LONGBOAT BREAKS CANADIAN RECORD

Speedy Indian Beats Relay of Three Men in Five Mile Race

LAST MILE THE FASTEST OF DAY

Best Previous Canadian Record Beaten by More Than a Minute—Just an Inch to the Good as He Breasted the Tape.

(Special to The Telegraph.)

Ottawa, July 29.—Tom Longboat was the star performer at the summer carnival today. He essayed to beat three men running in relays in a five mile race and at the same time to smash the Canadian record for the distance. In both efforts he was successful after what was easily the greatest exhibition of foot running even seen in the capital.

Longboat went the five miles on the Lansdowne park track in 25.55, which is a Canadian record, one minute and one second better than Tom Coley made at the Irish Canadian games in Toronto. Hilton Green was Longboat's first opponent but the brown demon went away from his Indian friend like a streak. Green hung on for two and a half miles and was seventy-five yards behind when Tom Coley set out for Longboat. Coley crowded on a great spurt and caught his man, holding him for two miles, when Lou Marsh, of Toronto, went away with Longboat for the last half mile lap. Marsh sprinted and opened out a twenty-five yard lead at the start. He looked as though Longboat had undertaken too heavy a task but the smiling Indian never faltered. In the final quarter he began to close up and coming into the stretch was at Marsh's shoulder.

Marsh is a dandy at 220 yards but he could not tack on the sprint to get away from Longboat again and Tom just had him by an inch at the tape. The last mile was the fastest of the five, Marsh being instrumental in driving Longboat's time away down.

The Hiten mile Marathon race from Bell's corner to Ottawa, and five miles on the track, had a field of fifteen runners with Shipman, of Montreal, the favorite. Several of the runners, however, including Shipman, lost their way in the country and this took some of the interest out of the event. Only four men finished, Kue with Mackenzie, of Ottawa, winning, Kerr of the Woods, Montreal, finishing third and Gordon, of the same club, fourth.

LONDON'S BITING COMMENT

ON THE TRIAL OF HAYWOOD

Shows Society in Condition More Terrible Than Civil War

—Now Talk of Haywood as Presidential Candidate—

Moyer to Be Released on \$25,000 Bail.

(Special to The Telegraph.)

London, July 29.—Commenting on the result of the trial of Wm. D. Haywood at the Chronicle today, says: "The state of society revealed by the trial is more terrible than any civil war, because it is more treacherous and is likely to be more lasting. From beginning to end it reveals a condition of brutal rapacity confronted with savage despairing violence, a condition that gives America's boasted civilization a dubious look."

The Daily News: "From the outset the question has been complicated by the fierce prejudices of a kind of smoldering class war. The whole movement, both in the evidence of the trial and its accompaniment in public excitement, has illustrated the insecurity of authority in America and the profound scepticism concerning the identity of law and justice."

Both editorials refer to President Roosevelt's "undesirable citizen" statement. The News calls it one of his frequent public indiscretions and the Chronicle predicts it will cost him dear.

Denver, Colo., July 29.—Treasury Secretary Haywood's return to Denver will be made the occasion of a great demonstration in this city by the Western Federation of Miners and other labor organizations.

SAVYORK COUNTY MAIN STOLEN CATTLE

Trying Now to Serve Warrant on Irving Anderson of Kingsclear

STRANGE STORIES ARE BEING TOLD

Reported He Has Hit the Trail for the Border—Firemen of the Capital to Send Delegation to the Tournament Here.

(Special to The Telegraph.)

Fredericton, N. B., July 29.—Quite a sensation was created here today by the announcement that a warrant had been issued for the arrest of a man named Irving Anderson, who is charged with stealing cattle. Anderson belongs to Kingsclear, is about thirty years of age, and is comes of a respectable family. After trying his hand at lumbering, milling and various other occupations with indifferent success, he lately blossomed forth as a cattle buyer. He made frequent pilgrimages into the country and returned with cattle, which he killed and disposed of to a local butcher.

Recently it became suspected that in several cases he procured cattle without going through the formality of paying for them. One story is that on Saturday last he visited a farm at Carlow, in the parish of Maugeville, took possession of two steers which he found in the field, coolly drove into a farm nearby and slaughtered them and brought the carcasses into the city and disposed of them.

Last week it is said, he borrowed a gun, explaining to the owner that he wanted to shoot a steer that had gone crazy and taken to the woods. It has since been ascertained that he did shoot a steer, but it was the property of a Maugeville farmer.

Anderson's escape reached a climax today. A man named Johnston came to this city and swore out a warrant for his arrest. Policeman McFarlane and Constable Hawthorne tried to locate him this afternoon to serve the warrant, but were unsuccessful. A report reached here this afternoon that he had taken alarm and fled to the United States. Constable Hawthorne went to Harvey this evening to continue the search.

The wedding of Miss Mayne McConnell, daughter of John R. McConnell, of St. John, and Walter Millican, formerly of St. John, and now of the I. C. R. offices at Moncton, will take place early in September. Mr. Millican and his bride will reside in Rat Portage.

A find of gold coins valued at more than \$2,000 has been made near Marysville. Spanish coins have been dug up. It is understood some were taken to a bank and the owners were offered \$18 each for them.

The Fredericton fire department has determined to send a delegation and a racing team to the firemen's tournament and celebration in St. John.

The local firemen and had invitations from both the Moncton and St. John departments, but it was remembered that St. John firemen very largely consist of non-residents. It was therefore felt to be the duty of the local department to patronize those who had come here.

In order to raise the funds necessary for sending a delegation to St. John, the 2000 firemen will hold several attractions during the summer.

FATHER DEAD, SON NOW TRIES SUICIDE

Unhappy Incidents Still Attend the Huntingdon Family.

Versailles, July 29.—The death of the aged United States soldier and an attempt at self-destruction on the part of the son Henry, who shot his sister and brothers on Sunday in the last hours of his dying father, imparted additional sadness today to the shocking tragedy in the home of Major Henry A. Huntington, which has caused a sensation in the United States colony and diplomatic circles of France.

Major Huntington died this evening soon after the news of Henry's unsuccessful attempt at suicide was given out, but the father was spared the anguish of knowledge of both this incident and the terrible crime which shattered his household as he was unconscious to the end.

According to the police Henry attempted suicide in his cell with a silk handkerchief, which he tied round his neck and fastened to the bars, seeking to strangle himself.

RUSSIA AND JAPAN LAY ASIDE ALL TRACES OF OLD WAR

Commercial Treaty Signed and Will Be Followed by Political Entente Clearing Up All the Old Trouble—Russia for New Policy of Peaceful Development.

(Special to The Telegraph.)

St. Petersburg, July 29.—The signing yesterday at the foreign office here of the treaties of commerce, navigation and fishery between Russia and Japan will be followed soon by the publication of a political entente wiping out the last traces of the contentions and hostilities arising from the late war.

The foreign office today confirmed the despatch to the Associated Press from Tokyo on this matter and admitted officially that a general political agreement between the two states was in course of preparation, that the negotiations to this end had almost reached their conclusion, and that the signatures would be affixed to this document within a few days.

Russia and Japan will mutually guarantee their rights. It was learned today that Foreign Minister Iwowsky's desire to settle pending questions in the Far East and inaugurate a new policy of peaceful colonization and development in the Russian provinces bordering on the Pacific, was met in a spirit of moderation and conciliation on the part of Japan which enabled satisfactory progress to be made and assured a successful outcome.

The relations between Russia and Japan are on such a satisfactory basis that the recent occurrences in Korea exercised no influence upon them. Russia considers herself bound by the treaty of Portsmouth, and is content to give other nations, whose hands are free, a chance to champion the Koreans.

The commercial treaty between the two countries is of a temporary nature. It will expire in 1911. No provision is made for a tariff agreement, but in place of such an understanding the two powers agree mutually to apply the most favored nation clause.
