NARROW PLOW No. 13.

This is a cut of our Light General Purpose Narrow Plow No. 13. It is suitable for either heavy or light land. The mouldboard is of best Pittsburgh Soft Centre Steel, and is of such a shape and so hard a temper that it will clean in very sticky land where very many other plows will not.

See March and other back numbers of ADVOCATE, and write us for a list of our many plows of various styles.

COGENT REASONS WHY

— THE —

CHATHAM

WAGON

Adopted by the Government of the Dominion of Canada as the STANDARD WAGON, should command your preference:

The intrinsic cost and value of it is at least \$10 more than any other wagon made in Canada, and any unprejudiced practical man will tell you so, and the thousands who now have them in use say so, because it is not only made from the best, carefully selected and thoroughly seasoned timber and best of iron, but the **Skins** used, made only by us, are superior to any skins made or used in Canada, and are constructed specially to receive our **Climax Truss Rod**, which doubles the strength of the axle; the boxing of the hubs are **pressed**, not wedged in, a guarantee for a year accompanies each wagon, and notwithstanding this additional cost and superiority, the **Chatham Wagon** can be purchased at no greater price than is charged for inferior wagons. **Bear in mind** it is the running gear that carries the load, and no amount of fancy painting on the box will make an easy running and great carrier of a poorly constructed wagon.

Liberal Terms to Parties buying in Carload Lots. Correspondence solicited

ATTEND THE BEST.

Get the education that pays. The **St. Catharines Business College and Phonographic Institute**, established last January, has met with almost unprecedented success in both departments. The College Rooms are large, beautiful, light, and well furnished, and embrace the entire third story of Ontario Block. The course is eminently practical, and the instruction thorough. The Commercial Law alone is worth more than is charged for the whole course. It employs a larger staff of experienced teachers than will be found in any other Commercial College in Canada. It gives a Diploma in Shorthand as well as for the Business course. Gold and Silver Medals are also given in Shorthand. This College unquestionably stands at the head of Canadian Business Colleges. WIND MILLS

Adapted for Cutting, Pumping and Grinding, and all general power purposes. The late very severe storms have demonstrated the need of a mill practically storm-proof, and the results given by our mill have been entirely satisfactory; not a mill has been damaged without the derrick blowing over or breaking. Untending purchasers bear this in mind and write us for prices.
