REGULAR MEETING OF SEWER COMMISSION WAS HELD LAST EVENING.

Routine business only was transacted at the regular meeting of the Sewer Commission last evening. In the unavoidable absence of Chairman J. C. Breithaupt, Mr. H. J. Bowman presided over the meeting, and those in attendance were Commissioners C. Braun and Philip Gies and Superintendent Hymmen.

Tenders from different firms for coal and pipe were received. It was decided that the 1 inch main on Dekay street should be connected up, providing Mr. Bierwagen signs a petition for two services. The 1 1/2 inch pipe on Simeon street will be extended for Mr. Assmusen's three houses.

It was decided that a 4 inch main should be laid on Tuerk street from Glasgow street to about 750 feet in an easterly direction, with one hydrant.

An application was received from Steen and Son for the extension of the Frederick street main a short distance into the township. No action was taken on this communication last evening.

The tender of the Lake Erie Canal Coal Company for three-quarter lump (Youghiogheny) coal was accepted, subject to cancellation at any time, should the coal prove unsatisfactory. It was decided to lay a 12 inch main on Hebel Place from St. George street to Wendling's and Mrs. Hynes houses.

MR. ED. LIPPERT CLEANS UP HANDSOMELY ON HIS WESTERN REAL ESTATE.

Eighteen months ago Mr. Ed. Lippert of Berlin bought two lots in the business section of Calgary for \$1,200. Recently he disposed of these lots for \$22,500, making a net profit of \$21,300.

It was during a brief visit to the West that Mr. Lippert purchased the real estate, and on a recent trip he received a tempting offer to sell. As stated above the lots are located in the heart of the city, and their value was greatly enhanced by the fact that the Price-Jones department store is located directly across the street.

The company purchasing the lots is now offering them for sale at \$30,000.

Needless to state Mr. Lippert is more than pleased with the result of his investment. He has great faith in the West, and is the holder of a number of other valuable lots.

AN ELOPEMENT.

This week Hespeler had a real sensation, nothing less than an elopement, which is alleged to have taken place Monday night—the parties to which are a married woman with a family and an unmarried man. The man who could induce a woman to leave her husband and three dear little children of tender age is heartily indeed, but words fail to adequately express the heartlessness of the mother. — Ayr News.

### CORONATION PRICES.

\$85,000 Offered for Use of London House for Three Months.

London, March 12.—It is stated here that wealthy Americans are making high bids for furnished houses in the west and during the coronation days. One Liberal peer is reported to have refused the offer of an American of \$50,000 for his London residence for six weeks. Another American offered \$85,000 for a house in a fashionable street for a period of three months. The offer was declined to accept less than \$100,000. It is reported that John Hays Hammond, special ambassador from the United States, will pay \$10,000 a week for the Burdett-Contts mansion.

DEPUTATION FROM THE TOWN COUNCIL IS LOOKING OVER BERLIN'S MARKET.

Berlin is to-day honored by the visit of five aldermen from the northern town of Collingwood. They are members of the Town Council, and are in search of information regarding the conduct of their market.

"We have the building and other facilities," and one of the deputation, "and we are now looking for pointers as to how to bring farmers to our town and to build up the market."

The deputation consists of Chairman Poehlman of the Progress Committee, Reeve J. H. Finlay, Deputy, Reeve A. W. Thom, chairman of the Board of Works, Ald. T. C. Brown, and Ald. Alberry, chairman of the Wharf and Harbor Committee.

The visitors are making an extended tour. They have already visited Kingston, Port Hope and Belleville, and will also take in Galt, Brantford and other Western Ontario towns.

In Berlin the visitors were taken in charge by Mayor Schmalz, Reeve Dietrich, Ald. Dunke and Market Clerk Mikel. They were conducted through the city hall, and from there to the market.

It might be interesting to state that the first glimpse of the interior of our market building had a somewhat startling effect upon the visitors, and they were not slow to express their opinion.

"Well, we never expected you had anything like this in Berlin," said one of the visitors, "it's a magnificent building."

"I don't think there's another one like it in Ontario," we have not yet seen anything to even compare with this. These were but a few of the complimentary remarks from the visitors.

And they seemed to find it impossible to see enough of the building. They gave it a thorough inspection, took measurements, secured figures, and talked at some length with the local officials.

"It is certainly a grand building," said Chairman Poehlman, "and not only is it a credit to your town, but also to the Dominion."

The visitors were delighted with their visit to Berlin, and did not hesitate to express the opinion that it was the best town in Canada.

"Of course," added Ald. Alberry, "as soon as you become a city Collingwood will be the best town."

The visitors were shown the principal points of interest in town, including an inspection of the Pequebush Clock Works.

Chairman Poehlman speaks German fluently, and he and Mayor Schmalz enjoyed a talk-fest.

REV. OBERLANDER MAKING PROGRESS WITH WORK—RECEIVES ENCOURAGEMENT FROM DOCTORS AND CITIZENS.

Rev. F. E. Oberlander, who is enthusiastically wrapped up in the work of erecting a sanatorium, has submitted to him the rough architect's plans of such an institution. The plans provide for a two-story building 57 x 140. According to them the building will be artistically designed making it a credit to any town. The building would provide ample accommodation for Berlin's tubercular patients. Six rooms, spacious dining room, quarters, recreation room, and nurses and patients are found in the specifications.

The pastor's intention is to erect twelve small buildings along the lines of the one he has already built, together with the larger buildings.

The cost of the erection of the sanatorium has as yet not been considered in detail. Rev. Oberlander is confident however, his present plans will materialize. He has received encouragement from physicians and citizens alike.

Already a number of local citizens learning of his interest in the vital question, have asked his advice on the matter of accommodating certain patients.

Rev. Oberlander is endeavoring to proceed at once with his plans or at the latest in the spring.

BROTHER AGED 96 YEARS.

Mrs. John S. Clemens, who is seriously ill, was favored with a visit to-day from a brother, Mr. Snyder, of Waterloo, who is in his 91st year. Mr. Snyder, who is remarkably active for his years, was accompanied by his daughter, Mrs. Dudley—Hespeler Corr. Galt Reformers of wood land.

## ADDRESS ON RECIPROCITY

In response to an invitation extended by Berlin citizens, Mr. W. F. Cockshutt of Brantford has consented to deliver an address on "Reciprocity," next Friday evening in Victoria Hall, Berlin at 8 p. m.

Mr. Cockshutt is an authority on trade matters and a good speaker. The meeting will be a non-political one. Every citizen who is interested should make it a point to hear this important subject discussed.

Admittance free. Come and bring a friend with you.

MR. AND MRS. D. B. BETZNER HAVE RETURNED FROM THEIR HONEYMOON TOUR.

A reception was tendered Mr. and Mrs. D. B. Betzner on the occasion of their return from their wedding tour, by Mr. and Mrs. Sam. Brantford, who threw open their fine new home to about fifty invited friends from the town.

The feature of the evening was a magnificent banquet served by the host and hostess, after which the evening was spent in conversation, music and games according to the tastes and desires of the gathering.

The evening was thoroughly enjoyed, and was a whole-hearted welcome to the guests of the evening to their new sphere in Berlin.

Mr. and Mrs. Betzner were married at the home of Mrs. Betzner's parents, Rev. and Mrs. Jonas Hess, of Litzitz, Pa., on January 11th last, and have during the interval spent their honeymoon among the orange groves of Florida. Mr. and Mrs. Henry Brubacher, and Mr. Josiah Cressman, and sister, of Berlin were present at the wedding.

The newly married couple, who are receiving hearty congratulations on all hands, will reside at No. 11 Cameron Street. Mr. Betzner is well known as the proprietor of the Berlin Woodmen's business and also as a builder of no mean pretensions, a great deal of his time and means having been given during the past few years towards the building up and improvement of the eastern section of the town. We join in extending our congratulations.

ARMSTRONG—SNIDER.

A very pretty wedding took place at the home of Mr. and Mrs. F. Armstrong, Toronto, on Wednesday evening, March 1st, at 7.30 p. m., when their eldest son, John, was happily married to Miss Nora Snider, daughter of Mr. and Mrs. Isaac Snider, formerly of Berlin, now of Crosshill, Ont. The bride was given away by Mr. J. McGuire, of Toronto, and looked a pretty picture in gown with lace and applique. She wore the bridal veil with lilies of the valley and carried a bouquet of white roses, being assisted by her sister, Miss Bertha Snider, in a gown of pink silk and carried a bouquet of pink roses and looked most charming.

The groom was supported by his brother Mr. Frank Armstrong, the Mendelssohn wedding march was played by Mr. J. Bailey, and the Rev. C. O. Johnson, of the Queen St. Methodist church officiated. After the ceremony about 50 invited guests dined at the home of the bride, where a splendid supper was served.

The wedding dinner, the table and house being elaborately decorated with flowers and palms.

The young couple are highly esteemed by their many friends who were shown by the numerous and costly gifts presented to them.

Mr. and Mrs. Armstrong left on the 11 o'clock train for a trip west and on their return they will spend a few days at the home of the bride, Mr. and Mrs. Snider, Crosshill. On their return they will reside at 67 Ulster Street, Toronto.

LOOKS LIKE BUSINESS.

The display of sugar making apparatus in the windows of the hardware stores would seem to indicate that the sap is about due to run.

HIGH COURT IS OVER.

The High Court Sittings were concluded at the Court House on Wednesday afternoon. In the action of Charles Quickfall vs. the Executors of the Estate of the late Richard M. Quickfall, Justice Latchford reserved judgment.

DIED IN MORDEN, MAN.

Miss M. E. Wanless, sister of Mr. Geo. Wanless of Berlin, died at Morden, Man., on Friday last. She was superintendent of the Morden hospital. Death was due to heart failure.

WITH THE CHICKS.

It begins to look like a competition among the poultrymen for early chicks. From these sources come reports of the hatching of early chicks that exceed anything yet published. Among the bird fanciers who raised fresh hens several weeks ago are Wesley Morris, Mill St., Dr. Heist, and Geo. Moser.

BIG PRICE FOR FARM.

A West Nisour 100-acre farm situated at Wyton, was three years ago purchased by Patrick Fallon for \$7,000. A few days ago he sold it for \$10,000 for \$10,000. The farm is well cultivated, and has on it 10 Duley—Hespeler Corr. Galt Reformers of wood land.

### AMERICANS BUYING LAND.

Will Close Out a Number of Options on Lands Already Secured on April 1.

Tilbury, March 11.—The American land companies who have been operating in this district for some months past will close out a number of their options on April 1 and then proceed at once to the improvement of the lands. A large number of other options are held, which do not expire till a later date.

The agents of both companies are still securing here and are still securing farm properties in considerable numbers.

WERE DEFEATED AT MIDLAND BY ONE GOAL LAST NIGHT BUT WON THE ROUND.

The Round.  
Preston ..... 1st 2nd Total  
Midland ..... 3 6 12

Midland, March 7.—Preston are the intermediate O. J. A. champions for the season of 1910-11. They lost the second game of the home-and-home series with Midland played here to-night by a score of 3 to 6, but won the round by a lead of two goals, having won the first game of the series by a score of 6 to 3.

To-night's game was a brilliant exhibition of hockey. It was fast and furious all the way from start to finish, and a beautiful game for the spectators.

Never before have two more evenly matched teams of stars lined up on the big Midland arena. Close checking, sports of fast combination work outside of the goalkeeping there were not a few individual rushes and dead-end plays.

Midland's forward line worked very hard, and their defence just as hard. Preston's goalkeeper there were not a few outstanding stars. There couldn't be. All the players knew what they were up against, and they played their best game.

The home team skated well, perhaps just a little faster, and with a little more confidence than their opponents, on account of the familiarity with the ice. They shot exceedingly well at all times, and from all corners and angles. Their forwards tried to get away several times with combination, but didn't gain much, as their opponents were checking too close.

ACTION OF BOEHMER ADJOURNED—HIGH COURT DRAWING TO A CLOSE.

The action for damages of Charles Burkett vs. the Berlin Robe and Clothing Co., J. J. Richardson and Walter Barrie was on Tuesday afternoon dismissed after four o'clock dismissal with costs to the plaintiff. Justice Latchford in the High Court Sittings. The court also gave judgment to the defendants for their counter claim of \$358.

Justice Latchford in summing up the case, pronounced the story as told by Burkett as most incredible. It would have been most unreasonable for the firm to deliver goods to Burkett as he had testified. His Lordship practically reversed the judgment of Judge Chisholm in acquitting Burkett and vindicated the Robe Co. for their action against Burkett.

Adjourned to Fall Assizes.

The case of A. O. Boehmer vs. Jos. Zuber, Adam Dengis and Noah Knipfel on action for trespass was adjourned to the Fall Sittings, owing to the pendency of Mr. Zuber's appeal case. The Walper Hotel as is known was sold under mortgage held by Mr. Zuber. Mr. Boehmer took action to have the sale set aside and was successful in securing judgment. Mr. Zuber, however, is appealing the case, and consequently the Boehmer vs. Zuber case will be heard after the appeal case.

Quickfall vs. Quickfall.

But one case remains. There is a non-jury case and is an action by Chas. Quickfall vs. Allen Quickfall & John S. McNally, executors of the Richard M. Quickfall to have set aside a will made by the late Mr. Quickfall in November, 1910, and to establish a will made in October, 1910. By the will of October the three sons Charles, Albert and Allen were given \$5,000 each.

Mr. Kenneth Zieman of Preston, called on Berlin friends on Saturday.

## Was Dealt With In An Address By Mr. Harry B. Gerhardt. At St. Peter's Church.

A large and representative audience greeted Mr. Harry B. Gerhardt, in St. Peter's Church last night. Mr. Gerhardt represents the General Synod of the Lutheran Church, and is visiting the churches of this synod.

The meeting was opened by a splendid choral, rendered by the male chorus, under the direction of Organist Zeigler. Pastor Oberlander read a scripture lesson and offered prayer. The audience sang several hymns including "Ein feste Burg." Luther's famous battle hymn of the reformation. Mr. Gerhardt was introduced as a business man from Baltimore, Maryland, who was sent out by the various Boards of the General Synod, to discuss with the men of the church the general work of the church. He is not restricted to any section as the General Synod covers the greatest part of North America, from the Atlantic to the Pacific and from Hudson's Bay to the Gulf of Mexico.

fifty or seventy-five years ago it was the only synod at work in Canada, and did the pioneer work, especially in Ontario, and eastern provinces, and is still carrying on a general work of progress. As a strong conservative Lutheran body, Mr. Gerhardt illustrated his address by charts representing the progress covering the past forty years, since the General Synod has been doing its work through permanent boards, thoroughly organized to reach all parts of the land.

He showed how the membership increased and likewise showed figures of the contributions in totals and also for the different branches of church work, which was largely new to the Lutheran people of this section.

The Lutheran Church is a home mission Church in North America. Thousands of Lutherans from foreign lands have come yearly to find homes in this country. These people must be looked after by the church, else they will be lost to the kingdom of God altogether, as they are members of the Lutheran Church in the Countries from whence they come it behooves us Lutherans to be disinterested home missionaries in order to save them to the church. This the General Synod has tried to do and great success has crowned the efforts which were not only business like but always with the level of true spirituality.

At the lowest estimate, if the men only would follow the old testament tithe system in giving the General Synod would have thirty millions yearly to expend in the maintenance of the Gospel and its spread at home and abroad. To represent the annual contribution amounts to two millions. The thirty millions would mean fifteen times as much work and results; better churches at home with full treasuries; a decided local benevolent work and also the home and foreign mission work being increased by leaps and bounds.

This is the vision I place before you men of St. Peter's. The General Synod wishes you God speed in taking part in this great work. A small lad sought employment in a New York office, the proprietor asked, have you a motto, yes, said the lad, What is it? The answer was, the same as yours. Why replied the man how do you know my motto? There it is, replied the lad, on the door. "Push." So let this be your motto.

The Church Council through L. Bardon, extended a hearty thanks to Mr. Gerhardt. Mr. Gerhardt is spending the day with St. Peter's, Lutheran Church of New Hamburg. He is accompanied by Candidate Reumann.

HON. ADAM BECK INTRODUCES MEASURE IN THE LEGISLATURE.

Toronto, March 8.—In introducing a bill to amend the Ontario Hydro-Electric Power Commission Act, the Hon. Adam Beck, in the Legislature this afternoon paved the way for the supply of farmers in the power zone. If any farmer or other person in a municipality in which power is not already being delivered wishes to make a contract for the supply of electrical energy, all he has to do is to notify the council which must apply to the commission, giving the reasons for the application and the purpose for which the power is to be used.

It is provided in the bill that any one or more of the ratepayers in a municipality, the corporation of which has not entered into a contract with the commission for a supply of power, may apply to the corporation to obtain a supply of electrical energy for the use of such ratepayer or ratepayers. The council shall thereupon request the commission to supply the power for the purposes mentioned in the application.

Must Supply Estimates.

Upon receiving the request for power the commission must furnish an estimate of the maximum cost per horsepower at which it can be supplied, as well as the cost of constructing transmission lines, together with plans and specifications of the works, machinery and appliances necessary for the transmission, and an estimate of the cost of these. Within a month after the delivery of the statement an estimate the council must call a special meeting to consider them, and with the consent of the applicants, may then make a contract for the supply of power. The by-law for entering into the contract may be passed without having to be submitted to the ratepayers. Additional power users may be taken in to the scheme at any time.

The municipalities are given power to issue debentures for 30 years and to levy a special rate on the tax-

## BLOWS TOM VAN HORNE.

"What have I to say to the subject has no reference to politics nor to any particular interest."

"To my amazement and stress and shame I NOW SEE THE MAGNIFICENT WORK OF A GENERATION TRADED AWAY FOR A VAGUE IDEA OR A CHILDISH SENTIMENT—the splendid commerce and industrial position we have reached and our proud independence bartered for a few join in the protest which is heard from every section of the country."

"To-day we are in an enviable position with a commerce three times as great per capita as that of the U. S. Does not common sense tell us to let well enough alone."

"The termination of the old reciprocity arrangement by the U. S. in 1866 was a heavy blow for Canada. She had no West and she had not in herself a market for her products or a market for the support of any manufacturing concern of any consequence."

Then came, in 1879, our National Policy and factory chimneys began to appear above our tree tops and their number rapidly increased; and then came the C. P. R. opening our up great West, and from that time Canada advanced by leaps and bounds."

"Now, out of a clear sky comes Mr. Fielding plunging like Icarus into darkness and threatening to take us all with him."

"WAS THERE EVER SUCH AN EXHIBITION OF CRAWLING AND CRINGING as Canada's representatives have just now given us at Washington?"

"Aside from the fisheries, of which I do not know enough to speak, I DO NOT BELIEVE THAT THERE IS ANY INDUSTRY ANYWHERE IN CANADA THAT CANNOT FIND A WAY TO BE BETTER OFF WITHOUT RECIPROCITY THAN WITH IT, and with many industries the question is a vital one."

"When Mr. Hill has extended his seven or eight lines of railway into the Canadian Northwest and when American millers have tasted our wheat, and when American manufacturers have got hold of our markets, is it probable that we will be permitted to recede? Not a bit of it. WE ARE MAKING OUR BED TO LIE IN AND DIE IN."

### MR. BORDEN'S RESOLUTION.

That all the words after the word "that" in the proposed motion, be omitted, and the following substituted therefor, "that the reciprocity agreement embodied in the resolutions submitted to this house by the minister of finance on the 26th day of January 1st, 1911, be submitted on the same day by special message of the president of the Congress of the United States of America, which was then in session."

"That the said session has now expired, and congress has failed to approve and carry out said agreement."

"That a considerable length of time must necessarily elapse before the said agreement can be dealt with by congress at a special session."

"That the fiscal changes proposed by the said agreement are of a far-reaching character, and constitute a substantial reversal of the policy which has been approved by the people of Canada."

"That in the opinion of this house the said resolutions should not be proceeded with until the electors shall have had an opportunity of pronouncing upon their merits."

patrons for the payment of the money spent on the line with interest.

Power To Collect.

In case a power user fails to pay the amount necessary to recoup the municipality for building his line, the municipality is given power to enter the amount on a collectors' roll to be collected in the same manner as other taxes.

The trustees of a police village are deemed a municipal corporation and subject to the provisions of the act in case the trustees of a police village wish to take power, the council of the township in which the city is situated shall submit a by-law to the ratepayers of the village, and shall upon request issue debentures and levy and collect a special rate upon the rateable property in the police village.

DEATH OCCURRED ON WEDNESDAY OF MRS. MICHAEL HELM IN HER 89TH YEAR.

The death occurred on Wednesday afternoon at five o'clock at the residence of her son, Louis, 88 Charles street, of Katharine Lambertus, relict of the late Michael Helm.

The deceased lady, who was 79 years and 6 months of age, was born in Bavaria, Germany, and came to Canada when she was but nine years of age, and for the past 37 years had resided in Berlin. Her husband predeceased her twelve years ago.

During her long residence in this town Mrs. Helm made many warm friends, and to those with the news of her death came as a shock and a cause sincere regret.

She was the mother of thirteen children, ten of whom survive. The five sons are Fred, of Hastings, Geo. of Chicago, Jacob, of Galt, Michael, of Stratford and Louis of Berlin. The

PARK BOARD WILL MAKE EVERY EFFORT TO BE IN SHAPE FOR BALL SEASON.

Secretary G. M. DeBus of the Park Board stated this morning that every effort would be made to have the new grand stand in Victoria Park ready for use when the baseball season opened.

The Board will meet at the Park on Thursday afternoon when it is expected the site will be definitely selected, and the details will be discussed at the regular meeting of the Board on Friday evening. It is expected that at this meeting sufficient progress will be made in order to allow the Secretary to lay the proposition before the Council.

With prompt action on the part of all concerned it is expected that work on the new stand will begin before the end of March.

Mr. Arthur Shantz has severed his connection with the Canadian Express Co., at Niagara Falls. He left for his home in Plattsville after a short stay here.
