The scarcity of Piano salesmen and the enormous salaries demanded by those obtainable, have compelled us to find another method of marketing our Pianos, Player Pianos, Talking Machines and Sewing Machines. This is purely and simply an advertising proposition. Our object is to get in touch with families who do not own Pianos, Talking Machines and Sewing Machines. We want the names of every family in the Maritime Provinces who may be in the market now or in the future for Pianos, Player Pianos, Sewing Machines, and Phonographs. We intend to send every person who enters this contest advertising matter and illustrations of the goods offered for sale.

IT PAYS TO PAY CASH FOR PIANOS, TALKING MACHINES, AND SEWING MACHINES

The one surest, safest and most economical way to buy a Piano is to pay the spot cash at the time of the purchase. If you intend to own a Piano at any future time try your luck at this puzzle. Use your head and take your time. It makes no difference to us who wins this Piano. One man's answer is as welcome and as apt to win as the next. But whether you win or not—remember—the best way to buy anything is to lay down the cash. When you buy from us you buy direct from the factories; no middle man, no agents—from the factory to consumer direct—with additional discounts for all cash.
