

## THE VICTORIA COMPOUND SYRUP OF HYPOPHOSPHITES

Is the most important Agent known to Medical Science, from its power to relieve every form of Nervous Disease. Its anodyne effect is remarkable—tending to produce the most refreshing and renovating sleep. It should be used promptly in every case of loss of Nervous Force from whatever cause, as the Easiest, Most Direct, and Most Appropriate Remedy.

The effect upon the cough and expectoration is often very rapid, causing their disappearance or alleviation sometimes in a few days; but in regard to these symptoms there is a considerable difference in the effects, depending upon the extent and gravity of the lesions, and the stage of the disease. The night sweats, however copious they may have been, almost always disappear at the end of a week or ten days—except in cases of persistent diarrhoea, near the close of the disease, when they remain obstinate; the pains over the chest, which many patients feel so acutely, either cease, or very considerably diminish within a few days; the patient feels, on the second or third day, and sometimes even from the first, a decided increase of strength; the urinary sediments diminish and disappear; and there is a renewed feeling of vigour, cheerfulness and comfort. The effect, in all determinate cases, is to cause a modification and gradual disappearance of all the general symptoms that characterize the disease, except those which pertain to the local lesions; and even these yield, though more slowly, when they have not proceeded beyond a certain pathological condition.

The Hypophosphites have also other effects, the importance of which can hardly be over-estimated. Besides stimulating and increasing the NERVOUS ENERGY to its maximum force, they increase the quantity and improve the quality of the blood, and they also strengthen the nutritive functions; thus maintaining these conditions of robust health at their highest degree of intensity compatible with physical enjoyment.

**The Purity of the Hypophosphites absolutely essential.**

THE ABSOLUTE CHEMICAL PURITY OF THE HYPOPHOSPHITES IS THE FIRST CONDITION OF THEIR CURATIVE ACTION; when impure, they create a feeling of uneasiness and constriction in the epigastrium, which never occurs, in any instance, with chemically pure salts. The manufacture of the HYPOPHOSPHITES requires great delicacy of manipulation, and a large experience, which few chemists possess. We therefore caution our Patients and the Public against imitations of the VICTORIA Preparation of HYPOPHOSPHITES, which are spurious and worthless, and often positively injurious, containing as they do ingredients inserted for creating a false and immediate appetite, to the ultimate injury of the patient. The VICTORIA SYRUP OF HYPOPHOSPHITES is prepared strictly in accordance with the FORMULA and DIRECTIONS of the original discoverer, and is certified as being chemically pure, having been analyzed at the Laboratory of the Toronto University, by Professor Croft, one of the highest authorities in Canada. The genuine has the Queen's Head engraved on the wrapper, and can be obtained from almost any Druggist. Ask for the VICTORIA HYPOPHOSPHITES.

## HAGYARD'S

ROYAL YELLOW OIL.

The composition and manufacture of HAGYARD'S ROYAL YELLOW OIL is the result of a series of years' study and application by a practical and theoretical chemist. Mr. F. C. Hagyard devoted his time and indefatigable energies to it for more than ten years, and finally established a branch of the business, not only extensive, but useful to the world. We are frequently told by druggists and merchants, and gentlemen of discriminating observation and disinterested in the success of the Oil, that Hagyard's

## ROYAL

Yellow Oil was the only Patent Medicine they believed which would live through and triumph over all opposition. The reason is plain. It has merit beyond that of all others in its way, and as it becomes more widely known, it is appreciated by a discerning public.

Every scientific medical man knows that the combined influence of several ingredients, in certain fixed proportions, can produce an effect that cannot be attained by the ingredients separate or in different combinations. So with this compound; the chemical affinities which are brought to co-operate in the union of the various ingredients constituting the Liniment, render it an article of universal potency in its application to the multifarious forms of diseased action, and the fact that the Royal

## YELLOW

Oil has obtained for itself a curative celebrity beyond that of all other Liniments, is attributable measurably to the combined influence of chemical force which exists in its formation. What is said of Hagyard's Royal Yellow

## OIL

By the public and persons disinterested, fully proves that no Liniment ever prepared has so high a reputation wherever it has been used, for the cure of

**Rheumatism, Sprains, Burns, Scalds, Bruises, Corns, Itch, Lamé Back, Rheumatism in the Chest,**

And can be taken internally in many cases, such as

**KIDNEY COMPLAINTS, SORE THROAT, CROUP, ETC.**
