, and why wheat did not jump a number of points, but took a "slump."

Then to make matters worse in came the minions of the law, really adding insult to injury. It is hard luck enough to lose money, but when one is forced to give his name and address to a hardhearted policeman it does not add much to the hilarity.

The staff inspector was loaded up with a warrant which gave him power to take charge of all the books and papers of the outfit. This he did. He also had a summons for Edwin Anderson, the manager, as owner of the International Brokers, Limited.

Called on Constables' House.
The summons requests Mr. Anderson to appear in police court on Tuesday next, to answer to the charge of keeping a common gaming house, contrary to the laws governing the moral well being of the country. The police department is in the impression that Edwin E. Anderson has been running a bucket shop. The police were surprised to find that this was the only alleged bucket shop in the city, or whether any further raids would be made to-day.

Those who were caught in the dragnet gave their names as:
James Cattermole, 619 Spadina avenue.
Allen Burrows, 201 Sherbourne street.
Lance Lane, 62 Euclid avenue.
Dugald Campbell, 75 Yonge street.
A. N. Diamond.
A. L. Porde, 73 McCaul street.
John Wilson, 246 West Richmond street.
J. C. Forde, corner Grange and McCaul streets.
Charles E. Duke, East Gerrard street.
John McMaster, 116 McCaul street.
Ferguson Innes, 188 Grange avenue.
It is probable that summonses will be issued for these parties, charging them with being frequenters of a common gaming house.

This raid is supposed to be the outcome of the trouble between E. E. Anderson, the manager, and Dr. H. Kemp, who resides at Avenue Road and Yorkville avenue. Dr. Kemp was the former president of the International Brokers, Limited, and claims that he was defrauded out of certain sums of money by Anderson. This case will also be heard on Tuesday.

Severe Penalties Under Code.
The criminal code places the penalty of conviction of conducting a bucket shop at five years in penitentiary and \$500 fine. A bucket shop, according to the code, is a resort where stocks are bought or sold, or of which there is no delivery, nor stocks acquired. An habitual frequenter, or one who sells and buys stocks, without delivering or acquiring them, is liable to imprisonment for one year, if found guilty.

The last alleged bucket shop case, in which the police were prominent, occurred in March, 1880, when the officers took charge of the premises occupied by Joseph Priestman & Company. This firm was prosecuted under the Abbott Act. Mr. Justice Rose refused

to register a conviction. The act has not been amended in any way since that time, but the criminal code may help the officials some.

Over the Wash.
To the great World's Fair, St. Louis, Mo., open April 30, closes Dec. 1, 1904. Covers 1240 acres, cost more than \$50,000,000. The most gigantic and colorful undertaking ever attempted by man. The great Wash is the only fairground that owns and controls its own miles from Canada direct to the World's Fair gates. The new superb and magnificent trains, built especially for this traffic, places the Wash in the very front rank for this business. For further particulars, address J. A. Richardson, district passenger agent, northeast corner King and Yonge streets, Toronto. 136

The Engineers' Club.
Capt. Kilbally Gamble, president of the Engineers' Club, delivered his inaugural address Thursday night at the club rooms, 60 West King street, having been presented by illness from attending the former meeting. About 25 members were in attendance, and heard the president's address. The president, in his address, spoke of the club's work during the year, and of the results of the annual meeting. The following officers were elected: President, J. A. M. Dwyer; Vice-president, H. G. Brown; Secretary, G. D. Henderson; Treasurer, W. J. Salter. The elections for representatives to the annual meeting of the Engineers' Club will be held this week.

Dr. Gellie, formerly of Trinity University Medical Faculty, will speak in the lecture hall of the Bible Society at the regular Wednesday meeting of the Y.M.C.A., in Jackson Hall, at 5 o'clock in the afternoon.

The Evangelistic Band will conduct the meeting at Westmoreland avenue Methodist Church to-morrow evening.

2nd Canadian Spring Stallion Show.
Last year the first Spring Stallion Show was held with a total entry of ninety-five. This year entries reached a total of 171. This notable increase in one year is the best evidence of the popularity of this show with both breeders and importers. A large number of men, anxious to obtain the class of horses which will be on exhibition, have signified their intention of being present, and day and night the country is filled with a fine animal, the cream of the country can be seen during the three days of the show.

Music Given Free.
People who play, or who are interested in good music should call at the Morris, Field, Rogers' saleroom, 270 Yonge street, and see the new "Morris Baby Grand," truly the sweetest toned and finest piano on the market at the price. This company is offering some remarkable bargains just now in fine Upright Morris Pianos. Prices are marvellously low for such splendid instruments. All ladies who call to see the Morris Pianos from now until the end of March will be presented with a piece of music. Just say you saw their ad. in The World.
