The Library is maintained for the convenience of those of our patrons who prefer to pay for the use of music rather than to purchase it outright.

The music in this Library catalogue is standard, and embraces the works of the best known writers of the world. Symphonies, overtures, classic selections, dance and popular music of the very best class will be found in the following pages.

No attempt will be made, however, to add to the Library the passing musical fads of the hour, for an experience of several years has made it clear to us that to undertake to supply the so-called latest hits each week requires the investment of so much capital as to call for a prohibitory fee for membership.

From time to time additions will be made to this Library along all lines of standard works.

In addition to this Library we shall maintain a Sales Department, where practically everything written can be purchased, and it will be our endeavor to supply music at the very lowest price consistent with perfect cutting.

In order to do justice to all concerned we have found it necessary to establish the following.

LIBRARY RULES:

1. Each subscription entitles city subscribers to the use of 12 rolls of music at a time to be exchanged every two weeks. Out-of-town subscribers are entitled to the use of 24 rolls to be exchanged once a month.
