Steel Tooth Sulky Horse Rake

Will do more work, easier, cleaner and better than
any other. Does not gather dust in the hay. Will
rake over rougher ground. Is light and strong, well
made and nicely finished. The teeth are fine spring
steel, independent of each other, and will yield to
pass obstructions. Took **FIRST PRIZE** at the
Provincial Fair, London, 1869. For testimonials,
&c., send for circular. As our manufacture for 1870
is limited, orders should be sent at once.

SELLS' UNEQUALLED CIDER MILL.

THIS MILL has taken the First
Prize at each Canadian Exhibition
where exhibited. It took a Diploma at
the New York State Fair. Thousands
of these Mills are now in use through-
out Canada and the States and are giving
satisfaction.

You have plenty of apples this year,
and you can make the Mill pay for itself
in one week if you are in a good section
of country for the purpose.

The Mill first cuts and then crushes
the apples perfectly fine, making a sav-
ing of more than one-eighth of the cider
over any other Mill. It never clogs,
owing to its novel discharge, and is
very substantial.

We furnish the Mill and Press com-
plete with two curbs, for \$30; or Double
Mill on the same principle for \$35,
at our Factory. Both are equally well
adapted for hand or other power.

Farmers send in your orders early—
stating your Port or Station, and Post
Office Address. All orders will receive
prompt attention, if sent in early.

nion. Address—

**THE SUBMERGED
DOUBLE-ACTING, NON-FREEZING
FORCE PUMP.**

THE SIMPLEST and most powerful in use. It
is proved to be the Cheapest, most Effective and
Reliable Pump.

It is the Cheapest its first cost being one-third less
than any other Force Pump of the same capacity,
and never gets out of order. It is the most effec-
tual, because it never fails. It is the most durable,
being composed of five simple parts, all of metal,
has no leather packing but a very strong piston.—
It never freezes, since no water remains in the pipe
when not in action. It furnishes the purest and
coldest water, as it is placed in the bottom of the
well, and being galvanised does not impart any
unpleasant taste to the water.

This Pump is most useful in case of Fire, or for
watering Gardens, as it throws the water a great
height. Farmers, mechanics, and others would do
well to have one of these Pumps on their premises.
Price of Pump alone, \$16.00, pipe, hose, &c., &c.,
additional.

On view and for sale at the Agricultural Empo-
rium, London.
