### CORNER STONE OF CITADEL TO BE LAID TOMORROW.

Salvation Army Planning Big Ceremony for the Occasion—  
Mayor Sears Will Officiate—Several Citizens to Speak

Although the work of construction only started a few weeks ago, the corner stone of the new Salvation Army Citadel on Charlotte street will be laid tomorrow. Ensign Freeman, who is in charge of the building operations, expects to have the new barracks completed in October. A large crew of men

BRIGADIER TURNER.

are now employed and the number will be increased as the work progresses. When completed the building will be one of the finest owned by the Salvation Army in the Dominion. As shown in the cut, the exterior will be handsomely constructed in stone. The interior of the building will be well laid out. The auditorium is to be furnished in first-class style, and will seat 500 people. The large hall in the basement, to be used as a Sunday school room will have a seating capacity of 200. The lavatories, band room and furnace room will also be situated in the basement. The contractors doing the different branches of work on the building are as follows: John H. Burley, brick-work; J. Reid, painting; and J. Steiner, plumbing. Ensign Freeman, who is supervising the job, is a Toronto man. He is a capable member of the building staff of the Army and has been in this province for some months looking after repair work, etc. He hopes to have the new citadel ready for occupation in time for the fall council meetings which open in the latter part of October.

The laying of the corner stone tomorrow will be marked by special ceremony. Mayor Sears will place the stone and officers representing the corps will be present. The band will also be in attendance. Brigadier Turner will be in charge of the meeting, and addresses will be delivered by Mayor Sears, Ald. Bullock, Thomas Bullock, Rev. Mr. Armstrong, C. N. Sidmer and others. The service takes place at four o'clock.

### BIG CROWD PRESENT AT ROCKWOOD LAST NIGHT

It is estimated that eight or ten thousand people went out to Rockwood Park last night and listened to the fine programme of music provided by the City Concert Band. All the attractions were well patronized, the merry-go-round and the Ferris wheel having a steady stream of patrons, while the big pavilion was taxed to the utmost to accommodate those who were in search of refreshments. The boating on the lake is proving one of the strongest attractions, every boat and canoe being in constant use from 7 until 11 o'clock.

The automatic swings, which are something entirely new in St. John, are being set up today.

The new motor for the shoot-the-chutes will be installed today or tomorrow and this feature will no doubt be in full working order for Saturday.

There will be a band concert to-night and arrangements are being made for a band or fireworks every fine night hereafter.

### ST. JOHN HAS NOW THE ONLY INDEPENDENT MILL

Since the transfer to the Canadian Colored Cotton Co. of the Gibson Mills, which took place on the first of July, St. John has the only independent mill in Canada. The Canadian Colored Co. now controls six mills, and the Dominion Textile Co. fourteen. One or two of these are known as independents, but are in reality owned and controlled by the larger companies. The St. John mills alone, of the twenty odd plants in Canada, are strictly independent, and are entirely owned by local shareholders. The management have every intention of remaining independent.

Three coachmen, Arthur Love, Arthur Worsen and John McManus are charged with violating the rules of the I. C. R.
