

NOVA SCOTIA.

MAITLAND.

Maitland, Hants Co., Jan. 18.—The funeral of the late Mrs. Frame, wife of Archibald Frame, late M. P. for Hants, and daughter of the late Hon. A. McNutt Cochran, took place yesterday afternoon and was attended by a very large number of the residents of this section of the country. The Rev. Messrs. Jack and Daniels took the religious exercises at the home in Selmah, and the Rev. W. Chas. Wilson of Springhill and Rev. G. R. Martell took the services at the Maitland church, which was densely crowded, and at the grave.

HALIFAX.

Halifax, Jan. 22.—A meeting of the retail merchants tonight decided in favor of the early closing of the places of business. A committee was appointed to draft an act for submission to the legislature on the lines of the Ontario Early Closing act. This enactment provides that where three-quarters of those engaged in any line of mercantile business petition the city council to have an act put in force that it shall then become law, and the shops shall be compulsorily closed at six o'clock except on Saturdays.

The Halifax Sunday School association has taken the religious census of this city. The work was done by three hundred and twenty-three visitors with the concurrence and endorsement of Archbishop O'Brien. The following is the result of the enumeration: Adults, 21 and over, Catholics, 5,542; Protestants, 3,798; total, 15,340; persons 4 to 20: Catholics, 3,421; Protestants, 7,328; total, 10,749; under 4 years: Catholics, 725; Protestants, 1,470; total, 2,195; regular church attendance: Catholics, 5,141; Protestants, 13,773; total, 18,914; not attending church: Catholics, 371; Protestants, 1,677; total, 1,448; attending Sunday school: Catholics, 1,266; Protestants, 7,212; total, 8,478; not attending Sunday school: Catholics, 1,426; Protestants, 4,290; total, 5,716.

Halifax, Jan. 23.—It was a big surprise when the appointment by Premier Fielding of J. G. Foster to the probate judgeship was announced today. He had been registrar of probates and was made judge in order to afford a place in which to put H. F. Jones, son of Hon. A. G. Jones. The fight for Frank H. Bell for the judgeship and the opposition to Mr. Jones have made the contest interesting. The double shuffle will not please everybody, but it had to be done. Mr. Foster has latterly spent much of his time out of the provinces and was merely a nominal registrar.

Ex-Mayor Macintosh has formally accepted the candidacy for the mayoralty of Halifax. The election takes place the end of April.

George R. Taylor, of the West India firm of John Taylor & C., died tonight.

Halifax, Jan. 24.—The Imperial military authorities are very much exercised over the disappearance of Sergeant Balham and Corporal Hosson of the Royal Engineers, and with them some \$3,000 of military funds. Balham was pay sergeant, and Hosson is believed to have shared in the spoils. It is believed that Balham took the early train Tuesday en route to Philadelphia, where he is a brother. Before leaving he evidently made away with the books, as they cannot be found. The sum stolen included money which was entrusted to him to pay the accounts of the regiment. The accounts of a number of companies against the Royal Engineers, which were believed to have been paid, are still unsettled. The military authorities will use every effort to run down the men, and if they are located in the states extradition proceedings will be instituted. The police of Boston, Philadelphia and other points have been telegraphed.

An epidemic of scarlet fever prevails in Halifax, and many deaths have occurred. The disease was taken into the Victoria general hospital, and half a dozen of the nurses contracted it. They were removed to the hospital for infectious diseases, but the fever still lingered in the general hospital and spread among the patients. In some cases whole families of children were stricken down. Mrs. Geo. S. Campbell, daughter of the famous Scotch singer, David Kennedy, and the best vocalist in Halifax, contracted the disease while nursing her afflicted child. The child died this afternoon. Mrs. Campbell will probably recover.

WORSHIPPING THE GOD OF WHISKY.

According to the Evangelisch-Lutherische Kirchen Zeitung, Berlin, a horrible caricature of the conversion of heathens to the Christian faith is being enacted in Cameroon. The old service of the fetishes are prohibited under German rule, but the Dualas have no intention to renounce heathenism, and have now organized themselves into a body having all the appearance of a religious community. The authorities have been asked to investigate the matter. Our contemporary says: To find a substitute for the worship of idols the Dualas have organized the Almela "church." Almela is the god of whisky, and well known all through the coast district. To keep up the semblance of a religious community the Almela demand that intending members of their congregation pass an "examination" to prove their fitness. The convert is then immersed after the manner of the Baptists. When he arises from the water he is given a glass of liquor, and exhorted to remember that liquor shall henceforth be his god. The "convert" thus bound to drink, proceeds to alcohol. Meetings are held Sundays, and the leader takes a book from which he pretends to read, but in reality discourses on the harmlessness and pleasures of vice. Many people of Bongo have sought admittance into this body. They were told that Almela worship came from Europe, being one of the many religious sects of the Christians.

TOOK TOO MUCH WHISKY.

Wills Rodgers, who was a passenger from Waterville, Me., came into the city Thursday on the Boston express. He proceeded immediately to I. C. R. Officer Collins and reported that he had been robbed of twenty

dollars on the train, and pointed out News Agent William Howard as the person who took his money. Rodgers had partaken a little too freely of whisky, and Officer Collins was loth to believe the story, more especially as he knew Howard to be a quiet, industrious, honest young man. However, Rodgers insisted that Howard had snatched a twenty dollar bill out of his hand, and Collins took both men up to the central police station. Howard of course denied the story, and a search failed to find the money in his possession. The magistrate held an inquiry into the case, and dismissed Howard, Rodgers being unable to sustain his reckless statement. Rodgers accused some persons on the train of stealing his money and later accused Howard.

P. E. ISLAND.

Victoria, Jan. 17.—The rink is opened and running under new management. A flock of wild geese was seen in the harbor a few days since. It has not been known before at this season of the year. This is an indication of the very mild winter.

Mrs. Palmer, an aged resident, passed away after a lingering illness on Tuesday last. Great havoc was caused by the recent storm to the telephone wires, and for some days Victoria was cut off.

The union service closing the week of prayer in the Methodist church was very largely attended.

A good deal of sickness prevails among children here and at Hampton, doubtless owing to the very mild weather and the slush and water in which the streets have abounded.

Smelt fishing, which has been quite an industry during past winters, has thus far been very unsuccessful.

Capt. Myers is in the city taking a further course in navigation.

John Bentley was called away from home to see his brother-in-law, William Tuplin, Kensington, who is lying at the point of death.

Crapaud, Jan. 18.—The continued thaw has proved of great service to the millowners and farmers. The former now have their mill ponds filled and are able to meet the demands made upon them, whilst the farmer has been benefited with a good supply of water in their springs and wells, quite a number having had to drive their stock a long distance to water.

A sale of Mark Trowdale's effects took place last Saturday, the auctioneer being O. B. Wadman. A Dean machine and harness brought the sum of twenty-two dollars.

Special services, following the week of prayer, are being held in the Methodist church.

Bedeque, Jan. 17.—Mrs. Lemuel Hooper of Central Bedeque died last night at the residence of her son, Allison Hooper, aged 72.

Mrs. Hooper was the daughter of the late Rev. John B. Strong, whose remains, together with those of his wife, lie in the field behind the Bedeque Methodist church. Mrs. Hooper's husband died in 1887. W. G. Strong, Charles Strong, customs officer of Summerside, and John Strong of Halifax, are her sons. She has two daughters, one of whom is living in the above brothers survive her.

Mrs. Hooper was highly respected by the community, and has been a consistent member of the Methodist church for a number of years.

The home of George Wright of the "Milla" has been entered by death. A beautiful boy six months old dying of inflammation of the lungs.

The Baptist church of Central Bedeque is to be opened on the 3rd of February.

Georgetown, Jan. 18.—The third annual meeting of shareholders in the Three Rivers S. S. company was held on Jan. 15. This company makes an excellent pulp for the year. The following directors were re-elected for the ensuing year: Malcolm McDonald, pres.; Georgetown; James Clow, ex-M. P. P. vice-pres.; Murray Harbor; D. A. Macdonald, M. P. P., sec.-treas.; Georgetown; A. P. Frowde, Murray Harbor; G. C. Thompson, Montague; George Wightman, Montague.

The cargo of the steamer Elmore, owned by Capt. Wm. McLaren, who is a large shareholder, and to whose business ability a great deal of the success of the company is attributed. The steamer sails between Pictou, N. S., and the eastern part of P. E. I., during the three years that she has been on this route she has worked up a considerable trade. The Elmore is a fine vessel, and Pictou is to be thoroughly overhauled and put in good shape for next season's work.

The annual meetings of the shareholders in the cheese companies in this vicinity, at Montague, Murray Harbor, North and New Perth, were also held on Tuesday. They have all done a good season's work. Cheese making was discontinued for the season about the middle of October. As the winter has been so cold, the cheese is rapidly making a name for itself.

John Ball of this town celebrated the one hundred anniversary of his birthday on the 18th inst. He was born in Leicestershire, England, and came to P. E. I. when Georgetown consisted of only one house, and has lived here ever since, except for three years. He is still strong and healthy and seems likely to live for some years yet. There are several old people in Georgetown, and this shows that it is one of the most healthy places in the world.

The ferry boat between Georgetown and Lower Montague still makes regular trips. It is very seldom that she runs as late in the season as this.

The Stanley is making regular daily trips between here and Pictou, N. S.

Cape Traverse, Jan. 21.—A public meeting was held by the inhabitants of this district on Thursday last, the 17th inst., for the purpose of organizing the Cape Traverse dairymen's company.

A good selection of representatives were present, and the subject was fully discussed. John Moore of Crapaud, who is largely interested in a creamery of that place, was present and gave valuable information on the scheme to be undertaken. Several places for a site were named, but it was settled to locate it at or near Gordon Dawson's Cross road corner, as the most central place.

The following directors were elected: James Gillespie, Carleton; John Irvine, Cape Traverse; Neill McFayden, Augustine Cove; Chas. Bell, Cape Traverse; Ephraim Bell, Cape Traverse; Benj. Webster, Augustine Cove; Wallace Lowther, North Carleton; Albert Wright, Seartown; Alder Black, do.

John D. Muttart, Cape Traverse, who were requested to obtain from the attorney general letters to legally form the company without unnecessary delay. The directors were also authorized to prepare an estimate of the site, buildings and plant; to solicit patrons and the possible number of cows which they would likely be able to procure and report at their next meeting.

The first ice-boat of the season crossed the straits from Cape Tormentine to Cape Traverse, carrying two passengers and their baggage. Mort. Allen in charge. They reported the crossing to be fairly good, although the time made was longer than usual, on account of the current, which was swiftly running to the east and carried them three miles east of Cape Traverse, at which point they landed.

Tryon, Jan. 19.—The twenty-seventh day of December (St. John's day) being very stormy, True Brothers' lodge, F. and A. M., did not meet for the installation of officers. The installation took place the following week.

Installed: Wesley Myers, W. M.; Samuel E. Reid, S. W.; Dr. Doherty, J. W.; Oliver B. Wadman, Sec.; John Lang, Treas.; Rev. G. W. Fisher, Chap.; J. D. Sheriff, S. D.; Wm. Collet, J. D.

Chas. Doull, Tyler; Oliver Muttart, steward.

A fire occurred at Mount Tryon last night. A barn and some outbuildings were burned and great difficulty was experienced in saving the house, a new one, standing quite near. There was a large quantity of hay and oats in the barn, besides farming implements, all of which were destroyed. The owner was Henry Bham, who last summer moved to another farm at North Tryon. There is no insurance, and Mr. Bham can ill afford the loss. With commendable activity a subscription list has been started by the neighbors. The origin of the fire is a mystery, the general feeling being that it was the work of an incendiary.

SPORTING MATTERS.

SKATING.

At the Victoria Thursday Night. Not since the days Hugh J. McCormick was in his prime has there such a crowd at Victoria rink as that present on the 24th to witness the contests between Merritt and Davidson, Dalton and Lamb, and the exhibition of fancy skating by Mr. Hagen-Oberbye, amateur champion of Norway.

The number of skaters on the ice up to nine o'clock was unusually large. At that hour the ice was cleared and the first race was on, that between Merritt and Davidson. For five laps the two men put out on a very lively clip, but Davidson lacked the staying qualities and Merritt was at his heels, having gained a half a lap. Notwithstanding this the half mile (seven laps) was skated in the very quick time of 1:30, but the mile fell down to 3:25.

Merritt had the race to himself after the first half mile. The next race was one mile and was between Ed. Dalton of Indiantown and Will Lamb of Clifton. The latter won easily in 3:18. Dalton apparently "pumped out" after the first half mile.

Then followed the exhibition of fancy skating by Mr. Hagen-Oberbye. The Norwegian champion appeared at a disadvantage, being unwell, nevertheless his many graceful movements were loudly applauded.

Some Past Work at Red Bank. Red Bank, N. J., Jan. 24.—Johnson, Mosher and Davidson broke some world's records this morning, skating with the wind. They were as follows: Davidson, 220 yards, standing start, time 16:45; Johnson, 220 yards, standing start, time 17:15; Mosher, flying start, 220 yards, 15:25. These are not official records.

Fast Time on Skates. Red Bank, Jan. 24.—Thomas Eck and his skating trio, John S. Johnson, Olaf Rudd, and Harley Davidson, and Howard Mosher, were out on the river limbering up for their performances in the afternoon. The ice couldn't have been better.

At 3:30 o'clock Johnson started to beat the 500-metre (548 yards) record, standing start. He covered the distance in 41:45 seconds, beating the previous record of 45:45 seconds. Davidson then tried for the quarter of a mile record, standing start, and was successful. His time was 1:55 seconds. Then Olaf Rudd, with a flying start, equalled the half a mile record of 1 minute 5:25 seconds. J. C. Hemment, with standing start, skated 200 yards in 16:25 seconds, the previous record being Sam Lee's 18 seconds.

Davidson, with a standing start, covered 220 yards in 17:45 seconds, the previous record being Sam Lee's 19:34 seconds.

These trials were made under the management of members of the North Shrewsbury Ice Yacht club, and are entirely reliable. Architect R. D. Chandler measured off the course, and Capt. Chas. E. Throckmorton was starter. Capt. Jas. Weaver, and James Doubtly looked after the course, and Major Joseph Field, Lemuel Ketchum, E. W. Throckmorton, and J. W. Eck were timers. The men were sent away by the report of a gun, and, as the start was perfectly clear, there could have been no mistakes. There is only one thing that might have been in favor of the skaters, and that was a fair breeze. Trials will be made again tomorrow.

Red Bank, N. J., Jan. 27.—The 100 yards skating record, standing start, was broken this afternoon by John S. Johnson, who made the distance in 9:15 seconds. Davidson, who was second, was only one-fifth of a second behind the leader. With a flying start, Mosher and Davidson broke the 220 yards record in seven seconds. The skating races which were postponed on Saturday will be held tomorrow. James Donoghue's entry was received tonight.

FOOTBALL.

The athletic association last evening unanimously passed a resolution affirming their approval of the measures taken by G. M. Blakeney in relieving difficulty with St. John, their belief that an investigation was necessary to uphold the good name of football in the province and that they took no responsibility for Capt. Sanford's apology to St. John—Sackville Post.

FILES! FILES! ITCHING FILES! SYMPTOMS—Molting; intense itching and burning; most at night; worse by scratching. If allowed to continue tumor form, which often bleed and ulcerate, becoming very sore. OINTMENT stops the itching and bleeding; heals ulceration, and in most cases cures the disease. Sold by mail for 50 cents. Dr. Swayne & Son, Philadelphia; Lyman, Sons & Co., Montreal, wholesale agents.

Advertise in THE WEEKLY SUN.

INTERESTING TO MEN. Having been restored to perfect health and sound mind, I will inform you of the effects of youthfully and vigorously. I was a weak, nervous, and dissipated man, and I was cured by the use of Dr. Swayne's Ointment. I am now a strong, healthy, and happy man, and I am able to do all the work of a young man. I am now a strong, healthy, and happy man, and I am able to do all the work of a young man. I am now a strong, healthy, and happy man, and I am able to do all the work of a young man.

HE WAS NOT A GLUTTON. A certain senator who has a reputation for making long-winded speeches was at the door Tuesday, when a certain other senator got up in his seat and slowly wended his way out of the chamber, evidently to escape the speech.

"Why don't you stay and listen to your countryman's speech?" said the senator, as he came into the lobby.

"My constituents did not send me here to do a speech," was the reply, and the senator turned his way along the corridor toward the restaurant. And he said it without a smile.

W. H. THORNE & CO., MARKET SQUARE, ST. JOHN.

M. DE GIERS.

Russian Minister of Foreign Affairs Passes Away Suddenly.

St. Petersburg, Jan. 27.—The immediate cause of the death, Saturday night, of M. DeGiers, the minister of foreign affairs, was angina pectoris, complicated with inflammation of the lungs. He fell into a deep sleep early Saturday evening, and passed away almost imperceptibly at 6 o'clock that night. A catafalque has been erected in the death chamber and requiems will be sung daily until the funeral takes place on Wednesday next.

Prayers for the dead were offered at the cathedral today in the presence of the Czar, the Grand Duke and Duchess Vladimir and the ministers.

It is not likely that the death of M. DeGiers will involve any change of policy, all of his probable successors being in accord with the Czar in the desire for peace.

NOW FOR CANADIAN SONGS.

The National League to Collect Anything and Everything in This Line.

The sub-committee of the league on "The collection of national and patriotic songs," have got to work and, undeterred by the preliminary survey of even this wide field, will include within this scope of their enquiries not alone all hitherto published songs of strictly national or patriotic character, but such of these as may yet be in the authors' music or verse MS.

They also desire to glean among the broader fields of Canadian ballad and lyric poetry published or latent—such material as may be adapted to be set to music. They hope their enquiries may bring to light much valuable, and perhaps hitherto not generally known material out of which may be formed a collection of national song literature worthy of the name and a heavy one and the labor solely one of love, not money, the committee earnestly desire and will gratefully welcome the co-operation of all Canadians in this patriotic work. They would thank the press to make it widely known that anyone having copies of verse or music as may even in the slightest degree be thought applicable and useful or possessed of information as to probable sources where such could be had, can greatly aid and will confer a favor by sending them to the communicating with any of the following members of the committee: W. D. Lighthall, M. A. B. C. L. (chairman); R. A. Becket, A. R. Grafton, S. M. Baylis, W. H. Smith, or the honorary secretary, H. J. Ross, P. Q. Box 487, Montreal.

FISH AUCTION, RAVENNA.

It was on the day of the fish auction that I first went there. The tiny port of the pier (for Ravenna has now no harbor), they were making an incredible din over the emptyings of the nets; pretty, mottled, metallic fish and silvery oysters, and sea urchins and starfishes—like pieces of sea mud. The fishing boats, mostly from the Venetian lagoon, were moored along the pier, wide-bowed things, with eyes in the prow like the ships of Ulysses; and bigger craft, with little castles and weather vane and saints' images and pennons on the masts like the galleys of St. Ursula as pointed by Caracciolo; but all with the splendid orange sail, patched with sun, lions and colored stripes of the northern Adriatic. The fishermen from Chioggia, their heads covered with the high scarlet cap of the fifteenth century, were yelling at the longed artillerymen in their white undress and yellow straps, who are encamped for practice on the sands, and whose carts and guns we had met rattling along the sandy road through the marsh—Vernon Lee, in Macmillan's Magazine.

WEST INDIA MARKETS.

A Barbados circular of Dec. 29th says the oat market was fully supplied, hay market overstocked, fish market dull, white pine lumber in good demand, stocks of spruce moderate, horse market overstocked. Hay was selling at 70 to 80c. per 100 lbs. The potato market was then improving. Stocks of breadstuffs were reduced and prospects improving.

THE HONORABLE GEORGE E. FOSTER, having intimated his intention of not being a candidate for the representation of Kings County at the next Dominion election, a convention of the Liberal Conservative party of Kings is hereby called, to be held at the Court House at Hampton on Thursday, the fourteenth day of February next at eleven o'clock, a.m., for the purpose of electing a candidate to represent the county at the next Dominion election. The following members of the committee: W. D. Lighthall, M. A. B. C. L. (chairman); R. A. Becket, A. R. Grafton, S. M. Baylis, W. H. Smith, or the honorary secretary, H. J. Ross, P. Q. Box 487, Montreal.

OVERCROWDED LONDON. In a recent address at Queen's hall, London, Mr. Asquith said: The overcrowding in London is terrible. There are about 400,000 persons in London in one room; 800,000 living two or more in a single room. In Clarendon and Whitechapel over one-third of the population live more than two in a room.

FEMININE HUNTER. West Virginia has a girl hunter whose aim is death to bears. She has a record of seven large animals of the brute family during the last year.

INTERCOLONIAL RAILWAY. On and after Monday, the 1st October, 1894, the trains of this Railway will run daily (Sunday excepted) as follows:

TRAINS WILL LEAVE ST. JOHN. Express for Campbellton, Piquette, Pictou and Halifax..... 7.00 Express for Halifax..... 13.00 Express for Quebec and Montreal..... 16.30 Express for Sussex..... 16.40

Passengers from St. John for Quebec and Montreal take through sleeping cars at Montreal at 12.30 o'clock.

TRAINS WILL ARRIVE AT ST. JOHN. Express from Sussex..... 8.30 Express from Montreal and Quebec (Monday excepted)..... 16.30 Express from Montreal (daily)..... 16.30 Express from Halifax..... 16.50 Express from Pictou and Campbellton..... 16.50 Accommodation from Montreal..... 24.50

The trains of the Intercolonial Railway are heated by steam from the locomotive, and those between Halifax and Montreal via large animals of the brute family during the last year.

ALL TRAINS are run by Eastern Standard time.

D. POTTINGER, General Manager.

Railway Office, Moncton, N. B., 27th Sept., 1894.

ANÆMIC WOMEN with pale or sallow complexion, or suffering from skin eruptions or scrofulous blood, will find quick relief in Scott's Emulsion. All of the stages of Emaciation, and a general decline of health, are speedily cured.

Scott's Emulsion

takes away the pale, haggard look that comes with General Debility. It enriches the blood, stimulates the appetite, creates healthy flesh and brings back strength and vitality. For Coughs, Colds, Sore Throat, Bronchitis, Weak Lung, Consumption and Wasting Diseases of Children.

Send for our pamphlet, Mailed FREE. Scott & Borne, Belleville. All Druggists. 50c. & \$1.
