"THE MIKADO" AT THE GRAND.

The Angeles Opera Company will present at the Grand Opera House next week Gilbert and Sullivan's beautiful opera, "The Mikado." The company since its opening has won its way into the heart of the Toronto public by the excellence of its offerings, and with the exceptionally good offering of "The Mikado," the Angeles Opera Company will strengthen their hold on the theatre-goers. Richard Temple, who will play Pooh Bah, is probably the best posted man in America today on all the Gilbert and Sullivan operas, having inherited all hambardment was violent on the 4th,

The bill for the whole of next week at the Strand Theatre will be perhaps the strongest and most diversified ever presented there. The headliner will be "Trilby," in five acts of breathless interest, with Clara Kimball Young in the name part and Wilton Lackaye as Svengali. The reception accorded to this magnificent film version of George Du Maurier's world-famous novel and play was rapturous in New York, and it should play to capacity business all the week at the Strand. The bill will also include a Raymond Hitchcock comedy, "The Ring-Tailed Rhinoceros," showing the master laugh-getter at his very, very master laugh-getter at his very, very best—a perfect riot of mirth and merriment, an Athletic Feature film and the "Strand Topical Review."

BERLIN BOURSE CHECKS WILD SPECULATION

Measures Taken to Prevent Disturbance of German Money Market.

BERLIN, June 16, via London, 11.35 p.m.—The managing committee of the Berlin bourse today adopted the outlines of a plan to restrict speculation which, altho without official sanction of the bourse, has grown remarkably active in recent months. The committee ordered that all transactions shall be on a strictly cash basis and with the date of delivery strictly prescribed. Option and time trading will be prohibited, as will also the circulation privately of price lists.

The action taken by the bourse today coincides with the wishes of the government and the leading banks, which regard it as incorporture that

WINNIPEG, June 16.—There was barely a quorum present when the general assembly resumed business

the Orient was raised by overtures from the presbyterian of Victoria and the Synod of British Columbia. The question was referred to the home mssion committee.
The assembly concluded tts Protest Against Union. A protest against church union was

issued today by Rev. Dr. Campbell, clerk of the assembly, signed by several ministers and laymen. The protest declares that the proposed "basis of union" shows "utter disregard to religious convictions of those who are opposed to any compromise of our standards, whose consciences are to be convent under the connces are to be coerced under threat that if they do not give way they shall be despoiled of their civil rights; the plan being that other negotiating churches shall join in this act of oppression and bring their influence to bear on parliament and the several legislatures to crush those who desire

to remain true to principles of Presby terian Church and rob them of property accumulated for maintenance and promotion of these principles."

It is maintained that the general assembly has no constitutional power to deal with union. Dr. Grant Leaves Church.

"I would not stay in the church, nor would I let any member of my family stay in the church after the way the assembly treated me." So Rev. Dr. A. S. Grant told a friend from Toronto

Dr. Grant, save for temporary con nection with home mssion work pending the appointment of a successor, has resigned from every office he held in the Presbyterian General Assembly, and is severing himsefl and his family from the church in view of what he terms to be a "rotten trick of a clique" which had differences with

Dr. Grant contends that his services and record entitled him to more fav orable consideration by the assembly as he had done no wrong.

FRENCH PARLIAMENT IN A SECRET SESSION

Operations at Verdun Were Under Discussion Yesterday Afternoon.

PARIS, June 16.—For the first time during the course of the war the chamber of deputies this afternoon went into secret session after a vote for the holding of such a sitting had been passed, 412 to 138.

The purpose of the secret sessions is the discussion of a number of interpellations concerning the conduct of the war, particularly the de-fensive measures taken at the beginning of the Verdun battle. It is expected that the secret procedure will continue for several days.

Eight Thousand Projectiles Daily Fell on Vaux Fortification for Week.

PARIS, June 16.—The last message received from Major Reynal, com-mander of Fort Vaux, before the fortess fell into the hands of the Germans a week ago, was made public here today. The message read: "We are reaching the limit. Officers and soldiers have all done their duty.

Since the beginning of the real attack on the fort in March, the Germans fired no less than 8000 projectiles daily and in the last days before its fall this number was greatly in-creased, according to details of the fighting given out officially today. An "eye-witness" is quoted as say-

ng:
"What the infantry was powerless to realize was accomplished by artil-lery. For a long time there was only one outlet at the fort which could be utilized. This was a subterranean utilized. This was a subterranean passage to the northwest, access to which later became impossible. Then followed the cutting of communication. e"The men suffered greatly from lack of water, but held out, occupying and utilizing the ruins in the in-terior. In windows and between the ruins of the shattered walls maching guns were installed and barricades erected at all corners. All about the outer works the bodies of Germans

were thick.
"The combat continued under extraordinary conditions. The Germans conceived the idea of filling baskets with grenades. These were let down by cords from windows of down by cords from windows of buildings dominating the French positions and exploded on top of the defenders. Should Be Remarkably

Fine.

By a Staff Reporter.

OTTAWA, Ont., June 16.—In spite of the apparentyl unending rain, Hon, Martin Burrell, minister of agriculture, sees the sliver lining of the clouds. While there has been delay in getting in grain crops in Ontario and Quebec, he thinks there is no cause at all for pessimism. Wheat is the big crop in the prairie provinces, but grass for pasture and for hay is the most valuable crop in Ontario and Quebec, Mr. Burrell points out that this is the crop that is mainly responsible for Canada's big dairy output and to a considerable extent for beef. In addition to the large area of pasture grass about three and a quarter million acres of grass goes to produce

If to this is added the value of pasture grass, it will be seen that this is the crop that mainly determines the value of the farm production. With the present high prices for butter, cheese, beef and hay, grass is the controlling factor in Ontario and Quebec agriculture.

BRITAIN EXPEDITING HANDLING OF MAILS

Every Effort Made to Remove Grievance Complained of by U. S.

LONDON, June 16 .- Sir Maurice de sunsen, under-secretary of the foreign office and formerly British ambassador át Vienna, made a statement today regarding the American note protesting against the interference with neutral mails which was forwarded to the French and British governments May 24. It is in part as fol-

British and French Governments in consultation. The views of the French Government have not yet been re-ceived in London, therefore it is impossible to make any public pronouncement upon the contents of the note. "Meanwhile it may be pointed out that the United States lay special stress on the necessity for expedition in dealing with neutral mails to occasion a minimum delay and to avoid inconvenience to American interests. "The British Government every day is attempting still further to perfect the organization of censorship. they believe that in the future American citizens will have less cause to complain of delays in the passage of their correspondence to neutral Euro-pean countries."
