LAST CAR CLUB.
The weekly meeting of the Last Car Club was held last evening at the home of Mr. and Mrs. T. C. Nickson British street. A full muster of members were present and a very enjoyable time was spent by all. A new member was introduced during the evening, and was given a hearty welcome. Progressive whist was played and as the players were fairly evenly matched in point of skill, some close games resulted. The ultimate winners of the handsome prizes were Mrs. Sibley and Mr. Nickson. Delightful refreshments were served during the evening by the hostess, and were much appreciated. After the games a programme of music and songs was enjoyed by all, after which a hearty vote of thanks was tendered the host and hostess. Auld Lang Syne was sung by all, and the members left to catch the last car.

OLD AGE PENSIONS
The federal government instituting a system of old age pensions will be debated in the house of commons.

Dr. J. E. Lafontaine (Liberal, Hull) has filed a resolution on the order paper.

"That in the opinion of this house, the federal government should consider the advisability of devising ways and means for the establishment of a system of old age pensions in Canada."

Hot Cross Buns,
One a Penny
Two a Penny,
Hot Cross Buns.

Sang the baker on his rounds in Olde Merrie England, so his customers would know his wares.

Today, the baker tells you of his wares by the modern way, through the newspapers. Then you use another wonderful invention of today—the telephone—to bring the baker's delicious wares to you.

This quaint old baker sang his ditty once a year. It was a sign of joy to young and old—for it was Easter and Hot Cross Buns time.

You and the kiddies are anticipating a feast of these hot buns, spicy and sweet. Good Friday morn—and you want the best.

This year we have excelled ourselves. Our Hot Cross Buns are as delicately nice as the richest cake, wholesome, full of nourishment and so good you and the kiddies are bound to say: "Ummm ummmm More."

BETTER THAN HARD COAL
Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not make cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.
