

Though sometimes greatly perplexed and cast down because souls are not saved, I do not despair of the ultimate success of the Gospel on this mission. Members, 15; on trial, 1.

J. P. BOWELL.

SPALLUMCHEEN.

In reviewing the work of God on this mission the past year, we see much cause for thankfulness to the great Head of the Church. We met peculiar difficulties, but the people stood by us and their kindness helped us over the rough places.

Though there are some outlying places, the most important part of this field is a section of country of about fifteen square miles, known as Spallumcheen. It is regarded as the best agricultural district in the interior of this Province. As the farms are large, the people are scattered, yet we have good congregations.

The people take an interest in our work, and have subscribed three hundred dollars towards a parsonage, and have begun a subscription for a church.

Gladly would we have reaped a harvest of souls for our Master, but it has been ours to sow the seed, assured that our work is not in vain in the Lord. We earnestly pray that the Spirit of God may be poured out in this valley, descending like the rain upon the mown grass and showers that water the earth.

J. W. PATTERSON.

CARIBOO.

No special report has been received from this mission this year. Bro. Ferguson has supplied it during the year, but will no longer be employed by the Society. It is generally considered that unless we can supply it with an ordained minister it would be better to drop the name of the mission from the Minutes.
