RECENT WEDDINGS

A very pretty wedding was solemnized at three o'clock on Monday afternoon at the residence of the bride's parents, Mr. and Mrs. V. J. Woodrow, 61 Market Place, west side, when their daughter, Laura Blanche, was united in marriage to William Gladstone Walls, Canadian Pacific Railway accountant and son of Captain R. J. Walls, Chatham. The ceremony was performed by Rev. W. H. Dunham, the bridal pair standing in a bower of apple blossoms. The whole home throughout was beautifully decorated in these blossoms. After the ceremony a buffet luncheon was served and Mr. and Mrs. Walls left by the Montreal express for Montreal, Niagara and Buffalo. On their return they will reside at 115 Duke street, west side. The bride received many valuable gifts, among them being an oak chest of silver and a clock from the Furness, Withy and a clock from the Canadian Pacific office staff. LETTER OF THANKS

Department of Soldiers' Civil Re-establishment, Fredericton, N. B. June 11th, 1920.

P. M. Rising, manager Waterbury & Rising, Ltd., St. John, N. B.

Dear Sir:—I beg to acknowledge receipt of three hundred (300) pairs of shoes for use in the Shoe Repair Class of the Vocational School, conducted by the Department of Soldiers' Civil Re-establishment, for the re-training of the disabled soldiers of this province.

Owing to the large number being re-trained in this occupation, we have had great difficulty in keeping them supplied with work and your contribution is, therefore, the greatest assistance. Sympathy with our work in re-training and re-establishing, as evidenced by your assistance in the past and in the present instance is much appreciated.

I beg to tender the most sincere thanks of the students of the school and the staff of this department to yourself for your efforts on their behalf and to the people of St. John who have so generously responded to your appeal.

Yours very truly,
W. C. LAWSON, Major,
District Vocational Officer,
"K" Unit—D. S. C. R.

Waterbury & Rising say they will gladly forward any old shoes to Fredericton, left at their store for this purpose.

ACCIDENTAL DEATH WAS THE VERDICT

A verdict of accidental death, caused by being struck by an automobile driven by Hazen Hamilton, and completely exonerating the driver from any blame was brought in by the jury at the inquest into John McDuffee's death, held in the court house, Fairville, last evening.

The finding was as follows: "We, the jury empanelled to inquire into the cause of death of John McDuffee, jeweller, in Fairville, find that his death was accidental and caused by being struck between 8:30 and 9 o'clock p. m. on Saturday, June 12, 1920, in Main street, Fairville, county of St. John, province of New Brunswick, by an automobile driven by Hazen Hamilton. We also find that no blame can be attached to the said Hazen Hamilton, as he was driving very slowly and on his proper side of the street and exercised all possible care in an effort to avoid the accident." The jury were: W. Nelson, foreman, William Pink, O. D. Hanson, F. Butler, Joseph Maxwell and A. W. Caron. The jury first went to Mr. McDuffee's residence, West St. John, and viewed the body.

Glarence Quinton, Manawagonish road, said he was an eye-witness of the fatality, describing the movements of the victim and making reference to the careful manner in which the car was driven. Dr. Omar Comeau, who attended the unfortunate man, told of the extent of the injuries. Samuel Tippet, customs official, said that he would not like to say that the car was travelling more than ten miles an hour. Miss Ermeline Cochran and Mrs. Ella Christopher, who were occupants of the car at the time of the accident, gave corroborative evidence. Hazen Hamilton, the driver, gave an account of the accident in detail.

ST. JOHN HARBOR AFFAIRS BEFORE PARLIAMENT

(Canadian Press Despatch)

Ottawa, June 14.—When the bill which seeks to empower the government to take over the running of the Pictou (N.S.) harbor came up for second reading in the House this afternoon, Hon. Rodolph Lemieux asked the minister of naval affairs if he had noticed a circular stating that debentures for harbor improvements at St. John were being backed by the Dominion government, and that the president of the privy council was named as minister of public works in the interim?

Hon. C. C. Ballantyne said the government had given no sanction for guaranteeing bonds. When the city of St. John had decided by referendum to allow the government to take over the port of St. John, as outlined by a bill passed last year, then the government

would get behind the finances, because the port would have become "nationalized." Mr. Ballantyne explained that when a harbor did not take in sufficient revenue to keep it in good repair, it had to be placed under government care, and the present bill was simply to allow of this being done.

The bill was reported without amendment and was given a third reading.

Apparently the circular referred to by Hon. Mr. Lemieux is one issued by brokers urging the purchase of the St. John Dry Dock and Shipbuilding first mortgage 5 1/2 per cent. serial gold bonds. This circular of course said nothing about St. John city debentures. It explained that the issue of St. John Dry Dock and Shipbuilding bonds was "simply the capitalization of the Dominion government subsidy towards this important local work."

The West Side fire department had a needless run last night at 11:40 in response to a false alarm from Box 221.

In cancelling war bonds for that amount the donor announced his wish to "encourage others to emulate his patriotic example."
