FINANCE COMMITTEE **DISCUSSES HEATING**

TUESDAY MORNING MARCH 2 1920

Severe Weather Causes Large Expenditure of Coal

schools might be heated on specified occasions for the purpose of holding meetings, brought out the information from Mr. Kerr that a very difficult time had been experienced in the coal situation. It was pointed out that annual saving of \$59,637 in salaries alone, and the men displaced could be used on other apparatus. An item for truck for the fire alarm deto be kept going night and day in used on other apparatus. An item for Harbord Collegiate, Huron, Orde and a one-ton truck for the fire alarm deother schools. Jessie Ketchum School had burned between four and five hundred tons of coal. In some cases where repairs were going on or annexes being built fire had to be continuous. Because of conditions the requests for the meetings were re-

Mr. Doughty, business superintendent, was given permission to visit the United States for the purpose of seeing the heating systems considered best. Dr. Noble hoped that Mr. Pearse, the architect, would also find time for this inspection. "We are going to spend about a million on schools," said Dr. Noble, "and it would be awful if we built something that in about two years had to be scrapped. We put in the Smead-Dowd system and then it cost half a million to get it out."

Dr. Noble made it quite clear that

the matter was worth spending money on in advance rather than make mistakes as had been done before in the matters of heating and ventilation. The case of seventeen girls who had been employed by the board and who would not have come under the provisions of a motion of Trustee Mrs. Courtice, asking that allowance be made for previous experience, was disposed of with the announcement that the motion had been changed and that the cases in question would be included. In spector Cowley spoke on the proposed extra allowance of \$100-\$50 from the board and \$50 from the government—for teachers of auxiliary casses, of whom there are at present sixteen. The extra allowance is be-cause of the difficulty of the work and The allowance was passed. The sum cf \$2,000 was decided upon as the salary for the attendance officers. The matter of paying commission to an by the board on Bloor street was discussed with a decision in the negative.

THIN PEOPLE **NEED BITRO-**

Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thin-

Thinness and weakness are often due to

starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggers as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

transformation in the appearance; the increase in weight frequently being astonishing.

During the month of February this year 253 permits for 301 buildings were sense in weight also carries with it a sense in more improvement in the health. Nervousness, sleeplessness and lack of energy within nearly always accompany excessive blainness, should soon disappear, dull eyes with the bloom of perfect health. Miss amount is greatly in excess of the same month last year, when only \$676, georgia Hamilton, who was once thin and great that important is permits and pale cheeks glow with the bloom of perfect health. Miss amount is greatly in excess of the same month last year, when only \$676, georgia Hamilton, who was once thin and labor, and gives the direct lie to the fact that high prices are killing the fact that high prices are killing the scheral debility, etc., those taking it who as not desire to put on flesh should use extra care in avoiding fat-producing foods.

CITY HALL NOTES

Fighting bravely against an engulfboard of control are putting forth manly efforts to reach the safe haven of a 30-mill tax rate. Yesterday they resumed their struggle, much to the detriment of the carefully-prepared

The request for four new pumping engines, to cost \$66,000, was cut in half, and the buying of two at \$33,-000 was approved. The chief stated that these pumpers would effect an partment, to cost \$1200, was cut in

At the request of the controllers, the chief agreed to hold over till next year \$2850 for three Ford runabouts for district chiefs. Three underground storage tanks were reduced to two, effecting a saving of \$625, and the sum of \$14,500 for a 60-foot service ladder truck was struck out entirely. request for a grant of \$3000 for the reception of delegates attending the convention of International Fire Engineers was also refused.

A cut of \$5000 from \$40,000 asked

for supplies and repairs was made. Fifteen thousand had been asked for upkeep of horses and harness, and, commensurate with the cutting down on motor apparatus, this amount was

The street cleaning department estimates were badly gashed and scarred. When the board finished with them they were minus \$120,733. The original sum asked for was \$1,551,485, but the committee had previously cut away The revised estimates now total \$1.384.692.

Mayor Church wanted to cut \$40,-000 off the \$522,704 for personal services in refuse collection.
"We are maintaining a healthy, clean city, and there is no economy in making a cut in this expenditure," said Controller Maguire.
Controller Cameron: "I appreciate

now important it is to have clean streets, but we cannot drive people out of the city because of a high tax rate." The item was reduced to \$500,000.
A cut of \$5000 was made from \$10. 000 asked for new equipment for a

garage.
"If you had a better street cleaning and garbage collection system you would probably reduce Dr. Hastings' estimates," said Commissioner Wil-

The board, however, heeded not, but continued the painless surgery.

A lump sum of \$50,000 was clipped from \$300,000 for personal services for the street cleaning patrol, \$5000 off \$50,000 for the semi-patrol, \$3000 off \$21,000 for culverts, \$5000 off \$35,000 for road oil material and supplies, and an item of \$7782 for flushing was

struck out entirely.

The estimates of the assessment department amount to \$193,892, as compared with \$148,797 last year.

One expenditure of more than \$2100 required to instal an office telephone was struck out, as was \$15,000 for re-valuation of buildings for assessment Following are the cuts in civic esti-

mates made by the board of control to date: Property department \$ 41.502

Street cleaning department 120,734 Total\$372,648
Additions to estimates included \$27,300 high cost of living bonus in the fire department, which originally profire department, which originally provided for eight instead of twelve months; \$10,000 to the Canadian In

The board of education estimates for 1920, received by Finance Commissioner Bradshaw, show that over ten million Bradshaw, show that over ten million dollars are required for capital and current accounts. Public school expenses will be almost double those of last year, and collegiates, technical schools, High School of Commerce and administration will all make higher demands on the public than was the case during 1919. There is a general increase of 36 per cent., the largest portions being required for salaries and new buildings.

Other expenses include fuel, insurance, books, caretakers' supplies, and enlargements and repairs to old buildings.

TRADE RELATIONS WITH WEST INDIES

T. B. Macaulay of Sun Life Favors Commission to

same way in Canada the premium on New York funds has risen until it is

of goods than they have been selling to that country, and that there is a great adverse balance of trade."

Mr. Macaulay gave figures showing West Indies imports, which Canada but it dfd not go far enough. He said that the preference should be in-creased from 20 to 50 per cent. Mr. Macaulay favored the appoint-

trade relationship with the West plasterers. "One thing which strikes a visitor

most," declared the speaker, "is the strength of the British sentiment. An agreement between Canada and the West Indies would probably result in getting increased trade with the South American countries."

POLICE STENOGRAPHER

Gordon Rogers, formerly a police stenographer in the detective office, was presented with a gold watch last night by the men of the headquarters staff. Rogers resigned recently, and in making the presentation Inspector Guthrie expressed regret at the loss of Rogers' services, and on behalf of his men wished him success with the firm he was now with. Rogers was with the department for eight years.

ALLEGED OPIUM SMOKER

Lee You, 190 Duke street, and Lee Kee, 169 West Dundas street, was arrested last night by Policeman Mulnolland, charged with smoking opium Accused were arrested in 96 Elizabeth

J. F. MACDONALD ILL.

about thirteen acres of recovered swamp land, and at a recent meeting of the committee Cont. Gibbons suggested this site as suitable for playing fields. Yesstitute for the Blind, and \$1000 to the terday Parks Commissioner Chambers reported against the project.

"This spot does not lend itself to athletics," said the commissioner. "In the first place it is rather difficult of access and would not draw crowds. Then the land is not suitable for athletics, and there are many other features which make it objectionable for this purpose." The commissioner's report was adopted. When the property committee got under way yesterday, they cleaned up an order paper consisting of 20 communications rapidly. The majority of them were rather unimportant, but had to receive their share of consideration.

The committee recommended that a Other expenses include fuel, insurance, books, caretakers' supplies, and enlargements and repairs to old buildings.

Finance Commissioner Bradshaw stated that he hoped to be able to place the city registry office on a self-sustaining basis within a short time. A conference with the county to discuss an increased percentage of payment is to be held. The deficit on last year's operation is thought to be in the neighborhood of \$18,000.

The civic estimates of the law department \$193,892, and for the city auditor's department \$116,303. These estimates came before the controllers yesterday, having been withheld until Finance Commissioner Bradshaw had gone over them.

Mayor Church expressed his intention of reviving his proposal that a modified form of the Lloyd George increment bill, providing for a tax on unearned increment on land, be applied to lands inside and immediately outside the city.

During the month of February this year 253 permits for 301 buildings were issued by the city architect's depart—Altho both the city architect and the recommended that a permit be issued for the erection of a public garage at 29-35 St. Albans street. J. F. H. Wyse, organizer of the Ontario Motor League, appeared to protest against this permit being issued. He stated that the site of the proposed garage was too near Wellesley School and the refore a source of danger to children. Aid. MacGregor pointed out that the garage would be afar enough away from danger.

The motion of Ald. Burgess was adopted to recommend the granting of a permit to George E. Jordan, to erect a p

same way in Canada the premium on New York funds has risen until it is over 8 per cent.

Adverse Trade Balance.

"What do these facts mean?" asked Mr. Macaulay. "They mean simply that both Canada and the mother country have been purchasing from the United States vastly larger values of goods than they have been selling to that country, and that there is a act.

Commencing yesterday stage employes in Ontario came under the provisions of the Workmen's Compensation Act. This will mean much to the fraternity, since accidents befall stage employes more often perhaps than most other classes of employes. The Union of Stage and Theatrical Employes has for a long time past endeavored to get legislation placing them within the meaning of time act.

QUEBEC CARPENTERS JOIN.

Mr. Macaulay gave lightes showing West Indies imports, which Canada was well able to supply, amounting to \$36,000,000, of which Canada sent \$7,000,000. Of sugar and other products bought goods to the value of \$108,000,000, of which \$36,000,000 came from countries other than the West Indies. Mr. Macaulay advocated imperial co-operation and partnership. There was a preferential arrangement, but it dfd not go far enough. He said that the preference should be increased from 20 to 50 per cent. Mr. Macaulay favored the appoint Montreal as the Canadaan Federation of Bricklayers and Masons of Canada. They consider the whole question of closer will comprise bricklayers, masons and

TRANSFER THEIR ALLEGIANCE.

James Antrobus, general organizer for the Canadian Federation of Labor in Alberta, has written to Charles Clay, general secretary, to the effect that the general secretary, to the effect that the international unions of portable and holsting engineers in Edmon ton and Calgary have transferred their allegiance from the American to the Canadian Federation of Labor, and will henceforth be known as Canadian unions. He further states that he has reliable information to the effect that no Canadian in the portable and hoisting ongineering trade can get work in the United States as a Canadian, that is to say, he must relinquish his Canadian citizenship for allegiance to Unoie Sam.

ASKING 44-HOUR WEK.

Boot and shoe workers in Toronto last night discussed their wage agreement with the various firms of the city. They are asking \$40 a week and a 44-hour week, with time and a half. T. J. Martindale, vice-president of the union, addressed a large meeting of the union, addressed a large meeting of dressed a large meeting of the union at the Labor Temple.

G. F. L. BRANCHING OUT.

All independent and national labor bodies in Canada are being invited by the Canadian Federation of Labor to affiliate with the latter organization, and all are receiving communications. arfiliate with the latter organization, and all are receiving communications from the Canadian National headquarters indicating the tenor of the work accomplished by the Canadian Federation. An official of the Federation stated yesterday afternoon that Canada was the only country without a national labor organization to back up its political efforts, a matter of first-class importance to all Canadians.

DESIRE MINIMUM WAGE.

Alderwoman L. E. Hamilton, Mrs. Plumptre, Fred Bancroft, James T. Gunn, Rev. Gilbert Agar, Miss T. M. Pearse, Prof. T. R. Robinson and Prof. Pearse, Prof. T. R. Robinson and Prof. J. W. MacMillan, formerly chairman of the minimum wage committee of Manitoba, will this morning interview Premier Drury and the provincial cabinet upon the need of establishing a minimum

ELECTRICIANS' AGREEMENTS.

Electrical workers, at their union meeting, held at the Labor Temple on Sunday afternoon, discussed the wage agreements of those employed on public utilities. No conclusion was reached However, progress was reported, and a decision may be made by the end of next week, if not before.

LABOR BRIEFS

Norman Beamish, Robert Totten and J. E. Rowe, Ward One Independent Labor Party, have been elected delegates to the Lordon convention of the party, which is to be held on Good Friday.

Differences between painters and employers in Toronto are being adjusted by the joint industrial council. Progress was reported at yesterday afternoon's meeting of the board. The question of the carpenters' agreement was taken up by the board, officials of that union having nothing to say respecting any compromise for 95 cents.

Exchange managers in the film industry yesterday suffered a shock in the strike of 75 of their poster meh, film inspectors and shippers. The strike was the result of the refusal of the managers

In this connection it is interesting to garage. In this connection it is interesting to note that the men under this heading apparently do two men's work every day. Clair Hague, president of the Canadian Distributors' Association, stated yesterday afternoon that in all fairness to the companies it was advisable to point out that the men work at film-revising at day, and at film-operating at high the type way they received an expectation.

OUT LIKE A LION"

March 1 Behaves Well in One of Coldest Winters Since

eccasions in past years had two or three lions and lambs during March. These old sayings, he declared, were These old sayings, he declared, were mere applicable to northern Europe than Canada. Some of the other sayings run: "March comes in with an adder's head, but goes out with a peacock's tail." "A pick of March dust is worth a king's ransom." while a third, "St. David's day (March 1) puts oats and barley in the clay."

Altho the meteorological office disclaim any belief in the above sayings, they nevertheless table each year the they nevertheless table each year the "lamb" and "lion" entrances and exits. Here they are from 1906 to the presen

FEBRUARY'S EPIDEMIC

nfluenza Accounts for Over Fifty Per Cent. of Total Mortality of 1191.

During the month of February 1191 leaths occurred in Toronto. The two prevalent epidemics, influenza and pneumonia, accounted for more than fifty per cent, of the mortality list, 466 Torontonians having succumbed to the former, and 190 to the latter.

It was during the past mouth that March came in yesterday like a "lamb," altho it was only 12 above at 8 o'clock and 30 above at noon. It is to be truly hoped that the lamb will not grow much during the next 31 days and leave us like a lion.

Sir Frederic Stupart said yesterday there was little or nothing in the old adage, "Comes in like a lion, goes out like a lamb," as Toronto had on many ccasions in past years had two or

EARLY CLOSING

Judge Morson Reserves Judgment in Appeal Against Magistrate's Decision.

J. W. Curry, K. C., for the Retail Merchants' Association, grocers' sec-tion, intimated to Judge Morson yes-terday that his clients had decided to have the appeal from Magistrate Kingsford upholding the city bylaws anent early closing of grocers, heard by his honor. "My clients want every decision they can get. Following case will be taken to Osgoode Hall," said

in bad faith. He submitted that bylaw \$140 classed grocers and fruiters
together, enabling the grocers to close
np the fruit shops. He contended it
was wrong to combine the two classes.
Mr. Curry further contended that
the legislature had no power to delegreen to the city council power to delegreen to the city council power.

Mr. Scott's long life was devoted to
educational work—mainly to the training of teachers. He was a recognized
leader for more than forty years of
the fifty-six years of his teaching experience in Ontario.

Mr. Scott was well known as a prac-

insisted upon.

Judge Morson remarked that the bylaw works hardships on the fruiters.

Mr. Curry pointed out that on inquiring, it was found that the bylaw was not properly signed. The fruiters were not notified. Judgment was reserved.

MUST PAY TAXES IN BOTH COUNTRIES

If you are a United States citizen resident in Canada you have the unique privilege and honor of paying income tax to both countries. The **MAKES HEADWAY** Report on Industrial Home for Girls Expected

Shortly.

Income tax to both countries. The Canadian government, with a consideration they always show to foreigners, are not just now worrying about collecting their dues, but Herbert E. Eddy, internal revenue agent of the American consulate, has issued a warning to all United States citizens now in Canada that they have only 15 days left to satisfy Uncle Sam's financial thirst for information concerning their incomes. The United States from a consulation, menting their incomes. The United States in making headway and it is expected in they always show to foreigners, are not just now worrying about collecting their dues, but Herbourd from the provincial house of assembly, in the Young Men's Canadian Club in the Young Men's Canadian Clu making headway and it is expected that the report will be issued within a In addition to that small matter there

LOSS OF MAIL TRIFLING.

George Ross, inspector of postoffices for Can-Notwithstanding the fact that a girl cannot be confined in such an institubeen lost, is very misleading and al-most entirely incorrect. The claim cannot be commed in such an institution without a trial by a judge or magistrate and only for a definite period,
The World is informed that there are
several inmates in the Belmont street
institution who are there without an
order from the court and for indefinite periods. The commission has
to establish the fact that the letters power to deal with these cases and, after examination, may order their received by the addressees.

LATE WM. SCOTT LEFT GREAT RECORD

Much regret is felt not only in educational circles, but by the congregation of Old St. Andrew's, of which of William Sout, B.A., late principal of Toronto Normal School, in his 74th

Mr. Scott's parents came to Dur-ham county, Ontario, when he was seven years old. He was educated in Bowmanville High School by the late Dr. Kelly, who was afterwards an-spector of schools in Brant county. Mr. Scott became a teacher in Durham county, and in 1868 he astended the Normal School in Toronto. In 1869 he obtained a first-class grade A certificate. He was made one of the assistant masters in the Toronto Model School in 1871, and became principal in 1874. He graduated as B.A. from Toronto University in 1876. He was mathematical master in Ottawa Normal School from 1882 to 1889, when he added the department of science and mathematics. In 1894 he was promoted to be vice-president of Toronto Normal School, and on the death of Dr. Kirkland, in 1898, he became principal, and continued in that posi-

tion till 1918. Married Miss Hughes. decision they can get. Following case will be taken to Osgoode Hall," said Mr. Curry.

Mr. Geary, K. C., for the city, said the bylaw was passed in accordance with sub-section three of the act. He referred to the appeal under the barbers' daily closing bylaw, which Magistrate Kingsford upheld.

Mr. Curry said that the allegation was that the bylaw had been passed in bad faith. He submitted that bylaw 8140 classed grocers and fruiters In 1870, Mr. Scott was married to

perience in Ontario.

Mr. Scott was well known as a practical botanist. He was for several years the treasurer of the Canadian Institute. His lectures not only in the normal schools, but at gatherings of public school and Sunday school teachers were always earnest expressions of high ideals of education, and their influence was deepened by his un usual moral force as a man.

Mr. Scott also did valuable educational work in editing books on arithmetic and geography.
