DOCTORS ADVISED OPERATION
DECIDED TO TRY GREAT
KIDNEY REMEDY

I want to tell you in a few words what Dr. Kilmor's Swamp-Root did for me, believing that my testimony may do some other suffering person a great deal of good. About six years ago, I was dangerously ill, complained these doctors, all of whom said I had kidney trouble. One of the doctors analyzed my urine and reported that I had gravel, and further said that in order to regain my health and life, an operation would be necessary. I did not wish to be operated on as I believe it is that I would not recover. Someone told me of Dr. Kilmor's Swamp-Root and said it was a reliable medicine for kidney trouble, so I decided to try it and went to Mr. Rose, the druggist, at 303 Central Ave., Minneapolis and bought a bottle, took it, noticed results and continued taking it until I was entirely cured.

Having been free from any kidney trouble for over six years, I consider that I am absolutely cured and am glad to say that Dr. Kilmor's Swamp-Root has the credit. I never fail to tell my friends about your remedy, as I believe it is the best of its kind. Your U. O. and Ointment are also very good. We never wish to be in your hands.

Yours very truly,
MRS. MARGARET J. ANDERSON,

Personally appeared before me this 23rd day of Sept., 1907, Margaret J. Anderson, of the County of Hennepin, State of Minnesota, who subscribed the above, and on oath declared that the same is true in substance and in fact.

WHY KIDNEY TROUBLE IS COMMON

We Live Too Fast
As a people we live too fast. This is an age of rush. We try to sandwich into one day what our ancestors took six days for, and besides this our appetites have become fickle.

This strenuous life tells on the kidneys. The human body was planned for a simpler life. There is just so much work that each organ can do. The kidneys filter our blood day and night, removing it in a ceaseless stream, draining off the poisonous impurities. When we work early and late, give up rest and repose for enjoyment, and retire late to troubled sleep, the work of the kidneys is troubled enormously.

First Warnings
The first warnings of kidney weakness are dull aching pains in the back, attended by excessive flow, discoloration or swelling of the urine. This tells of kidney congestion or inflammation. Nephritis, the trouble and dizziness, nervousness, rheumatic pain, swollen ankles and limbs, dimming of the eyesight, sediment in the urine, or fluttering of the heart will mark the near approach of dropsy, gravel, stone in the kidneys, diabetes or Bright's disease. At the first sign of the symptoms mentioned Booth's Kidney Pills should be resorted to.

Booth's Kidney Pills are the guaranteed remedy for sick kidneys, backache and bladder trouble. They cure to suit cured and are endorsed by thousands of grateful people.

FAMOUS GEMS OF PROSE

A HINDOO LEGEND
By Robert G. Ingersoll

From the "Liberty of Man, Women and Child."
BRAHMA made up his mind to make the world, and a man and woman. He made the world, and he made the man and then the woman, and put them on the island of Ceylon. According to the account it was the most beautiful island which man can conceive. Such birds, such songs, such flowers and such verdure! And the branches of trees were so arranged that when the winds swept through them every tree was a thousand Aeolian harp.
Brahma, when he put them there, said: "Let them have a period of courtship, for it is my desire and will that true love should forever precede marriage."
Then they had their courtship, with the nightingale singing, and the stars shining, and the flowers blooming, and they fell in love. Imagine that courtship! No prospective fathers or mothers-in-law; no prying and gossiping of neighbors; nobody of that kind. They were married by the Supreme Brahma, and he said to them, "Remain here; you must never leave this island." Well, after a little while the man said, "I believe I'll look about a little."
He went to the northern extremity of the island, where there was a little narrow neck of land connecting it with the mainland, and when he looked over to the mainland, such hills and vales, such dells and dales, such mountains crowned with snow, such cataraets and in hollows of glory, such scenes that he was wondrously told his wife: "The country over there is a thousand times better than this; let us migrate." She, like every other woman that ever lived, said: "Let well enough alone; we have all we want; let us stay here."
But he said: "No, let us go," so he followed him, and when they came to this narrow neck of land, he took her on his back like a gentleman and carried her over. But the moment they got over they heard a crash, and looking back, discovered that this narrow neck of land had fallen into the sea. The mirage had disappeared, and there were naught but rocks and sands; and then the Supreme Brahma cursed them both to the lowest hell.
Then it was that the man spoke. "Curse me, but curse not her, it was not her fault, it was mine."
The Supreme Brahma said: "I will save her, but not thee." And then she spoke out of her uterus of love, out of a heart in which there was love enough to make all of her daughters rich in holy affection, and said: "If thou wilt not spare him, spare neither me; I do not wish to live without him. I love him." Then the Supreme Brahma said: "I will spare you both, and watch over you and your children forever."

H. A. POWELL SPEAKS

IN MONCTON ON THE
CANADIAN RAILWAYS
(Special To Times)

Moncton, Feb. 15.—The railway development of Canada was the subject of a comprehensive address last evening here by H. A. Powell, president of the Transcontinental, Powell, K. C. of St. John. The speaker reviewed history showing the development of the railway systems of Canada and pointing out the important places occupied. He told of the development of the C. P. R. and said New Brunswick had taken a foremost part in railway construction.
In 1850, he said, there was a total mileage of 66 miles in Canada. At the present time there are 24,000 miles of railway in operation, and 4,500 in course of construction.
Mr. Powell next took up the development of the C. P. R., saying that it is the most extensive system in the world today. Next he dealt with the grants to railway companies in Canada from dominion, provincial and municipal treasuries.

Cold Upsets the Kidneys

And Uric Acid Poisons Bring Pain and Aches to Back and Limbs
DR. CHASE'S
KIDNEY-LIVER PILLS

You feel pain in the back, and the urine heavy and unduly colored, have indigestion and irregularity of the bowels, and you are suffering from colds, coughs, and other ailments. You wonder what has gone wrong until you reflect that you have been exposed to cold, and sitting in a draft, or using a very warm room to be cooled by an outdoor draught.

The kidneys are very susceptible to cold, and a sudden change of temperature throws them out of their normal position of the skin, which are ordinarily covered by the kidneys in removing poisons from the blood.

The danger lies in not understanding the meaning of the symptoms given in the first paragraph. You know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney-Liver Pills.

Every day you eat of treatment you are taking the seeds of disease. Disease, dropsy, rheumatism. Because of the inactivity of the failing kidneys your system is being loaded with poisonous impurities, and that means pain and suffering.

Get Dr. Chase's Kidney-Liver Pills today. One pill a dose; 25 cents a box, all dealers or Edmondson, Bates & Co., Toronto.

Watch Those Backaches

Kidney disease usually steals upon us gradually—only a backache at first and consequently little notice is taken of it—perhaps one day a chill or a cold causes a temporary breakdown—and the doctor says the kidneys are diseased.
Only one way can kidney disorders be checked and cured—by prompt treatment of the kidneys themselves with a special kidney remedy. Booth's Kidney Pills are for the kidneys only. They cure sick kidneys clear and regulate the urine, relieve strain upon the heart and nerves and cure backache, rheumatic pain and dizziness. They are recommended by men and women everywhere.

Here is Proof

Jamaica Prosperous and May Lower Duties—A Boom for Georgian Bay Canal—Insurrection Fall, Navarro Enters Jurez—Notes from Early Despatches

Jamaica, Feb. 14.—Word has been received here of the seizure of the British schooner Dreamought, by the authorities of the Isle of Pines, the vessel, which is of local register, left the Cayman Islands carrying passengers, and on arrival at her destination, was seized for breach of the immigration laws. The captain was sent to jail.

Boston, Feb. 14.—Setting forth that the proposed reciprocity agreement with Canada would prove beneficial to all classes of people, both in the United States and Canada, the joint legislative committee on federal relations voted today to report favorably to the general court of Massachusetts a resolution endorsing the agreement.

Ottawa, Feb. 14.—The federated boards of trade have asked the civil publicity department for a grant for the furtherance of the objects of the federated boards, principal among which at the present time is the Georgian Bay canal. The federated boards intend sending two men on a tour of the west to enlighten the people there as to the merits of the project.

Mr. Powell said that in the past great mistakes had been made in Canada by lack of care to expedite the location of lines. Roads had been pulled here and there by political parties. He went on to speak of instances where roads were duplicated unnecessarily. An instance of this he said, was found in the case of the C. P. R. and the Transcontinental. The G. T. P., he declared, should have been an outlet at St. John, instead of Moncton. He doubted whether Moncton had repaid advantage from the building of the line, except the increase of business temporarily at the time of construction. There would be an advantage to Moncton if the line were built to the west.

Next, Mr. Powell dealt with the proposed building of the St. John Valley line. It was to be part of a transcontinental system, led the dominion government, he said, but the province of New Brunswick should not do it.

The next phase of his subject was government ownership. He looked forward to an extension of the company system in Canada, with a commission safeguarding the interests of the people. He spoke of an advantage of a government railway, and that was, it could respond to the will of the people and by lowering its fares force competing company roads to lower theirs.

A vote of thanks, moved by Thomas Williams, secretary of the board of trade, was passed. Dr. Burns, the president, presided.

ASK FOR HEALTH OFFICER

At a meeting of the provincial board of health here yesterday a resolution was passed that the government to appoint a medical health officer for the province whose duties would be to advise local boards under the instructions of the provincial board. He will be required to keep in touch with the conditions, and see that the regulations are lived up to everywhere. The board also passed a resolution favoring compulsory vaccination of school children as far as possible.

Col. Malloy advocated the extension of the quarantine from twelve to fourteen days, as at present, to twenty-one or twenty-two days. Measures should also be taken to prevent the importation of rats to report cases of infectious disease.

Dr. Desmond spoke of the importance of doctor assisting in the vaccination in the case of children was successful for favoring certificates.

Dr. Barron expressed himself as strongly in favor of compulsory vaccination among school children as the only effective safeguard.

A resolution was finally introduced and carried in favor of compulsory vaccination wherever practicable, as well as the appointment of a provincial health officer.

Mrs. Robb and Miss Yarnway played a mandolin duet. About \$60 was realized for the institute from the sale of valentines.

The girls' and ladies' quartettes were also heard to advantage.

WAS IN MEXICO.
Sackville-Guillelmo Favcett, of the customs department, Ottawa, is the guest of his brother, W. W. Favcett, Jr., of Sackville. During the past year Mr. Favcett has been in Tehuantepec, Mexico, where he has been looking after the transportation of freight in connection with the Canadian customs. He was recently relieved from his work in Mexico and arrived in Canada about a fortnight ago. After spending a short time in Sackville he will return to Ottawa.

SACKVILLE BUILDING.
Sackville Post—The handsome new house which has been recently constructed for Dr. H. W. Murray of Sackville, is now completed, and Dr. Murray and family intend removing to it early this week. The house, which they are vacating, has been purchased by the Roman Catholic congregation of the town, who, after making some additions to it, will use it as a home for the parish nurse.

I Give Men This Vitality of Youth

Vitality is the thing which makes success; it gives men that compelling power which sends them forth eager and equipped to meet and overcome all obstacles; it is the thing which gives the young soldier courage to face death; it is the thing which inspires and holds his sweetheart's love and faith. No matter what your age, I can give you this same vital power. I can restore the vigor you lost, no matter how early or later indigestion may have sapped your strength; I can make you "young" and keep you "young." From an intimate and studious observation of possibly 10,000 weakened men, I say to you that VITALITY is the current to the parts needing it. Recommended also for rheumatism, pain in the back, kidney, liver, stomach and bladder disorders, it makes the man who bubbles with vital you feel young and keeps you feeling power will exert a pleasing influence upon all with whom he comes in contact; women are naturally attracted to him, as are men. Lack of vitality is a negative condition, and it even repels. You wear my HEALTH BELT all night; it sends a great glowing, health-giving current of electro-vitality into your nerves, blood and organs; it takes all the "funk" out of your back and all the coward out of your make-up; it puts you right up in the "feeling fine" class and keeps you there. No stimulation, no false promises, just a sure return to manhood and courage. The special electro-vitality, free with each belt, carries the current to the parts needing it.
