Mr. G. H. Gooderham,
Dept. of Indian Affairs,
Public Bldg.,
CALGARY, Alta.

Dear Sir:

In connection with our conversations with yourself and Mr. Pugh in connection with the settlement of our accounts and proposed sale to you of various ranch assets, we are pleased to set forth in general terms our suggestions.

Our current account with you shows a credit as of January 2nd of \$3750.00 and accumulated debits on account of purchases of horses, hay, oats and the grazing of cattle of \$4446.35. There is thus an amount of \$696.35 owing us on current account.

Relative to ranch assets we have gone over various details subject to final determination on hog account and have found there are approximately 8100 bushels of oats, 500 bushels of barley, and 75 tons of hay which have been valued to our mutual satisfaction at \$5337.75. The hogs, subject to final weighing are figured at approximately \$5146.40. The remaining ranch assets, including milk cow, team of horses, manure spreader, wagons, beds, stoves, etc., have been settled to our satisfaction at \$870.00. The total thus for ranch assets which we offer, subject to final determination re hogs, is \$11354.15. This figure, added to the amount owing on current account of \$696.35, shows a total of \$12050.50.

We are prepared to settle all accounts and turn over ranch assets indicated above on the basis of indicated values and subject to final determination of market price for the hogs. In addition to this, after our beef steers are shipped, which is planned for March 24th, our Ranch Manager will continue on until April first to give advice to your incoming Manager and we will undertake to grind up some of your grain in order to bridge over the period of change of possession. In connection with the above it is vitally important that we have definite reply no later than Saturday, March 22nd; payment of amount due us must be made no later than May 15th.

We would deeply appreciate your co-operation on this in order that the change in possession will be to our mutual advantage.

Sincerely yours,

Kenneth R. Coppock
