Poetry.

DELTA AND DALHOUSIE.

The following lyric, written by DELTA for the occasion, was sung at the late dinner given in Edinburgh, to Lord DALHOUSIE:—

Long, long ere the Thistle was twined with the Rose,
And the firmest of friends now were fiercest of foes,
The flag of Dalwolsey aye foremost was seen:
Thro' the night of oppression it glittered afar;
To the patriot's eye 'twas a ne'er setting star;
And with Bruce and with Wallace it flashed thro' the fray,
When "Freedom or Death" was the shout of the day.
For the Thistle of Scotland shall ever be green:

A long line of chieftains' from father to son,
They lived for their country—their purpose was one—
In heart they were true, and in hand they were clean;
From the hero of yore, who in Gorion's grim caves
Kept watch with the band who destained to be slaves,
Down to him with the Hopetoun and Lynedoch who vied
Who should shine like a twin star by Wellington's side,
For the Thistle of Scotland shall ever be green!

Then a bumper to him in whose bosom combine
All the virtues that proudly ennoble his line,
As dear to his country, as staunch to his Queen:
Nor less than Dalhousie a patriot we find,
Whose field is the senate, whose sword is the mind,
And whose aim is the pride of the world to compose—
That the Shamrock may bloom by the side of the Rose,
And the Thistle of Scotland for ever be green!

It is not alone for his bearing and birth—
It is not alone for his wisdom and worth—
At this board that our good and our noble convene,
But a fault in the blessings which India may draw,
From Science, from Commerce, Religion, and Law;
And that all who obey Briton's sceptre may see,
That knowledge is power—that the truth makes us free.
For the Thistle of Scotland shall ever be green!

A hail and farewell! It is pledged to the brim,
And drained to the bottom in honor of him
Who a glory to Scotland shall be and hath been;
United in the cause of his Country and Crown,
May his path be a long one of spotless renown.
Till the course nobly rounded, the goal nobly won,
Fame, smiling on Scotland, shall point to her son,
For the Thistle, her Thistle, shall ever be green!

HOLLOWAY'S OINTMENT.

EXTRAORDINARY CURE OF A CASE ABANDONED BY

Guy's, the Metropolitan, King's College, and Charing Cross Hospitals.

SUMMARY OF AFFIDAVIT.

Wm. BROOKE, Messenger, of 2, Union street, Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with LUPUS, or EATING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an outdoor patient at the Metropolitan Hospital, in April 1841, where he continued for nearly four weeks. Unable to receive a cure here, the deponent sought relief at the three following Hospitals:—King's College Hospital, in May, for five weeks; at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital, at the end of August, for some weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BARNBY COOPER, and other medical officers of the establishment, last told deponent *that the only chance of saving his life was to LOSE HIS ARM!* The deponent therupon called upon Dr. Bright, chief physician, of Guy's, who, on viewing deponent's condition, kindly and liberally said, *"I am utterly at a loss what to do for you! but here is half a sovereign; go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again."* This unprejudiced advice was followed by the deponent, and a *perfect cure* effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!! When Dr. Bright was shown by the deponent, the result of his advice and charity, he said, "I am both astounded and delighted, for I thought that if I ever saw you again alive, it would be without your arm. I can only compare this cure to a charm!!!"

Sworn at the Mansion house } WM. BROOKE.
of the city of London, this }
8th day of March, 1842.
Before me, JOHN PIRIE, Mayor.

IN ALL DISEASES of the Skin, Bad Legs, Old Wounds, and Ulcers, Bad Breasts, Sore Nipples, Stony and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles, the Pills, in all the above cases, ought to be used with the Ointment; as by this means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bites of Mosquitoes, Sand-flies, Chigo-foot, Yaws and Coco-bay.

Bores, Scalds, Chilblains, Chapped Hands and Lips also Bunions and Soft Corns, will be immediately cured by the use of the Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but, as a General Medicine there is nothing equal to them. In Nervous Affections they will be found of the greatest service. These Pills are, without exception, the finest purifier of the Blood ever discovered, and ought to be used by all!!!

TRIUMPHANT SUCCESS OF

Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY FOR

Colds, Coughs, Asthma, and Consumption.

THE most celebrated and infallible remedy for Colds, Coughs, Asthma, and every form of Pulmonary Consumption, is the HUNGARIAN BALSAM OF LIFE, discovered by that eminent medical chemist, Dr. Buchan, of London, England, and extensively known as the 'Great English Remedy.'

It has been tested for upwards of seven years in Great Britain and on the continent of Europe, where it is universally considered the great and only remedy for this awful malady, and is now introduced to the public under the immediate superintendence of the inventor. Within three years it has been distributed from Maine to Florida, and from Canada to Wisconsin, and its effects are every where alike ASTONISHING AND TRIUMPHANT.

As a preventive medicine, and an antidote to the consumptive tendencies of the climate, it is invaluable. As a remedy for severe and obstinate coughs Inflammation of the Lungs, croup, &c. it is unrivaled. But the Proprietors so confident of the merit of this great remedy, in the worst forms of consumption, that he prefers to have it used by the DYING INVALID, rather than by persons afflicted with some simple and less dangerous disorder of the throat and lungs:—this may seem strong language, but it is the result of experience in thousands of cases, sustained by the most intelligent and unimpeachable testimony. It is not pronounced an infallible remedy in all cases, but it is THE MOST INFALLIBLE remedy known to the civilized world. It is the best preventive of hereditary consumption—it is the best defender against the influences of climate—it is the best remedy for incipient consumption—and it is the great and only remedy for that fearful *softening of the lungs—inflammation of the membrane, and tuberculous decay*, which are the last effects of that dreadful scourge, and which are erroneously supposed to be beyond the reach of medical aid:—the agent or proprietors of other medicines dare not claim for their preparations a power like this; they know that in no case have such effects been produced:—the grand object and purpose of the common 'remedies' is simply to *give relief—not to cure*; this is easily done by an intelligent Physician or Druggist; but while dallying with these delusive compounds, the patient rapidly declines, and every day places him farther and farther beyond the reach of hope.

Such is not the case with the Hungarian Balsam It is always salutary in its effects—never injurious It is not an opiate—it is not a tonic—it is not a mere expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—a grand healing and curative compound: the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto unconquerable malady. It is in fact the *best remedy in the world!*

[From the John Bull, newspaper, London.]

There is certainly some mysterious and peculiar virtue in the famous "Hungarian Balsam of Life" which the medical faculty are unable to discover or Dr. Buchan would not be permitted for so many years to enjoy the magnificent monopoly of the treatment and cure of Consumption in Great Britain. No satisfactory analysis of this famous compound has ever, to our knowledge, been offered to the public.
