ST. GEORGE MAN TELLS OF THOMAS G. PLANT AND GIRL'S VISIT TO CAMP—Mrs. Plant Gets Marital Knot Dissolved on the Evidence in Boston Court. Boston, Mass., Oct. 29.—The news that Mrs. Caroline G. Plant, society leader, had secured a divorce from Thomas G. Plant, a millionaire shoe manufacturer, took almost secondary interest today to the question of what financial settlement was expected in the case. Mrs. Plant did not ask alimony, yet she had originally attached her husband's property for \$100,000. The testimony given is remarkable. According to the evidence, Mr. Plant first met the girl in the case when she was employed as waitress in his private dining room at the factory. She was uncouth and vulgar, yet seems to have a womanly nature. The evidence showed that he took steps to have her educated and planned to marry her as soon as he could secure a divorce. The name of the girl was given as Katherine Hadley, or Haberly, a native of England. Mrs. Plant told the court that in 1909 Plant and a young woman stayed at "Plant Camp" Bonney River, N. B. and in St. Stephen. An interesting witness was John C. McGilly, of St. George, N. B. He testified that in the fall of 1909 he had dealings with Mr. Plant. He took his baggage from St. George to his camp about twenty-five miles. It was on a Sunday in the early part of October, 1909. There was a woman with him, at the Carlton House in St. George and at McLaughlin Lake. He had an express wagon and took them and the baggage to the shore of the lake, and then went across the lake in the direction of Plant's camp. The witness was shown a picture of a woman understood to be Miss Hadley and said that while he thought it was the woman, he had seen at the lake she was veiled at the time. McGilly further testified that Plant said "if you happen to see Mr. Sullivan, don't tell him anything about my being here, because my wife and he don't get along very well together, and she did not want to stay there."

ALL GRADES OF ONTARIO FLOUR DOWN 25 CENTS. Thursday, Oct. 31. All grades of Ontario flour declined twenty-five cents at noon yesterday. There has been no change in Manitoba prices, the price still remaining at \$6.25, while Ontario are now \$5.85. There is a probability that Manitoba patents will go lower, but the market is declared uncertain. It is difficult to forecast just what changes may ensue on account of the complications in the Balkans. The abundant Manitoba harvest had led to the belief that prices would range fairly low this fall, and it is likely to be the case unless the Balkan troubles interfere.
