SIR FRED ON NAVY ANNOUNCES SOME CHANGES IN PROGRAM LBS. DESERT HOUSE

Significant Evidence of Lack of Approval By Govern- ment Supporters of the Naval Bill.

OTTAWA, Feb. 10.—(Special.)—The
nourishments which are heard in the
lobbies, the occasional outburst of in-
dependence of Liberal members when no
responsible minister is around, the cur-
rent gossip that the government's repre-
sentatives from western Ontario in par-
ticular will falter when put to the test
upon the naval bill, would seem to have
found expression in the appearance of
the house of commons to-day.

FOSTER STILL TRUE TO HIS '09 RESOLUTION

Mr. Frederick Borden resumed the
navy debate soon after the opening of
the sitting, and although his speech was
of a high order of parliamentary merit,
most of the members of the govern-
ment side were conspicuous by their
absence. No minister of the crown,
heard in recent years on any momen-
tous question, has had so few supporters
present on his side of the house as the
minister of militia and defence had this
afternoon and evening. On the other
hand the opposition benches were well
filled, and any enthusiasm displayed
was to be found there.

The feature of the ministerial an-
nouncement was that a larger vessel
than the M. S. Rainbow, which is to go
to the Pacific, based at Halifax, and
the Atlantic as a training vessel. Two
Bristol will be stationed on each coast
and six destroyers on the Atlantic.

Mr. Foster's criticism found chief
vent in the humiliating position of Can-
ada in being behind Australia and New
Zealand in naval defence, and showing
lack of disposition to place the em-
pire in imperial dependence. He consid-
ered that Canada should feel ashamed
of the unpatriotic attitude of Sir Wil-
frid and other ministers at the im-
perial conference.

He evoked much laughter by the im-
perious report of a speech by Hon. L.
P. Brodeur in which that minister told
the imperial authorities that he was
not in imperial dependence. He consid-
ered that Canada should feel ashamed
of the unpatriotic attitude of Sir Wil-
frid and other ministers at the im-
perial conference.

Mr. Borden had declared himself as
opposed to the government's proposal
on that occasion had objected to the
resolution, yet it could not be said
to have been passed hastily. Hon. Mr.
Foster's resolution had been placed on
the agenda of the day, and it was prac-
tically the same as the resolution passed
unanimously by the commons. The
word "speedy"—the "speedy organiza-
tion of a Canadian naval service"—
had been inserted at the request of the
leader of the opposition, and he had
taken much credit for this since, but
Mr. Borden had declared himself as
opposed to the government's proposal

Mr. Borden said he desired to take
this opportunity to state his position
accurately. In the speech quoted from
Sir Frederick Borden he had said "the
Canadian Government ought to take
the advice of the British Government
and give what assistance was deemed
best in the interests of the empire."
The minister of militia smiled, and
turned his attention to Mr. Foster's
public utterances. In a Halifax speech
he had said: "This is the greatest step
we have ever made in Canada."
We must be prepared to defend our-
selves." Sir Frederick maintained that
this was exactly the position of the
government, but to-day Mr. Foster was
not now thinking about Canada; he
had changed his mind, and his
party had become so dwarfed by the
new policy they had undertaken that
they could see nothing in front of them
but a ruin and a German invasion.

Of No Use to the Empire

VICTORIA, B.C., Feb. 10.—
Newspapers received from Aus-
tralia, commenting on the prob-
lem of the Australian navy, state that
the Australian opinion is that it will
be of little use to the empire in
times of necessity.

A Change Already in Navy Plans.

Sir Frederick Borden announced
that the protected cruiser
Niobe (or sister ship, Sparlette)
will take the place of the Boadicea
as training ship in Atlantic
waters, the Rainbow going to the
Pacific. The Niobe (11,000 tons)
carries sixteen six-inch and six-
teen 3-inch guns and 400 crew.
When built, three years ago, the
admiralty paid \$2,000,000; the cost
to Canada will be \$1,075,000. The
estimated cost of the proposed
naval policy is \$715,000. The an-
nual cost of up-keep of the com-
pleted fleet will be \$3,830,000.

CANADA DEFENCE LEAGUE GETS GOOD START HERE

Prominent Citizens Join Movement
to Promote Patriotic Naval
or Military Training.

Representative of those who hold
strong views on the question of na-
tional defence and the participation
of Canada in the defence of the em-
pire, was the meeting in St. George's
Hall last night, to form the Ontario
division of the Canadian Defence
League. Sir James Whitney and Hon.
A. G. MacKay have consented to be-
come patrons, and speeches were de-
livered by Chancellor Burwash, Rev.
Dr. Carman, Canon MacNab, Byron E.
Walker, George Tate Blackstock, K.C.,
Prof. Baker and others.

The objects of the movement, as ex-
plained by Byron E. Walker, are in
brief, to awaken the public mind to
the serious importance of national de-
fence and to aid in bringing about
the adoption of the most effective and
economical system of training; to
carry on a non-political, educational cam-
paign for the adoption of the prin-
ciples of patriotic, unpaid or universal
naval or military training; in the be-
lief that such training conduces to
industrial, physical and moral eleva-
tion of the people and is essential to
national safety; to establish military
training for all schools in Canada, and
to secure a system of physical, moral
and military training for all youth between
the ages of 14 and 18.

The chair was occupied by Chan-
cellor Burwash, who referred to the
present situation of the world, and to
the fact that the world is now in a
state of anarchy. He said that the
world is now in a state of anarchy,
and that the only way to bring about
peace and order is by the adoption
of a system of military training for
all youth.

WILL RAISE MINIMUM OF HIGH SCHOOL TEACHERS

Miss Martin Makes Plea For More
Money For Younger Members
of Staff.

Should the female school teachers
starve to death or get married? This
was a question that gave the special
meeting of the board of education a
great deal of opportunity for discus-
sion last night. Trustee Hodgson was
in favor of the matrimonial proposition,
but Miss Martin held out for giving
them an increase in salary, claiming
that the younger teachers were receiv-
ing hardly enough to live on. The
other trustees were of the opinion that
the board should not be asked to in-
crease the public school teachers ac-
cording to experience, but that it is
probable that the board should in-
crease the salaries of the teachers who
will be paid \$500 per year, while the
third and fourth-year will get an in-
crease of \$50 per year.

Mr. Redmond Will Rebel If Lords Aren't Curbed

Assures United Irish League That Asquith MUST Deal Finally With Upper House.

DUBLIN, Feb. 10.—John E. Redmond, who to-day was re-elected
president of the national directory of the United Irish League, made an
important pronouncement of his policy at a banquet given in his honor this
evening.

The leader of the Nationalists plainly outlined his intentions at the
coming session of parliament, where he virtually holds the balance between
the two great English parties.

In a word, his intention is to put out the government unless it has
both the will and the power to deal with the question of the house of
lords veto, but he is ready to vote for the budget, provided Premier Asquith
sticks to his pledge to resign office unless he gets the power to deal with
the lords.

Two or three times during the course of his speech, which was re-
ceived with great enthusiasm, Mr. Redmond referred to another general
election as probably near at hand.

In opening he said that they were
celebrating the successful campaign for
home rule in Ireland and Great Britain.
Ireland had now a party of 72 mem-
bers, more united and therefore more
powerful than any Irish party in the
past, and never again in their lifetime
would men, nominally pledge-bound
members of the party, be permitted to
discredit their colleagues and thwart
the party's policy.

BRITISH LABOR PARTY ASKS VOTES FOR WOMEN

Resolution Formally Adopted— Signs of 'Split' in Cabinet— Haldane Snubs Ministers.

LONDON, Feb. 10.—The Independent
Labor Party, in convention at Newport,
to-day adopted a resolution demanding
the introduction of a reform bill em-
bracing adult suffrage including the
franchise of women.

The demands of the Laborites have
been a source of great concern to the
members of the cabinet, like Winston
Churchill and David Lloyd-George, but
meet with little sympathy on the part
of the older statesmen in the govern-
ment.

Grange for a united organization from
east to west of all farmers. The sug-
gestion of union and co-operation was

gates. Mr. Drury announced that he

QUEBEC OPINION OF NAVY "LA PATRIE" TO FIND OUT

MONTREAL, Feb. 10.—(Special.)—
L. J. Tarte, proprietor of La Patrie,
states that, as a Britisher, he is in
favor of Canada sharing in the de-
fence of the empire as a whole.

He further says that La Patrie is
about to begin a campaign that will
show where the French Canadian really
stands in this matter of the naval
bill, and will secure the opinion of
the leading men, both lay and clerical,
of the province. When they are printed,
he says, people will find out that
Bourassa in no way whatever repre-
sents any considerable section of the
French Canadian people.

there was any truth in a report that
Monsieur Sbarretti, papal delegate, had

ences with Archbishop Bruchési over the

TYPHOID GERMS WERE GIVEN AS POISON

One of the Allegations Against Missouri Physician Arrested on Charge of Mur- dering Millionaire Uncle.

KANSAS CITY, Mo., Feb. 10.—As a
climax to the lengthy investigation of
the mysterious death of Col. Thomas
H. Swope on Oct. 3, 1909, Dr. B. C.
Hyde, husband of the late millionaire's
niece, was arrested here to-day charged
with his murder in the first degree.
The warrant charges that Hyde, with
felonious intent, administered strychnine
to Swope on the day of his death.

Hyde surrendered quietly. He learned
that a warrant was being sought
against him with his attorneys went to the
prosecutor's office to await the return
of Mr. Conkling. He submitted
to arrest without demanding to hear
the warrant read. From here the
part went to Independence, Mo.,
where Dr. Hyde was arraigned. He
pleaded not guilty, and was released
on a bond of \$50,000. His preliminary
hearing was set for Feb. 11. The
prosecutor Conkling originally planned
\$25,000 bail, but Hyde's attorney
had arranged for a \$50,000 surety, and
it was accepted.

History of the Case.

The death of Col. Thomas H. Swope,
on Oct. 3 last, was attended by cir-
cumstances which mystified his mil-
lionsaire family and close friends. Dr.
Hyde had treated Col. Swope, and in
signing the death certificate gave ap-
parently as the cause of death.

When in December an epidemic of
typhoid fever raged in the Swope
household, during which eight persons
were stricken and one, Christian Swope,
died, under conditions that caused
much apprehension among attending
nurses, John G. Paxton, the excu-
tator, and Mrs. Logan Swope, mother
of Christian, instituted a vigorous in-
vestigation.

THE GREAT MODERN WIZARD

Thomas A. Edison will be 62 years of
age to-day, Feb. 11. What wonders he
has accomplished in those years! His
habits are simple and his mannerly
his actions being that most men die
their graves with their teeth. His
thoroughness and perseverance are ex-
traordinary. After he had made nine
thousand unsuccessful experiments in
a certain line, he was not discouraged.
He showed a faint trace of typhoid." He
also made a culture test, but said that
the blood remained absolutely sterile
of typhoid and contained no typhoid
germs.
