THE AMERICAN FORCES ARE ONCE MORE HEARD FROM.
The Navy This Time Has a Little Picnic - Fortifications at Subig Bushed and a Big Krupp Gun Destroyed - Americans Then Retired.
WASHINGTON, Sept. 24. -Acting Secretary Allen, of the navy department, retary Allen, of the navy dep

ceived a cable from Rear Admiral Wat-son today giving a brief account of the engagement at Subig Bay. It is dated the 24th at Manila and says:-"Mandora discovered heavy guns mounted opposite Kalakalan point, Subig Bay; exchanged shots with Charleston. Sent Charleston, Monterey, Concord and Zafiro, with detachment of marines and sailors from Baltimore, to capture and destroy. Attacked in-surgent position 23rd after bombarding, landing party carried entrenchments, dispossessed enemy and destroyed 16 landing party carried entremonments, dispossessed enemy and destroyed 16 centimetre Krupp guns. Casualties: Wm. Snepperd, apprentice, second class, Charleston, seriously wounded; Chas. Hafike, coal passer, Concord, heat proz-tration

Haffke, coal passer, Concord, heat proz-tration. "Insurgent fire heavy, but poorly aimed. Enemy's loss unknown. Full report mailed." MANILA, Sept. 24-11.25 s. m.-The U. S. cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro with marines and blue jackets from the cruiser Baltimore left Cavit-September 18 and, as already cabled, proceeded to Subig Bay to destroy an insurgent cannon there. Owing to the bad weather the opera-tion was postponed until yesterday, when the warships for three hours bombarded the town of Olangapo and the entrenchments where the gun was situated. Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by gun oot-ton and then returning to the warships. The Americans had one man wounded durir g the engagement. While waiting in Subig Bay for better

This is not as it should be and those whose duty requires them to look after the hydrants should not neglect such matters. Our fire laddies are usuallay prompt at their duties and it is unfortunate that they were a little slow this time, especially as there was no insurance on the house. resulted in a drastic failure. Thousands assembled, but not to support the speakers. On the contrary the crowd waved Union Jacks and sang the National Anthem and Rule Britannia like mighty invocations. The speakers, who were quite inaud-ible, were received with groans, decayed apples and eggs and other missiles. There were cheers for Mr. Chamberlain, secretary of state for the colonies, and hisses for President Kruger. Some sci-

piner. Beside the immediate family there were present Mrs. Ulysses S. Grant, arandmother of the bride, Mr. H. H. Honore, Mrs. Honore, the maternal grandmother being unable to be present because of illness; Mr. Edwin C. Honore, Mr. and Mrs. Harry Honore, jr., Mrs. Sartoris, wife of Capisin Sartoris; Major General Wesley A. Merritt, and Major Mot, of his staff; Adjutant General Corbin, Colonel and Mrs. Hein, and Bishop Potter. The picturesque ritual, interspersed as it was with fre-quent music by a local quartet, was quite lengthy, the sacred rites of the betrothal marriage being especi-slly intere ting and impressive. The services closed with the singing of the Russian national hymn, after which the conple received congratulations while the orchestra discoursed sweet music. The ceremony consumed fully an hour, and it was nearly midnight before the guests finally departed. ARE BEING MADE IN NEW

While waiting in Subig Bay for better weather, the Americana descried Fili-pino reinforements moving toward Olangapo. At 6.40 a. m. yesterday the Monterey began the advance upon the town, which was about three miles east of the monitor's anchorage. The Char-leston. Concord and Zafiro followed. At 7.25 the Monterey opened fire with secondary and main batteries, the Char-leston and Concord joining immedi-ately. At 7.38 the insurgent cannon answer-ed, the first shot pessing close to the Monterery's smokestack. The gun was fired twice only. The American bom-bardment then became geners'. At 9.30 the Monterey advanced to a range of 600 yards, using her main bat-tery. Two hundred and fifty men were landed about 800 yards east of the can-non at 11 o'clock under a severe shore maaser fire. The men from the Char-leston were the first to the gun, which they reached at 11.0. The cannon was found to be a 16-centi-metre Krupp gun, presumably obtained from the Spanlards. Meanwhile the warships continued to shell the shelving beach on the east and weat side to eil mee the insurgent fire upon the sailors from the trenches skin-d to part and the trenches skin-man the sailors from the trenches skin-mon at sides to eil mee the insurgent fire upon the sailors from the trenches skin-metre Krupp gun, presumably obtained from the Spanlards. The Concords men were the last to leave the shore and the warships were reached at 1250 p.m. i Oadet Brinser, with the Concord's lannch, armed with a gatiling, did ex-cellent work on the left of the landing party. Captain Myers of the marines captured a muzzle-loading field piece. Licetenant McDonald was in command of the landing party, and the movement was splendidly executed and controlled.
