HARD AGROUND IN ATLANTIC CHANNEL

AN ATLANTIC PORT, Jan. 30.-

A "FAT" STORY

We were criticized for telling fat people to "tender" seventy-five cents to their druggists for a large case of Marmola Tablets. Several wrote in saying the use of the word "tender" was incorrect, that "tender" in such a connection raised the impression the druggist might refuse seventy-five cents as insufficient. Now, isn't that odd? A few weeks ago seventy-five cents was "tendered" to a Broadway druggist and he did refuse it. That is, he said he had no Marmola Tablets, whereas he did have seven cases. But the wholesale house was closed, it being on a Saturday, and he had to prevaricate to protect his regular customers, who absorbed those seven cases atter in the day.

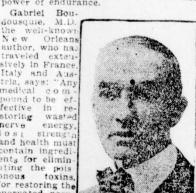

This elegant pharmaceutical adaptation of that famous, fashionable fat reducer, the Marmola Prescription (viz., 20 oz. Marmola, 20 oz. Fl. Ex. Cascara Aromatic, 4% oz. Peppermint Water), is certainly having a remarkable vogue. Millinos of cases of tablets are sold yearly and their fame grows. This is doubtless because of their harmlessness (guaranteed by the Marmola Company, 264 Woodward avenue, Detroit, Mich.), and sure ability to remove ten to sixteen ounces of fat (not flesh) a day without inconvenience, bother, need for exercising or interference with the We were criticized for telling fat peo-

without inconvenience, bother, need for exercising or interference with the taker's appetite for good things.

Puts New Force Into Weak Nerves

DOCTORS NOW PRESCRIBE BLOOD-IRON-SALTS TO BUILD UP DELI-CATE NERVOUS MEN AND WOMEN.

NEW YORK .-- For many years physilans and scientists have hoped that ome genius of the medical world would iscover a harmless compound that would put increased strength and enlurance into the dilapidated bodies of lown, or lacking in healthy tissue and

for restoring the enervated nerve cells and for increasing red blood corpuscies. There is nothing that will bring about these desired results more quickly than Blood-Iron-Salts, and I learned that this remarkable substance was just what my own enervated nerves, blood and body needed. I now advise its use in a vast number of cases, and it would be a good thing if all men and women who suffer or feel themselves beginning to 'slow up' would take Blood-Iron-Salts."

NOTE-Blood-Iron-Salts referred to above is guaranteed not to injure the teeth or stomach, it is pleasant to take, and is sold on a refund money basis if it does not increase strength and healthy itseues in four weeks' time. Users are cautioned against substitutes and inferior preparations with similar names. The genuine Blood-Iron-Salts can be obtained in this city from the Blandard Drug Company and other good druggests.

STOCKS OF BUTTER AND EGGS SHOULD BE LET GO AT CLICE

Unheard-of Quantities of Both Articles Are Stored, Says O'Connor.

de over-accumulation of eggs, held unjustifiable prices." This is the annual conclusion reached by W. F. Connor, K. C., cost of living comssioner of the ministry of labor, a special report he has prepared the food stocks held by packing d cold storage companies in Canada and the food stocks held by packing d cold storage companies in Canada and the food stocks held by packing d cold storage companies in Canada and the food storage companies in

Mr. O'Connor states that excepting bacon, ham, smoked meats, muitton and lamb, which show decreases, there is substantially more meat, eggs, butter and cheese in Canada now than at the equivalent period of last year. Of cheese, Mr. O'Connor finds that there was 70 per cent more in storage January 1, 1918, than on the same date last year. Butter Price Too High.

prevailing high price of that ar-

prevailing high price of that article."
But it is in regard to eggs that Mf. O'Connor takes a particularly strong stand. He declares that, in his opinion, "the ruling prices for eggs are absolutely unjustifiable, and the daily reiteration in the market reports that a shortage of eggs exists is absolutely contrary to the fact. There exists an unjustifiable over-accumulation of eggs held at unjustifiable prices."

Should Be Unloaded.

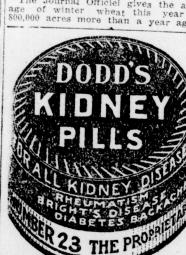

Mr. O'Connor proceeds: "Within a few weeks these large holdings will be unfit for human food. There is no demand for export or possibility of exporting such holdings, and they should be forced on the market right away, while they remain fit for food, so that those who consume them may derive from them that sustenance which otherwise they will need in fats and meats." I trust," Mr. O'Connor con-

meats.
"I trust," Mr. O'Connor concludes, "that this statement, without anything more, is sufficient to lead to an immediate unloading at reasonable prices of these stocks. Otherwise they should be seized and sold before they rot." ZEEBRUGGE ATTACKED BY ALLIED AIRMEN

AMSTERDAM, Jan. 30.-An aeria attack of unusual severity was made Tuesday afternoon at Zeebrugge, the German submarine base in Northern

Belgium, according to the Telegraaf's frontier correspondent. FRANCE'S WHEAT OUTLOOK IS REMARKABLY GOOD

PARIS, Jan. 30 .- The condition of PARIS, Jan. 30.—The condition of wheat on January 1, compared with a year ago, shows a gain of 8 per cent. If maintained to maturity this means a remarkable increase in the yield per cre. The Journal Officiel gives the acre-
