- The clip of wool in the United King dom for 1888 was about 133,623,000 pounds, more than one-sixth of which was exported. Beerbohm figures the world's pro-duction of wheat at 1,944,600,000 bushels. Murray, of the *Price Current*, at 2,003, Murray, estimates a total yield of 2,341,700, c00 bushels.

000,000 bushels, and Prof. Grandeau, of Paris, estimates a total yield of 2,341,700, 000 bushels. — Frederick F. Thomas, a California mining engineer, recently took hold of a supposed played out mine in New South Wals. He has uncovered an-other lode,the oreof which is estimated at \$10,000,000.

at \$10,000,000. — The Imman Line steamer City of New York defeatod the White Star Line steamer Feutonic a little over three hours on their late eastern trip. The official time of the New York was six days, five hours and twenty-five minutea.

Disclinit time of the New York was six days, five hours and thereit/five minutes.
A syndicate is being formed to con-nect the Firth of Forth and the Clyde so that the largest reasels may pass from one coast to the other. The cost is placed at \$35,009,000. The work would have from 300 to 500 miles to vessels bound to the west, or from America to the east coast.
Not quite one-half of the Man-chester, Eng, ship cannal has been ex-cavated, yet the whole of the original capital of 29,812,000 has been expended within £300,000. At least £7,000,000 or £8,000,000 more will be required to finish it. It is expected the canal will be open in about two years.

### UNITED STATES.

- The September corn crop report of the U.S. Agricultural Department shows a reduction of nearly five per cent. in the general average, which is reduced to 91.

a reduction of nearly five per cent. in the general average, which is reduced to 91. — The city of Boston last week effect-ed a loan of \$500,000 for the extansion of its severe, the rate of interest being 31 per cent. The entire loan was taken at 100 41-000. — The Vesta Stove Polish Manufac-turing Co. is the rame of a new firm, re-condly organized and incorporated as the claims for the purpose of manufacturing stove polish. — The Farmer's Review reports that the potato crop of 1889 will probably ex-ceed that of any previous year in the United States. The acreage is less than last year. The total crop is estimated at 253,700,000 bushels, which exceeds last year's crop by over 17,000,000 bunhels. — The exports of beef and hog pro-ducts from the, United States, during August, year valued at \$43, 339,798, against \$64,970,000 for the cor-responding period in 187-8. — A week ago William Watkins, chief of police of Parson, Fa., was killed at the centarl railroad dopot by a freight train, while intoxicated. On Wednesday his widow filed a claim for \$10,000 damages against \$10 m Schumacher, a wealthy aloon-keeper of that place, for selling liquor to deceased while he was visibly affected by intoxionats, contrary to an at of the legislature.
