#### REBUILDING THE WHOLE BODY

That is the Constant Business of the Blood

And That is Why a Blood Making Tonic Will Make the Body Well and Keep it So.

Pure, red blood is the vital principal of life, for upon it the tissues of the body live. It goes practically to every part of the body, carrying nourishment and oxygen, taking up the wastes and so changing them that they can be cast out of the body. As our every act results in the breaking down of some of the tissues and the formation of waste materials, the body is in a constant state of change. To maintain health strength and life the blood must be pure in order to replace these tissue with plenty of fresh nourishment and rid the body of its waste material.

Men and women who are run down will find Dr. Williams' Pink Pills the best tonic for their condition because these Pills are a certain blood-builder and purifier. They enable the blood to meet the unusual demands of the body and give perfect health. We offer the case of Mrs. John Harman, of Welland, Ont., as a proof of the great power of Dr. Williams' Pink Pills over disease. Mrs Harman says:-"For several years I lived a life of pain and misery, and even now as I recall that illness it seems awful to contemplate. The trouble began with weakness and loss of appetite. This was followed by headaches and emaciation. At times I had violent palpitation of the heart and shortness of breath, finally I was completely prostrated. I was so haggard that my friends hardly knew me, and I often thought my last hour had come. My sufferings would follow me into the region of dreams with such distinctiveness that often times I would awaken shivering and shaking with sobs, and scarcely able to realize that I been but dreaming. The best efforts of three doctors at different times failed to help me. Then I was urged to try Dr. Williams' Pink Pills. Within one month felt a distinct improvement, and after using eleven boxes I was again in the full possession of health and strength. Several years have now elapsed since this illness and as I have constantly enjoyed the best of health I am warranted in saying that the cure is permanent."

Dr. Williams' Pink Pills should be used in all diseases caused by thin watery or impure blood, such as an emia, rheumatism, stomach trouble the after effects of la grippe and fevers neuralgia, headaches and the various ailments common to women and grow ng giris. These pills are sold by al medicine dealers or sent by mail at 50 cents a box, or six boxes for \$2.50 by the Dr. Williams' Medicine Co., Brockville

Dr. De Vau's French Female Pills—the wift Friend.

A reliable regulator; never fails While these pills are exceedingly powerful in regulating the generative portion of the female system, they are strictly safe to use. Refuse all cheap imitations. Dr. de Vau's are sold a \$5.00, or three for \$10. Mailed to any address. The Scobell Drug Co. St

A "Doubtful" Compliment After singing "Kathleen Mavour neen" as an encore at Cardiff, a few neen" as an encore at Cardiff, a few years ago, an amusing little incident occurred to Mme. Clara Butt in connection with an old Irishman whom she found waiting for her when she left the concert hall. With tears in his eyes he caught hold of her cloak and, falling upon his knees, began to bless her in his rich brogue. "Bedad," he concluded, "I don't know who wrote the song, but shure, if he's dead, 'twould make him turn in his grave to have heard the way ye sang it to-night"—a compliment which some people might think was rather a doubtful one.

Does Not Play Them Now. There was once a man who was very fond of playing practical jokes, but stammered very badly. One day he was walking with a friend by the Thames, when they met an Irish sanor with an Indian parrot in a

cage.
"W-watch me," said the joker; "I
w-will have some f-fun w-w-with this

w-will have some mean. Stepping the sailor, he asked, "M-m-my good m-man, c-can that p-p-parot talk?"

"Well, sail the Irish sailor, "if he couldn't talk any better than you can I'd wring his bloomin' neck."

The Alligator and the Boots. Here is a story of a disappointed alligator:

alligator:
"The fisherman was fast asleep on the river bank when the alligator crawled up and tried to swallow him, but only succeeded in swallowing his boots, in which were so many snakes that the gator turned from the river and took to the woods, where in a vain effort to climb a tree he was shot by a nature faker and sold to a college museum as a hitherto unheard of specimen of the saurian family."

Sergt. Wheeler Thos. P.Beunett, R.O. A., who lives at 705 Albert St., Ottwa, describes the relief which he got from D. D. D Prescriptions:
"It gives me piessure to recommend D.D. to sufferers from skin diseases. For three years I suffered intensely from a skin disease which I developed on the back of my neck I grow continually and sometimes cast of scales. Neighbors advice, prescriptions, salve and expensive blood medicines were lavishly used. At last I found relief in D. D. D., used according to directions. It required just one bottle to effect a cure. I am no longer tortured so I have no hestitancy in acknowledging to the world the worth and great virtue of D. B. Hood wedging accounted.
