CONDENSED LOCAL NEWS SWEPT TO DEATH ON HONEYMOON

Bride Goes Overboard When Heavy Squall Strikes the Yacht.

Philadelphia, Sept. 15 .- Swept off the deck of a yacht while dining with her husband, Mrs. Margarita Croft, on her honeymoon, today met death near Greenwich Point, close to this city, and was saved only through the frantic efforts of friends.

Croft is said to be the head of big advertising agency in New York, but his exact address cannot be learned, as his nervous state is such that he will answer no questions concerning himself.

invited Mr. Croft and his 21-year-old bride to take a trip with him to the Jamestown Exposition.

Voyage Down in Smooth Sea.

The invitation was accepted, and the party set forth on the schoonerrigged yacht Bennett, which is equipped with motor power. No incident marked the voyage to Hampton Roads, and the young couple piloted by their Philadelphia friends, enjoyed themselves hugely in the maze of the exhibits.

After a few days spent wandering around the grounds and visiting the suburbs, the party decided to return to Philadelphia. The bride and groom left the Exposition with regret, but when splendid weather favored the beginning of the voyage they were content

A PAPAL ORDER RE MODERNISM

The Clergy and the Faithful Instructed That It Is Dangerous.

Rome, Sept. 16.—The Osservatore Romano, the organ of the Vatican, today issued an important order of Pius on modernism, which really is a completion of his recent syllabus. The document sets forth that modernism is a serious danger to the church, refers in detail to the various features of modernism, condemns it as dangerous in philosophy, faith, theology, history, criticism and reforms, and arrives at the conclusion that modernism is a synthesis of all heresy, and must logically lead to atheism.

The encyclical makes the following provisions: "First-The teaching of philosophy, positive theology, etc., is to be carried on in the church schools and universities, but in a Catholic spirit.

"Second-Modernists are to be moved from professorships and the direction of educational institutions. "Third-The clergy and faithful are not to be allowed to read modernist publications.

market during the early part of the session, and strenuous and moderately successful efforts were made to break Steel, common, and preferred. Close observers of the market were of the opinion that not much long stock came out. Gradually support developed, and this induced the covering movement which brought about a sharp rally. In Saturday's loan market, and in this morning's loan market there was a very good demand for stocks, many of the active issues lending at a slight premium. A curious feature was the borrowing of Steel, common, at a premium. Considering the enormous capitalization of the Steel corporation, the conclusion was arrived at that the
