The Smelt Fishery.

The Miramicki smelt fishermen, havng sent numerously-signed petitions to the Department at Ottawa, praying to be allowed to sh until 29th inst., intime only to be removed at another, as if they were designedly imposed for the sole purp se of giving the fishernen all the trouble possible. There is not, and never, at any season, was any reason why the smelt fishing season should end in the middle of February. There are few ish caught between the middle of Dec mber and the middle of February, while fishing is fair and prices good from the present time until the first of March. What is required the end of Foruary, but a change in end of the season. The Department is so wretchedly dvised, however, by the Inspector at St. John as to afford Miramichi fisiermen little hope of intelligent tree ment for their interests, so long as he remains in a position to modelle with them.

RISMARCE PREBUTATES REANDY on 6th inst in the German Reichstag annears to hav fullaged and agen hotdeemed good for them. The New York Herald's cable report of the incidents of the occasion a va:-"Beside hin stood a tumbler

Mr. Gladatone said that he rose to Mr. Gladstone said that he rose to appear at this eary stage of the debate that peace would be maintained. (Hear, perfect woman climbs to, passing which, radiant, content, grateful she enters apeak at this eary stage of the debate hoping that he might contribute to expended hoping that he might contribute to Ereland Lord heaven. a source of danger to two great empires. is not merely temporary extension to was settled -a great thing in itself -and he trusted that it would modify the the regulation making that date the jealousies existing regarding the territorial aware no other cause for misunderstanding remained between the nationa. Hear, hear ?"

THE IRISH SPECTER WILL NOT DOWN. Referring to Ireland Mr. Gladatone said While the opposition are anxious to expedite business the government's policy in Ireland cannot be lightly passed over. Bismarck, in adivering his great speech (Cheers.) The address declares that crimes of an agrarian character have diminished and that conspiracy has sensibly tered the practice of "the good old shated through the careful execution of days" when strong men took what they the Crimes act. I am disposed to substitute for 'careful' some very different word," (Cheers.)

The whole subject of the administration amandment, he debated. He would no anticipate the debate, but could not pas over the assertion that the Irish people under coercion had become mure recor ciled to law. (Cheera.) THE PROGRESS IN SELF-COMMAND.

When he looked back fifty years upor he exuberancy of crime under a pressure of difficulties not less than now exists, he was amazed at the progress made in selfcommand. Self-control was more and more becoming a habit of the Irish people. It was owing to this fact that agrarian rime had lessened. But the government could not be con-

gratulated on assisting to diminish the act 350 persons had been tried or sentenced. Was the House to believe that those returns showed a diminution of offences as compared with the same period last year? He demanded that the government produce official data in support of the alleged decrease of offences.

POLITICS PUNISHED, NOT CRIME. The returns showed that while the art the chase, the strong man and the girl's ministration of the common law was dark face, stood furth in the warm lumcasior in Ireland than in Great Britain, inarce, pre-raphaelite. The Trapper the administration of the law relating to sai in a great chair, built solidly of the administration of the law relating to

He was not as yet prepared to state the tion. They would be perfectly ready to discuss the whole subject of the Irish policy, including Mr. Gladstone's argu-

Mr. Gladstone had called the address a challenging one, but if they had not clumed credit for their policy be would have

They would be prepared at the proper time to justify the assertion that crime and conspiracy had diminished. It must be recollected that the exclusive dealing they sought to suppress was exclusive dealing sanctioned by crime. It was not the first time in the history of Ireland that the administration of the criminal law had been intrusted to the magistracy. It would be a mere mockery to make proposals to reconstruct the Irish government.

"It cannot be, I am an underried man and poor, I am not fit," Above him, in her chamber, neatling in allept the girl sighed in her dreams and nummer How blind he is!" and the winder; and so the two grew upward side by side in knowledue, he learning of the past as taught in books; of men long dead whose names had been unknown to him; of deeds done by the mighty of the world; of the world world; of the world world; of the world wor party triumph through such means. They ness in reasonable hours.

some aspects of their foreign policy. The question of the Afghan boundary, so long saying that they admitted that some kind is saying that they admitted that some kind of home rule must eventually be adopted.

This was not true, and Mr. Gladatone This was not true, and Mr. Gladatone would be the last man in the world to attreed in root and hough and the fiber Lord Crawford moved the address in reply to the Queen's spreech. The motion

was seconded by Lord Armstrong.

The new p-ocodure rules will be laid on the table on Monday. It will be proposed to met at three P. M. and to adjourn at through the monarce of molt and the monarce of molt and through the wild, gamy odors through the one A. M., with automatic cloture on wonds. The akeleton trees thickened controversial business at half-past twelve. The majority necessary to apply chiture will be reduced and the Speaker's power over disorderly members will be increased.

(Continued on 3rd page)

THE DOOM OF MAMELONS

LBUEND OF THE SARUENAY, BY W. H. CHAPTER IV. Next day, the Trapper's sign proved true. Winter fell whitely on the world. It soit force floated downward reat to the shores. The flying leaves, = | and of duty unto each. The girl he'd rear to the shores. The first mount of heaves, and first the short birds. Toward night the wind areas. The forest mount heave.

The forest mount heave.

The forest mount heave.

The forest mount heave.

The forest mount heave. wind arose. The forest mouned heaving. At sunset, in the grey gloom, a flook of ducks, soared southward, through the whirling atorm. A field of geore, leaderless, bewildered, blinded by the driving flakes, scent d water, and like a noisy mob, fell, with a nighty splash into the lake. Sunmer went with the day, and with the night came vinter, white, odd and sturny, roaring violently through the air. In the great hall sat the two. The logs, piled on the wide hearth, glowed red, a solid condition of the distribution of the logs, piled on the wide hearth, glowed red, a solid condition of the old, cracked with concentric rings. They redered the half Books, akins, the antiered trophies of the chase, the strong man and the girl's law, that riches heritage to shildren.

agrarian orime had been transferred from judges and judges and judges and seem transferred dependent when the result is a second of the second was the recognized basis of the union? ("Hear, hear!")

[Sames which burned the stored knowledge of the world to ashes, at Alexandria. The royal speech promised local legistation for England. Why did the government not reduce its promises of an extension of self-government to Ireland? The power of action of Dublin Castle had been increased and intensited and the story of the ready the two happiess men in Omaha were at the readaurant of F. Poppendick, at the orner of Howard and intensited and the story of the ready whose and the story of run ninety-nine chances in a hundred of being nested before leaving tide water, should the ascent of the river be entered upon.

In one of our rivers, the facts above stated have been so fully realised by the Fisheries Department as to lead to the absolute prohibition of net-fishing above tidal waters. Now, if this prohibition of net-fishing above tidal waters. Now, if this prohibition were made in the interest of the salmon fishery as a valuable industry of the country, it would doubtless meet with general approval, although a few to whom it was and is a hardship might suffer. But when one or two classes interested in the matter are made to bear all the drawbacks and The power of action of Dublin Castle had been increased and intensified, and the appracions of the Lish for self-government had been increased or unhooded (Cherrs)
