

"MADE IN CANADA"

Ford Touring Car Price \$590

No advance in the price of the "Made in Canada" Ford will be made because of the additional 7½% War Tariff. We as loyal Canadians will gladly absorb whatever increased duty we are forced to pay on such raw materials as cannot be obtained at home. The Ford is manufactured in Canada—not assembled in Canada.

The Ford Runabout is \$540; the Town car \$840; the Coupelet \$850; the Sedan \$1150—all fully equipped, f.o.b. Ford, Ont. Ford buyers will share in our profits if we sell 30,000 cars between August 1, 1914, and August 1, 1915. Write Ford Factory, Ford, Ontario, for catalogue E.

How To Protect Your Crop

On the left is a healthy ear of wheat full and sound—the kind that makes money for you—on the right is an ear, drawn from a photograph, absolutely eaten up with that fungus spore called "smut"—there is no money in that. Some farmers, through no fault of their own, have had all the profit knocked out of their crops by "smut". Something must be done to stop it because it spreads.

CORVUSINE D.G.

is a preparation used with great success in Europe. It has decided advantages over bluestone and chemicals because it is non-poisonous and will not endanger the germination of the seed. In fact, not only is it protection against disease, grubs and birds, but a great assistance to germination, producing a healthy stand. These are facts, established beyond a doubt by tests throughout all grain growing countries and we have striking letters from practical farmers testifying to the efficiency of this seed dressing.

Corvusine is easy to handle and will not clog the drill. Write us for particulars—don't risk your crop, that's foolish policy.

Branches: Ingersoll and Stratford

AGENTS WANTED

Figure what your fence costs you per year

That is the only right way to figure the cost of fence—the only real way to determine value. Judged on that basis the so-called "cheap" fence becomes the dearest you could buy.

For example:—FROST FENCE at a reasonable cost will give you twenty years of service. A "cheap" fence put up at the same time, costs one-fifth less, but doesn't last half as long. Is there any question which fence is the cheapest?

For the man who wants good, true, solid value, FROST Fence is the only logical buy. Have you ever noticed that users of Frost Fence as well as dealers are invariably quite prosperous and up-to-date? Consider this, and also the all-important fact that we make our own wire. This advantage alone is easily sufficient to place

Frost Fence First

Every foot of wire used in FROST FENCE is best full-gauge No. 9 Hard Steel Wire. Then the galvanizing is extra thick and heavy—won't scale off or succumb to the attacks of rust and weather.

There is extra reserve spring in the laterals to meet future contraction or expansion. The lock, which is the crowning feature to FROST Fence, is wrapped around both stays and laterals with a never-yielding grip, ending in a doubly secure tie below.

Write us direct if you can't get FROST FENCE. We may be able to get it for you locally.

Frost Wire Fence Co., Limited, Hamilton, Ont.

The British Government want 1,000 chauffeurs. Let us qualify you either to go to the front or to take the place here of others who have gone—good chauffeurs are scarce. All makes of gasoline motor engines, repairing, etc., thoroughly studied. Our diploma qualifies you for Government chauffeur's licence examination. Write to-day for particulars and free booklet. Classes now starting.
