MONEY-MAKING MISSIONARIES AS SCHOOL TEACHERS IN JAPAN. New York, Aug. 1.

A letter from Japan says that all deacons, ministers, etc., now in the mipploy of the government, will be dismised at the expiration of their present ontracts at repeated and irgent request of the Depärtment of Religion. The wrier says there is far too numerous a class wo dishonor the cloth they wear and the pofession to which they belong. These men, and women too, come to Japan on a salary from some mission board at hone, apply for a contract in some Japanse school, and then draw both salaries, tking their reading lessons from the Bhle when the clause in the contract which they have signed expressly wrohibits them from teaching the Christian eligion. It is such the Government intendsto dismiss, and will not only be good ridance for the natives but for the whole foeign community. NEW YORK, Aug. 1.

Ayer's Sarsaparilla.

FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this Extract of Sarsaparilla. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggesh in the veins; cleanse it whenever it foul, and your feelings will tell you when. Ever where no particular disorder is felt, people en joy better halth, and live longer, nor cleansing the blood Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health.
